SCHMITZ IS GUILTY, VERDICT OF JURORS.

Mayor, Pale as Wax, Hears Their Finding—San Francisco Thrilled By Result—Motion For New Trial.

BY HARRY C. CARR.

SAN FRANCISCO, June 13.—[Exclusive Dispatch.] A buzz of exaltation ran through the audience in the dimly-lighted Jewish cathedral tonight when the Schmitz jury brought in a verdict of guilty. It was like a house of death. Except for a slight demonstration which lasted for the space of two breaths, there was no show of emotion. 'Gene was a dish being reverently served up to the gods.

Half an hour before the verdict actually was read out, the Mayor came up to the courtroom in his red automobile. There had been some mistake. He was there too soon. Schmitz got out on the sidewalk and stared absently at the straggling crowd on the steps; then some one stepped out of the crowd and spoke to him in a low voice and he hastily jumped in the automobile and rode away rapidly.

Next time he waited to be sure it was no false alarm. The cathedral was half filled when he came up the main aisle, forcing himself to imitate the springy, sprightly tread by which he has always been known.

One of his own attorneys, Mr. Fairall, leaned over to speak to him. Whatever he said, Schmitz gathered himself with a great effort and forced himself to turn and look out smiling easily over the crowd.

His face was like wax when the jury came in. The word "guilty" he bore like a stoic, but as the jurors were being polled, he leaned forward, the color flashing into his face and going again in waves as he peered into the face of each juror who answered the roll call.

The second that the verdict was announced came a word breathed, from the back of the cathedral, "good," that was echoed all over San Francisco tonight.

Schmitz has always been hated. One class of society resented his "butting in;" the other class hated him for betraying them.

Ruef has always had more or less sympathy in his rascality, for Abe, whatever else, is a debonair scoundrel.

After the verdict had been entered, the crowd broke and surged around the Mayor, perfectly merciless in their curiosity. They gaped at him and circled around him. The bailiff finally took him courteously into custody and led him away to the Sheriff's office, where arrangements were made to take care of him for the night.

A joyful reception took place at Heney's office, the famous "red house in Franklin street," magazine writers, lawyers, detectives, Burns, Spreckels, Heney and the rest of the prosecution's famous band were there. Burns was the most cool and indifferent one of all.

They certainly have got Schmitz a-guessing

JURY QUICKLY FINDS VERDICT.

"GUILTY" DECISION IN LESS THAN TWO HOURS' TIME.

One Man Dissents on First Ballot Because of Misunderstanding—Says He Would Have Acquitted Schmitz on Any Single Doubtful Point, but Could Find None.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, June 13.—A jury of twelve of his peers has declared Mayor Eugene E. Schmitz guilty of the crime of extortion, as charged against him by the Oliver grand jury.

The jury was out just one hour and thirty-five minutes. They elected Charles E. Capp foreman, and at once proceeded to an informal ballot. This was cast verbally, and stood eleven for conviction, one for acquittal, Juror Burns, a shoemaker, casting the dissenting vote.

Then the twelve men began a discussion of the evidence, which lasted for nearly an hour. At the end of that time the first formal ballot was cast. It was a written ballot, and was unanimous for conviction.

The jurymen issued this statement to the Associated Press immediately after their dismissal by the court:

"In justice to Juror Burns, it should be explained that he did not vote for acquittal because he was dissatisfied with the evidence, or believed there was any doubt of the defendant's guilt. Two forms of verdict were given to the jury, and the consecutive reading of these momentarily confused Mr. Burns. As soon as he understood the matter, he cast his vote with the other eleven, and the verdict was accomplished."

NO SAVING POINT.

Mr. Burns approved this statement as correct. He said: "I'm sorry for him. This is a sad day's work. If there had been one point that I could honestly have said I was in doubt on I would have held out for him a month. But there wasn't one, not one."

At five minutes after 8 o'clock a tapping on the inside of the juryroom door called the attention of a guard. He sent for Elisor Biggy, who was waiting below in a pew of the lightless synagogue.

No one had been able to find the electric switchboard, and the janitor was gone. Biggy stumbled upstairs in the dark and unlocked the juryroom door.

There was a brief whispered colloquy between him and the white-haired foreman. Then Biggy turned the key and made for the nearest telephone, in a room on the floor below.

While he telephoned Judge Dunne at his club, "The jury has agreed," a crowd of newsper men and loiterers, expelled from the building by the elisor at the adjournment of court, was grouped on the pavement outside, peering up at the tower-room, and wondering how many days and nights the Schmitz jury would be out.

On the wings of rumor spread the report "The jury has reached a verdict," and even before Judge Dunne reached the synagogue, hurried thither by automobile, nearly a thousand men had gathered in Bush street and were clamoring at the doors to be let in. They were kept out until the twelve had been brought down and seated. As Judge Dunne entered his chambers by a rear way the crowd surged into the building from the front.

THE MAYOR ARRIVES.

Then there was another wait for five minutes. The Mayor had not arrived. He came puffing up presently in his red touring car, Metson and Fairall and Barrett and Drew accompanying. They pressed down the aisle and quietly took their accustomed seats at that end of the counsel table farthest from the jury.

Clerk McManus stepped to the door of the chambers and announced: "All ready for you, Judge. They're here."

Judge Dunne took the bench at once. The flush in his usually pale cheeks, the unwonted brightness of eye, told of the intense interest he felt but might not express by so much as a word or gesture.

"Let the jury be polled," he said quietly.

"Poll the jury," repeated Bailiff Moore to the clerk.

That official tolled off the names of the twelve.

"All present, your honor," he reported. Then turning and addressing them: "Gentlemen of the jury, have you agreed on a verdict?" he asked.

Foreman Capp, white-haired and seamed of face, rose very slowly in his seat at the far end of the lower tier.

"We have," he said solemnly.

"What is your verdict? Is the defendant guilty or not guilty?" intoned the clerk.

Foreman Capp took a deep, audible breath.

"Guilty," he said, very slowly, and very low. But there was no quaver in his voice.

SCHMITZ MISUNDERSTANDS.

Schmitz sat unmoved with his left hand to his chin. He apparently did not understand and asked Barrett: "What is it?"

"Guilty," said Barrett.

Schmitz's hand dropped to the table, but he showed no other signs of emotion.

The silence was broken in a hundred places at once, like a wave draining from the rocks. A long drawn "Ah," ran through the crowd. Then "good" cried a voice in a far corner. And "good, good" echoes another spectator farther front.

Rudolph Spreckels, whose wealth made possible the whole bribe-graft prosecution, was walking swiftly down the right aisle as the sentence fell from the foreman's lips. He sank into a near seat, as though arrested by some sharp command.

All over the house people jumped up. Some of them turned to the strangers at their elbows and thrust out their hands in the enthusiasm of a long-looked-for moment, and said "Shake."

"Sit down, sit down," cried he bailiff, and banged a cut-glass ink bottle on the counsel table to enforce the command.

Clerk McManus stepped to the jury rail and took from Foreman Capp the unsealed verdict. He returned to his desk, and spread it out and glanced his eyes over it.

IS TRUE VERDICT.

"Gentlemen of the jury," he droned, "listen to the verdict as recorded: 'We, the jury, in the above entitled cause, find the defendant, Eugene E. Schmitz, guilty as charged in the indictment.'

"Is that your verdict? So say you one, so say you all?"

"So say we all," answered back the twelve men, their voices jumbling and jarring on the silence.

Mr. Metson of counsel for the defense spoke: "We ask that the jury be polled," he said. And so one by one the names of the twelve were called, and each was asked: "Is that your verdict?" Each replied: "It is."

"The judgment of the court will be pronounced on Wednesday, June 26," said Judge Dunne.

He turned to the jury: "Gentlemen," he said, "you are discharged from any further consideration of this case, and the court thanks you for the patience you have displayed and for the efficiency you have exhibited in the performance of your sworn duty. You are dismissed."

Foreman Capp rose up again: "Your Honor," he said, "I am instructed by this jury to return its thanks to the court for the courtesy that has been shown, to counsel on both sides for the clear and able manner in which they have presented each their case, and to Elisor Biggy for his consideration and kindness in taking care of the jury during the trial."

Judge Dunne turning and facing the front again, said: "The court will at this time listen to any motion that may suggest itself to the prosecution."

ORDERED IN CUSTODY.

Dist.-Atty. Langdon arose. "We will ask that the usual way be pursued," he said.

"You mean," questioned Judge Dunne "that you desire that the defendant be taken into custody pending the pronouncement of sentence?"

"Yes, Your Honor. We think that should be done," responded the State.

"The Sheriff will take the defendant into custody pending the further order of the court." Saying this, Judge Dunne arose abruptly and quit the bench.

In his chambers a moment later he was asked whether he desired to make any statement of the case. This was his reply:

"Please say for me that the law has taken its course."

It took the bailiff and Elisor Biggy's deputies all of half an hour to drive the crowd out of the synagogue. It wanted to come and press about the counsel table and hang over the shoulders of the lawyers and get one long look into the grayed face of the big bearded Mayor, who sat resolutely with his back to them, and would neither look up nor down.

When asked if he wanted to make any statement, Mayor Schmitz at first said: "No, I have refrained from making statements during the trial, and I have nothing to say now."

MAYOR MAKES STATEMENT.

Later, the Mayor, by the advice of his attorneys, reconsidered his resolution, and dictated the following statement to the Associated Press:

"No matter what the decision of the jury, which was gotten under most adverse circumstances regarding myself, I still maintain and affirm that I am absolutely innocent of the crime charged, and will fight the case to the last resort. As I said before my trial, I did not expect, nor did I receive, fair or even decent treatment at the hands of Judge Dunne, and, realizing his prejudice, I made every effort to have the case tranferred to any other judge in the State. I do not take this as a defeat, and the decision makes me all the more determined to seek and secure justice in another court."

All of Schmitz's counsel were present except ex-Judge Campbell.

The Mayor spoke quietly and without emotion, but his face looked downcast. He sat at the table talking with his counsel, while a few loyal friends came up and shook him by the hand. Many of the city employés, appointees of Schmitz, were present, and they showed the greatest surprise and consternation.

Asst.-Dist.-Atty. Heney, who has borne the brunt of the battle for the prosecution, was not in the courtroom when the verdict was brought in. Even the prosecution did not expect such a quick decision by the jury and they were unprepared for it.

PROSECUTION IS CALM.

There were no signs of jubilation when the result of the trial was known among the forces of the prosecution. They took their victory quietly. Among the crowd were heard expressions of satisfaction that justice had been done, but they were mingled with words of regret that Mayor Schmitz, who had played such a gallant part during the fire and earthquake had succumbed to the influences that had brought about his conviction of felony.

The Mayor will be a prisoner tonight, but will apply for bail pending an appeal when court convenes at 10 o'clock tomorrow morning.

Dist.-Atty. Langdon said:

"The verdict shows that justice has

(Continued on Fourth Page.)

JURY SOON TO PROBE AGAIN.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 13.—[Exclusive Dispatch.] Chairman Oliver of the grand jury has returned from his vacation, and the graft investigation will probably be resumed within a week.

The revelations which are to come will, in all probability, be far more sensational even than those already developed. It is safe to say that the entire State of California will be shaken by the things which men under oath will allege in the grand-jury room.

Among men whose interests cause them to follow the case closely, speculation has been pointed on one subject, the probability of indictments being returned against William F. Herrin. The Southern Pacific machine has been active in more ways than one during the fight which has been carried on thus far.

AOKI IS SNUBBED.

Root Resents Talk About Trifles.

Because Some Bad Boy Broke Pane of Glass Ambassador Complains.

Ruffled Diplomat Leaves Department After Hearing Some Plain Talk.

Tone of Japanese Press Is Glibly Patronizing and Defiant.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 13.—[Exclusive Dispatch.] Viscount Aoki, the Japanese Ambassador, called at the Department of State today, and made a formal complaint because some small boys broke a few panes of glass in a greenhouse belonging to a Japanese in Berkeley, Cal.

Ambassador Aoki was greatly disturbed when he left the office of Secretary Root, and was considerably annoyed when asked about the Japanese situation.

"I have no time to talk," stated the Ambassador, and it was clear that his feelings were much ruffled.

ROOT SPEAKS PLAINLY.

While Secretary Root and the Japanese Ambassador decline to discuss the matter, Mr. Root undoubtedly did some plain talking to Viscount Aoki in regard to the action of the Japanese in attempting to magnify into an international question every trivial case in which a Japanese living in the United States is involved. For some time there has been considerable impatience on the part of the administration on account of the action of the Japanese. The government is irritated by the persistency with which the Japanese Ambassador has pressed unimportant matters to the attention of the Department of State, especially as the United States has taken particular pains to show that there is no hostility against Japan on the part of this government.

One of the questions which has arisen is as to whether the Ambassador is so persistent on his own initiative or whether he is acting under instructions from his government.

AOKI KNOWS CONDITIONS.

Secretary Root has repeatedly explained to the Japanese Ambassador the scheme of the American form of government and the fact that it cannot force State governments to act in the matter of giving protection to Japanese, but in each instance where the foreigners have come into petty collisions with their neighbors, the State authorities are urged by the Federal government to act. In dealing with the Japanese situation in San Francisco, which is just recovering from an earthquake and fire which destroyed the city, and where chaotic conditions exist, it has been explained that there is necessarily more disorder and hoodlumism than in cities where such disasters have not occurred.

While the Federal government is in no way defending the attacks the Japanese have been informed that the utmost patience must be shown.

JAPS SEARCH FOR WAR ISSUE.

WANT THE HAGUE CONFERENCE TO TAKE ACTION.

Proposition to Have Exclusion Question Considered Is Discussed. Leader of Agitators Is Endeavoring to Develop Boycott Against American Goods.

[BY DIRECT WIRE TO THE TIMES.]

TOKIO, June 13.—[Exclusive Dispatch.] The proposal first advanced by Count Itagaki that The Hague conference deal with the question of exclusion of the Japanese by the United States has given rise to considerable discussion in Japan. The idea is approved, but its feasibility is doubted by diplomats, who think it unlikely that instructions to press the matter have been given to the Japanese delegates. However, it is believed they may be later.

Count Okuma and other leaders in the present anti-American agitation say they would rejoice in the issue being precipitated at The Hague, not only for its political effect, but in the belief that it would bring America to a realization of the intensity of Japanese feeling regarding anything smacking of unfriendly discrimination.

While, as has been explained in these dispatches, 90 per cent. of the present agitation is due solely to internal politics, still the outburst has served to emphasize the extreme sensitiveness of the Japanese to everything relating to their standing before the world. America's refusal to naturalize the Japanese is a particularly sore point and it is continually showing itself in discussion. Count Takaiki Kato, parliamentary leader of the Progressives, makes this the center of his grievance against America. Under the leadership of Count Okumas the Hochi continues its anti-American crusade, but the more influential papers are conservative.

The Progressive Committee continues to attack the Hayashi policies, demanding more aggressiveness and a change in the Ambassador at Washington. Conservative party leaders

are worried at the outlook, but they are taking no active part in the agitation, save to criticise the Progressives for playing politics with a grave international situation.

It develops that Yamaoka, the representative of the American-Japanese from California, is an emigration agent, and his disinterestedness is being questioned. Yamaoka is now endeavoring to develop a boycott of American goods. He is making no apparent headway, but in view of the present situation sentiment may develop. The yellow press magnifies every episode to fan the flame of popular feeling. Owing to the agitation but little space is given to the details of Gen. Kuroki's visit and the expected good effect is not apparent.

TREATY RIGHTS ARE DEMANDED.

TOKIO PAPER SAYS DAMAGES WILL NOT SATISFY.

While Decrying Talk of Use of Warships, the Japan Times Declares That Great Principle Is Involved in Attacks Upon Japanese in San Francisco.

[BY DIRECT WIRE TO THE TIMES.]

TOKIO, June 13.—[Exclusive Dispatch.] The Japan Times says editorially that it is conceivable that American and Japanese may differ in their views as to the seriousness of the San Francisco outrages. It asserts that civilized countries in their relations with each other do not send warships to make demonstrations whenever the citizens of one receive ill treatment in another, because they are assured of getting justice, no matter which side is in the wrong, especially in the case of a country like the United States.

"The other civilized powers," continues the paper, "are disposed to sympathize with the Federal government in its dealings with unruly States. Such is the attitude of the Japanese. Nevertheless, they take it for granted that all fair-minded Americans recognize that the condition of affairs and the nature of the crimes committed in San Francisco are matters of international concern, which, if they happened in China or Turkey, would justify a civilized power in making a demonstration.

"We fully understand the value of a spirit of conciliation in international intercourse, and are always ready to exercise it to a reasonable extent. We have always held America in the highest esteem, and have treasured its friendship because of our complete trust in all expectations of its justice, truth and humanity. Anything that tends in the slightest degree to awaken suspicion comes as a most dreadful shock—a shock severe enough to destroy the hope built upon the lofty qualities of the American people.

"Damages secured through civil cases will not satisfy, because that will not alter the principle involved. Neither will they insure the permanent safety of our compatriots in San Francisco nor prevent the recurrence of outrages. We must insist upon our treaty rights."

JAP TIDE RECEDES.

NEW LAW CHECKS INFLUX.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, June 13.—"The passage of the law by Congress restricting the admission of Japanese laborers in the mainland has practically eliminated the immigration of that class of Asiatics," said Commissioner of Immigration North yesterday.

"The arrivals here have dropped to almost nothing at the present time. The arrivals from Japan during last month were ninety-four males and twenty-one females.

"During May about 800 Japanese laborers arrived from Honolulu without passports from the mainland but they were all in transit, and went to British Columbia. The border is being watched to see that they do not come back into the United States over the line.

"These figures do not include the merchants, travelers, students and the other privileged classes. They have a perfect right to come and go under the treaty and rules of the department."

Decries Alarmist Rumors.

LONDON, June 13.—The Japanese Ambassador, Baron Komura, today issued a statement to the press, reciting the facts in respect to the attack upon the Japanese restaurant in San Francisco, May 20, and the negotiations which followed between Washington and Tokio, and concluding as follows: "As you will observe from the statements above, the whole matter is pursuing its normal course and there is absolutely nothing which would in the least justify the alarming rumors emanating from irresponsible sources."

Scoffs at Japanese War.

LONDON, June 13.—"Such a contingency as an outbreak of war between the United States and Japan is regarded by educated Japanese as almost inconceivable," cables the correspondent of the Times at Tokio. "If the Progressives are inclined to stir up agitation for the defense of Japan's treaty rights, it will be aimed solely at discrediting the ministry and in the interests of party politics. The Progressives themselves would take the lead in denouncing such a war if there was any real danger thereof."

"Jiji" Decries Jingoism.

TOKIO, June 14.—The Jiji this morning, in its leading editorial, which is evidently inspired, says that the recent assaults on Japanese in San Francisco were merely incidents growing out of the industrial troubles in that city, and that they do not constitute a cause for diplomatic action. The editorial advises that the authorities be trusted to mete out justice, and it deprecates excitement over the matter.

Aoki Talks With Root.

WASHINGTON, June 13.—The Japanese Ambassador had a long talk with Secretary Root today, but, pursuing the policy which he has recently adopted, Viscount Aoki refused to make any statements as to what had taken place. In fact, he would not even discuss any phase of the trouble, nor would he admit that he had received and laid before Secretary Root a report from San Francisco touching the trifling incident at Berkeley, where a few panes of glass in a greenhouse belonging to a Japanese were said to have been broken by some small boys. During his call, Viscount Aoki handed to Secretary Root for his private information a copy of the treaty recently negotiated between France and Japan.

Purchase Papers Signed.

SAN FRANCISCO, June 13.—Documents closing the deal by which E. H. Harriman, on behalf of the Southern Pacific Company, has bought the Corvallis and Eastern Railroad in Oregon, have been signed. The consideration is said to be $4,000,000. The road is 147 miles long and extends from Yaquina Bay by way of Albany and Detroit to a place called Inchana. It crosses the Southern Pacific's Mt. Shasta route at Albany. This route commands the finest mountain pass to the Coast in Central Oregon, which is said to be the main reason for the Harriman purchase.

MRS. WILLIAM ASTOR,
leader of New York society, who is in danger of death.

FORMER SOCIAL QUEEN IS COURTED BY DEATH.

[BY DIRECT WIRE TO THE TIMES.]

NEWPORT (R. I.) June 13.—[Exclusive Dispatch.] That Mrs. William Astor, former queen of society, has but a short time to live was the opinion expressed today by Col. John Jacob Astor in announcing that his mother would not visit Beechwood, her villa on Bellevue avenue and the Cliffs, this season.

The breakdown was foreshadowed when Mrs. Astor went to Paris at the beginning of last summer. She visited the fashionable shops of the city, buying lavishly beautiful garments, and announcing that she expected to make the social season of last winter the crowning triumph of her career. Most of the gowns she ordered were more suitable for a girl of twenty and they were conspicuous because of their brilliant colors and radiant materials. Upon her arrival in Boston Mrs. Astor became alarmingly ill. During her illness she insisted that she was still at the zenith of her social career. She planned expensive dinners, receptions, grand balls and supper parties, and prepared hundreds of invitations, which were burned by the physicians in attendance.

In order that the patient might take food, it was necessary for the nurses to refuse to allow her to eat. The former head of the Four Hundred, to show the mastery of her affairs, would then order her meals, and, believing that she had gained a victory over the attendants, would partake of food.

She conceived the idea that the table should be fastened to the ceiling, declaring that guests whom she had invited to dinner could not be comfortably seated in any other position. After the table had been adjusted to suit her, Mrs. Astor vainly tried to reach it by climbing a stepladder.

OHIO IS SAVED BY BULKHEADS.

BIG NOME STEAMER STILL ON THE SURFACE.

Captain of Vessel Which Collided With Iceberg Reports That She Is in no Danger of Sinking, Although There Is Large Hole in the Bow.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, June 13.—[Exclusive Dispatch.] A special cablegram from Nome tonight declares the Ohio can be saved. The Umatilla took her passengers to St. Michael. Earlier in the day sensational stories of her sinking were cabled, but tonight news reports and advices to the company deny this.

The collision of the Ohio with the iceberg tore off one plate and stove a big hole in her bow. The steerage passengers were frightened at the collision, and a group of Italians attempted to seize the lifeboats, but they were all driven back with the exception of a few, who managed to get away from the ship in one of the boats, but they were compelled to return. A laborer named Guiseppi had a leg broken. One of the three men drowned was Otto Anderson of Nome. The other white man and the Chinaman lost have not yet been identified.

SLAYER SEEKS ANOTHER TRIAL.

NOW DECLARES HIS CONFESSION WAS INVOLUNTARY.

Young Newspaper Man of Montana Convicted of Murdering Jeweler, and Who Followed His Father's Advice to Tell the Truth, Would Change His Plea.

[BY DIRECT WIRE TO THE TIMES.]

HELENA (Mont.) June 13.—[Exclusive Dispatch.] The Supreme Court today heard arguments in the somewhat noted Charles Sherman murder case from Wheeler county, wherein a new trial is sought. Sherman, a young newspaper man, was convicted of murdering a jeweler named S. Studlwinki, who has a wealthy brother in the same business in California.

The principal ground upon which the new trial was sought was that the confessions of the defendant were involuntarily made and further that the instructions of the lower court to the jury were confined only to the inducements made by the officers to bring out the confession and not applied generally, it appearing from the record that the father of the defendant had urged his son to tell the truth in regard to the matter, as had the Sheriff, the Deputy Sheriff and County Attorney.

He urged that the suggestions relative to the alleged murder rendered the subsequent statements of the defendant inadmissible as evidence. If held admissible it would probably result in the discharge of the prisoner, the circumstantial evidence being insufficient to convict.

According to his confession, Sherman struck the aged man over the head with a bar while he was leaning over his strong-box, and, to prevent the gurgling sound of strangling from his victim, he looped a twine around his neck and strangled him. Later, with the dying man's blood, was written "K. C 17" on two white cards, one of which was pinned on the victim's breast and the other was placed on the stove. The District Attorney made a strong appeal against the granting of a new trial, in which the conviction had been based upon such substantial and incontrovertible evidence. The matter was taken under advisement by the court.

GOLD DUST IS SENT BY MAIL.

NEW PLAN TRIED BY BANK IN ALASKA CITY.

Nearly Half Million Dollars of Yellow Metal, the Largest Amount Ever Sent by Government Carriage, Is Shipped to Financial Institution in Seattle.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, June 13.—[Exclusive Dispatch.] The First National Bank of Fairbanks has shipped by registered mail to Seattle $473,500 in gold dust.

The shipment was made June 4 in 245 packages, valued at $225,000 Six days later shipments valued at $248,500 were made by the same bank. Cable advices were sent to the bank's Seattle attorneys today to watch for the shipment.

This is the largest shipment of gold dust ever made in the north by the United States mails. It is largely an experiment, the Fairbanks Bank believing that the movement of gold dust by mail can be made cheaper than by express. Gold can be shipped by mail at 2 cents per ounce, with $25 insurance on each package, or as fourth-class matter at one cent an ounce. The registry fee is 8 cents. Express rates have risen from ¾ of 1 per cent. to 1-3 of 1 per cent.

MEANS GREAT LOSS.

CHICAGO, June 13.—[Exclusive Dispatch.] Statisticians have been at work figuring up the loss of revenue that will be sustained by railroads from the passage of the 2-cent passenger fare laws by so many States during the last year. The result has been to reveal that the revenues derived from passenger traffic constitute 37.18 per cent. of the total income, and that the losses, through enforced lowering of rates, will be 26 per cent. on business in States where these laws have been passed.

To cut off 26 per cent. of this proportion would, it is claimed, in many cases mean bankruptcy, especially in these times, when the cost of rendering services required is increasing enormously. The wages of railroad employés are advancing and the cost of everything entering into construction, maintenance and operation of roads has advanced materially.

These are among the arguments that will be advanced when the roads appeal to the courts to prevent the statutes being given force and effect.

PRESIDENT WORKS HARD.

OYSTER BAY (N. Y.) June 13.—President Roosevelt spent the first day of his vacation without indulging in any of his favorite occupations for recreation and exercise. Aside from the three hours he was occupied with Secretary Loeb in the disposition of official business, he spent the whole day in arranging the household belongings which were brought from the White House. No visitors were received.

EARTH ROCKS AT KINGSTON.

[BY DIRECT WIRE TO THE TIMES.]

KINGSTON (Jamaica) June 13.—[Exclusive Dispatch.] A severe earthquake occurred here at 1:29 o'clock this morning. The shock caused a panic throughout the city. Many people left their beds and rushed into the streets. No damage was done.

PITH OF NEWS FROM THE MIDDLE WEST:

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 13.—[Exclusive Dispatch.] Rain clouds were dispersed early today, but the mercury remained laggard in Chicago, as was the case throughout the lake district. Maximum temperature was 62 deg., minimum 52 deg. Middle West temperatures:

	Max.	Min.
Alpena	70	44
Bismarck	66	58

TO TAKE CASE OF TOTS.

A School for Training Little Mothers is the very newest thing in child-teaching adopted by the Board of Education. A trained nurse from the Visiting Nurse Association will have charge of the work in domestic hygiene in the Hamline School. The right way to bathe a child, the care of a baby, the administration of "home remedies," the care of the nails and teeth, the making of bandages and general cleanliness of person will be taught. Real live babies will be furnished for the novitiate nurses to practice on.

FAMOUS HORSE DEAD.

[BY DIRECT WIRE TO THE TIMES.]

STEUBENVILLE (Ohio) June 13.—[Exclusive Dispatch.] Florence Nightingale, 2:19 1-4, the Missionary pacing mare, whose winning on the track added $2500 to the Methodist Episcopal Home Mission Board's funds in six years, is dead. Tomorrow, when the body of the mare will be buried, a short burial service will be spoken by a minister of the Gospel. A tombstone inscribed with the tale of her assistance to the missionary cause will be erected over the grave as well, to mark the appreciation of the church for the race track aid.

OVERSTUDY CAUSES INSANITY.

[BY DIRECT WIRE TO THE TIMES.]

KANKAKEE (Ill.) June 13.—[Exclusive Dispatch.] On the eve of the gratification of his greatest ambition, the bestowal of the degree of Master of Arts from Harvard University, William N. Jones, son of wealthy parents of Joliet, Ill., lost his mind through overstudy and was committed to the Illinois Eastern Hospital here today.

TRAGEDY IN TIE CAMP.

[BY DIRECT WIRE TO THE TIMES.]

PADUCAH (Ky.) June 13.—[Exclusive Dispatch.] Will Champion, a tie contractor, shot and killed Lee Tracy, his brother-in-law, and Tracy's sweetheart, Grace Browning, at a camp in Lyon county. A double-barreled shotgun was used. Tracy was cutting ties for Champion, and had left his family and was living with the Browning woman. He was ordered by Champion to get out of camp.

FLAGMAN INHERITS FORTUNE.

[BY DIRECT WIRE TO THE TIMES.]

SOUTH BEND (Ind.) June 13.—[Exclusive Dispatch.] D. A. Carr, flagman for the Vandalia Railroad, has just learned that he is heir to $100,000 through the death of his sister, Mrs. Margaret Meredith, of Troy, O.

CLEMENCEAU HOLDS OFFICIALS TO OATHS.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, June 13.—[Exclusive Dispatch.] Instead of taking up the vital question of the suppression of wine-makers' frauds, the government appears to intend to fight the South with its own weapons. Premier Clemenceau has decided that he is not forced to accept the municipal resignations without the legal delay of a month. So he informed the officials in 127 communes which have withdrawn from all relations with the republic, that they will be responsible for the consequences, that their places will not be filled and that if the taxes are not paid certain very necessary outlays which the state had been in the habit of making for the communes will not be made and thus life will become impossible for the rebels themselves.

This proclamation has not had the slightest effect, for today's telegrams report that ten more communes have joined the movement, while Marcelin Albert has issued orders to close all city halls and lock them up.

"Is this going to be a war between the North and the South?" ask the newspapers of Paris. "Is wine going to cause us to go through the sad experience of the United States? There is every sign of it. These southern malcontents already call themselves Confederates, while the evidence of insubordination among the troops is at least disconcerting."

On the other hand, the partisans of the government take the view that all trouble will cease when, after assuring the wine growers that there will be a crusade against fraud, the government distributes a few hundred thousand francs among the destitute.

Meanwhile the situation is the oddest that has ever occurred in French history. Yesterday sixteen couples applied without success for marriage certificates, Premier Clemenceau having chided a prefect who, on his own authority, had replaced the Mayor of his town the day before and had married two couples. People are being buried without legal permits.

Everything is chaos, yet everything is calm, while a few miles away Marcelin Albert sends out from his little café such orders as, for instance, his latest:

"The prefects must be boycotted or reduced to famine, and remember that we are 600,000 strong and can start for Paris any moment. It is better to give up the ghost on the road than to die here with our hands quietly folded. Satisfaction we will have or on to Paris."

COLLEGE GIRLS MUST SHUN HIM.

HARVARD MAN'S FREE LOVE HOME BANNED.

Castle Where Everybody Obeys Supreme Promptings of "Spirit" Is Forbidden to Pupils by Famous Young Woman's School After One Lady Becomes Convert.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, June 13.—[Exclusive Dispatch.] The wealthy and charming young women of Wellesley College have been forbidden to visit Frederick Reed, Harvard graduate and schoolmate of both President Roosevelt and Gov. Guild, at his "home of spontaneous love," where he says the spirit rules supreme and governs every wish and movement.

But Reed is not worrying at his handsome estate, Overbrook, where he was found today by a reporter, wearing blue jeans and rubber boots, and digging in a brook, while several attractive women were lying about on the soft green grass, each and every one of them answering the impulses "imparted to them by the spirits."

Reed was a teacher in the Boston Latin School, but resigned three years ago to found his "spirit" castle. He is a follower of Jacob Beilhart and has made frequent pilgrimages to the home of this cult at Ingleside, Ill.

"We live as we are prompted," said Reed, "God moves us according to some purpose. If I wake up at 4 o'clock in the morning and the spirit tells me to climb a tree, I climb a tree. If it tells me to dig in a brook, I dig in a brook.

"This affair with Wellesley College came when a lovesick girl came here to follow my teachings. A man came with her. They lived here until the college authorities and her folks made such a fuss that they were married.

"The spirit sent them here, and it was the doing of God. We open our doors to any one. We now have a Harvard professor and several prominent business men who spend half their time here."

EARTHQUAKE SHAKES CHILE.

SANTIAGO (Chile) June 13.—A severe earthquake was experienced today at Valvivia. Several buildings and the railroad bridges there were destroyed and five persons were killed.

PERKINS IS ABSOLVED.

NEW YORK, June 13.—A special grand jury, which is dealing with the insurance cases today returned a finding, dismissing the complaint against George W. Perkins in connection with dealings in the bonds of the International Mercantile Company.

BULL MARKET BREAKS THREE.

Goldfield Failures Are Announced on 'Change.

Consolidated Boom Catches Brokers Short.

San Francisco House Is Reported Tottering.

[BY DIRECT WIRE TO THE TIMES.]

RENO, June 13.—[Exclusive Dispatch.] For the first time in the history of Goldfield a brokerage house has failed to stand up under pressure of a falling market, and the result of the sudden upward tendency in the price of stocks in Goldfield Consolidated three failures were announced in the southern mining camp.

Those who were caught on the short side are W. F. Bond & Co., Gillespie & Co., and Wells, Morton & Co. Another failure will be announced by the clearing-house tomorrow, of those who were among the shorts caught in the rush to cover. The liquidations of principal stocks on which the failures were caught are: Goldfield Consolidated, Combination Fraction and Goldfield Extension. The liquidations of W. F. Bond & Co. are said to be greater than those of the other two failures combined. The announcement in the New York Times yesterday that the Bond and Wingfield interests had been taken over by the Guggenheims is said to have caused the scrambling for shorts to get under cover and the rush of the failures.

The San Francisco house was caught on the brink. Those affected by the failure of W. F. Bond & Co. are John D. Reynolds & Co., Robinson, Scott & Amann, Bond & Co.'s failure probably affected D. Reynolds & Co., Walter S. Kinney. It is said that several houses will rally to the support of W. F. Bond & Co.

COMPANY LOSES ITS OLD HOME.

GROWING OUT OF BIG FIRE IS DECIDED.

[illegible] Boswell of San Francisco [illegible] Opinion That Occupant of Building Destroyed in Disaster Will Compel Owner to Rebuild or Find Tenant.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, June 13.—Judge [illegible] established an important legal point today concerning the [illegible] of leasehold rights [illegible] by the fire. He held that the [illegible] Paris Dry Goods Company [illegible] here the Spring Valley Company [illegible] restore its building on Geary [illegible] Grant avenue so that the [illegible] may be housed therein.

The goods firm sought an injunction [illegible] prevent the building from being [illegible] and except for their purpose [illegible] asked the court to quiet [illegible] title to the property. [illegible] maintained that in April, [illegible] entered into contract with the [illegible] company to erect a six-story [illegible] fireproof building, on [illegible] executed a twenty-year lease [illegible] payable in monthly installments [illegible] On June 21, 1906, the Spring [illegible] Company sold the property to [illegible] Square Improvement Company [illegible] $50,000. The purchaser is [illegible] the property into an office [illegible] store, and the plaintiff [illegible] work stopped, and the [illegible] holds fulfilled.

Boswell sustained the demurrer [illegible] by the defendant on the [illegible] that the property had been [illegible] destroyed from the point [illegible] of equity. He declared that [illegible] of equity could enforce the [illegible] and that the case would come [illegible] contract that a court of equity [illegible] upheld.

MOTHER SEEKS STOLEN CHILD.

WILD RIDE IN AUTO IN PURSUIT OF HUSBAND.

[illegible] Ride, After First Family Row, [illegible] His Two-Year-Old Son, [illegible] to Sacramento and There [illegible] His Wife, Who Had Soon [illegible].

[BY DIRECT WIRE TO THE TIMES.]

RENO, June 13.—[Exclusive Dispatch.] As a sequel to his first family [illegible] Mr. Morris, for some time connected with the Golden Grill in Reno, kidnaped his 2-year-old boy, [illegible] and dash to Verdi by automobile from there took the train to [illegible]. His wife soon missed the [illegible], hired a machine, followed [illegible] Verdi, but he had gone. She was unable to find out where he [illegible] Sacramento.

The [illegible]97 incident in the Morris [illegible] occurred yesterday morning [illegible] apparently smoothed over. [illegible] Morris asked his wife to [illegible] an auto ride and he cautioned [illegible] to dress herself and baby [illegible] it was quite cold. He took [illegible] and said he would go after the [illegible] that was the last seen of [illegible] until he learned that her husband [illegible] a hurried departure [illegible] car with the baby, a suit [illegible] clothes and a bottle of [illegible] followed in pursuit, but [illegible] overtake the runaway [illegible] home. She is now in Reno, [illegible] with grief. Mrs. Morris [illegible] Francisco girl.

[illegible] CROP FAILS.

IN CARSON HATCHERY.

[BY DIRECT WIRE TO THE TIMES.]

RENO, June 13.—[Exclusive Dispatch.] Two hundred thousand fish in the hatcheries at Carson have been killed by negligence of the water commissioners in turning off the supply. Fish Commissioner [illegible], whose property the fish were located, [illegible] for three months, [illegible] were killed almost [illegible] the streams of [illegible] interests will [illegible] that [illegible] will probably be [illegible] the state hatchery will [illegible] in March, where a com-

RAILROAD RECORD.

BURLINGTON TO GET LINE.

Hill Roads Plan Disposal of Northern Pacific.

Release of Equity Next on the Programme.

Will Give Up Railway to Suit Public Opinion.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 13.—[Exclusive Dispatch.] The sale of the equity of the Northern Pacific in the Chicago, Burlington and Quincy Railroad, will probably be the next big project undertaken by the Hill roads. Well informed circles believe there is a determination on the part of the leading Hill interests to release the equity of the Northern Pacific in the Burlington and to turn the entire property over to the Great Northern, the Northern Pacific to receive in the neighborhood of $35,000,000 for its equity in the Burlington property.

The matter has been on the tapis for at least two years, but for one reason or another has been deferred from time to time. It looked last fall as though the matter would be closed and a cash dividend of $22 per share in Northern Pacific stock was expected.

The determination to see the matter through is understood to be owing to several reasons, principal among which is tre prevailing propensity for investigating the relationship existing between the various railroads and particularly the rumors that the relationship existing between the three Hill roads would be probed.

Dominant interests in these properties believe that the present ownership of the Burlington by the Great Northern and Northern Pacific is in strict conformity to the law, but they feel everybody will not be satisfied until either the Northern Pacific or the Great Northern takes the property and that as long as it is practically determined that it shall go to the Great Northern the sooner this is done the better.

SLOPE BRIEFS.

Lightning Strikes Hotel.

REDDING, June 13.—Lightning this morning struck and shattered the cupola of the Western Hotel at West Redding. Another bolt followed, going through the parlor, demolishing it partly. Shortly before this the rear of R. M. Saeltzer's residence and a corner of the Courthouse were struck. The Western Hotel was damaged to the extent of about $300. A heavy storm, with terrific hail, prevailed.

Land Case Decided.

SAN FRANCISCO, June 13.—Practically every point affecting the constitutionality of the McEnerney Act, for the restoration of land titles, has been sustained by the Supreme Court. In an elaborate decision, written by Justice Shaw and concurred in by Justices Angellotti, Sloss, Lorrigan, McFarland and Henshaw, it was held today that in the matter of making affidavit to the ownership of the land, it was sufficient if the person so doing followed the letter of the statute. If his claim was not contested, it was obligatory on the Superior Court to give the applicant a certificate of title, which would be regarded as final. The act was introduced at a special session of the Legislature and its primary object was to restore the titles for preservation to take the place of those which were destroyed by the big fire.

Collins Continues Fight.

SAN FRANCISCO, June 13.—George D. Collins has been allowed a writ of error to enable him to carry his case on habeas corpus proceedings to the Supreme Court of the United States. It was expected by Collins that, if the writ was granted, he would have the privilege of giving bail, if able to do so, and he would then be at liberty pending the final disposition of the case by the highest tribunal in the land. In this he was disappointed. It was held in the order granting the writ that the power to admit the petitioner to bail rests solely with the trial judge before whom the applicant was convicted.

Water Scheme Is Revived.

SAN FRANCISCO, June 13.—The project of bringing water into this city from the Hetch Hetchy by a municipally-owned and operated system has been brought into renewed attention by the announcement that Secretary Garfield will hold a hearing in this city next month on the question of a grant by the departments of rights and lands in the Hetch Hetchy Valley and in the Yosemite National Park.

Two Northern Firms Fail.

SAN FRANCISCO, June 13.—Two large-sized schedules in insolvency were filed today in the United States District Court—that of the Golden Gate Cracker Company of Oakland for $106,-298, and that of the Munroe Furniture Company of this city for $11,660.

Rain Record Is Broken.

SAN FRANCISCO, June 13.—There was quite a heavy rain in this city and vicinity this morning. The rainfall here for June now exceeds that of any year since 1884, when from June 10 to 13, a fall of 2.57 inches was recorded. The total rainfall for this month is 1.25 inches, and for the last twenty-four hours, .71 inch. The prospects are for clearing weather, says Forecaster McAdie of the local Weather Bureau, despite the fact that light showers continue to fall here and about the bay. In the Sacramento Valley a light rain fell this morning, and the prospects are for continued showers with clearing weather tomorrow. There also was quite a downpour at San José.

WEDS HERO'S WIDOW.

State Treasurer of New York Is Married to Relict of Marine on Battleship Maine.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 13.—[Exclusive Dispatch.] Despite crafty attempts at concealment, the identity of the wife whom State Treasurer Julius Hauser took unto himself in Brooklyn last night, has been discovered.

She is the widow of "Bill" Anthony, the marine, who, after the explosion under the battleship Maine in Havana harbor, made his way to the quarters of Capt. Sigsbee, saluted and said, as coolly as though reporting the sighting of another vessel: "Sir, I have the honor to report that the ship has been blown up and is sinking."

Anthony committed suicide in Central Park eight years ago.

Treasurer Hauser and Mrs. Anthony were married at the residence of Mrs. Ellen M. Bater, Brooklyn, by Rev. John H. Prescott, rector of St. Ann's Episcopal Church, Sayville, L. I. The ceremony was attended by a few intimate friends, including Joseph Zelicke, a brother of Mr. Hauser's first wife, who died eighteen months ago; Paul Groh and Mr. and Mrs. Alpha Sykes. "Bill" Anthony was one of the heroes of the Spanish War.

SHE PREFERS CONVENT.

Chicago Woman Who Has Been Many Times Deserted Tired of Married Life.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 13.—[Exclusive Dispatch.] Ten times deserted and once deserter. That is the remarkable domestic record of Chicago's most frequently deserted wife, Mrs. Norman P. Cummings.

According to a statement she made today, concerning her domestic life with her second husband, Norman P. Cummings, the millionaire real estate dealer, she has been deserted more times in two years than any other woman in Chicago.

Her last step is to seek separate maintenance from her wealthy husband and the opportunity to retire into seclusion with her only child. She wishes to get away from it all. She wants to return to a convent with her child. She has lived in society's whirl, tasted its sweets and bitterness, and now she wants to wipe the slate clean.

Twenty-four hours after she obtained a divorce from G. P. Jochem, she says she was married to Cummings. It was a rapid-fire divorce and marriage, and she declares her life since then has been one long, continuous performance of separation and reconciliation.

ORCHARD CONFOUNDS RICHARDSON TO LAST.

Under Final Assault He Weeps but It Is When Unrelenting Tormentor Plagues Him About His Conversion and the Holy Bible.

[BY THE ASSOCIATED PRESS—P.M.]

BOISE (Idaho) June 13.—The men who are battling to save the life of William D. Haywood, and the good name of the Western Federation of Miners, made their greatest assault upon Harry Orchard today when, carrying the review by cross-examination of his life of crime down to his confession, they bitterly assailed his guiding motives. Six days they spent in stripping him before the jury of every shred of morality of character, and then suddenly turning upon him in final fierce attack, they fought with every means known to the legal craft to convince the jury that Orchard was committing a crime in falsely swearing away the lives of innocent men in the hope of saving his own. They carried their attack to the very language with which witness answered their questions, and everywhere they alleged by forceful implication that it was put into his mouth by men controlling him.

The series of quickly-delivered attacks gave to the trial, amid scenes centering around the witness chair in Judge Wood's court, a depth of dramatic intensity, a compelling human interest, that gripped and held every man and woman who watched and listened.

Orchard failed when they recited to him the tale of King David and Uriah that Detective McPharland related to him when he came seeking a confession. He fought to save himself, but the tears filled his eyes and he rocked unevenly, like a fainting woman. His voice lowered to huskiness and he hid his face in a handkerchief. Then he steadied himself, and went on strongly to the end. He defended his motives by saying that he had finally found true conversion and in penitence had resolved to make all possible reparation by freely confessing all. McPharland had told him that he was doing a great service for the State and that States were kind to men who served them; there was no other promise.

BIBLE CONVERTED HIM.

"You knew that if you confessed to the Steunenberg murder the State would put you out of the way?" hammered Attorney Richardson.

"Yes, sir."

"And would do it quickly?"

"I believed they would put me out of the way."

"But somewhere along the line the thought came to you that you could get out of it by laying it onto somebody else?"

"No, sir, that was not the thought at all."

And here it was that Orchard gave a remarkable explanation of the motives that impelled him to confess. His voice fell to a low tone, but there was no other show of emotion. Complete silence gave every word to the entire room. The whizz of an electric fan overhead was the sole accompaniment of the recitation.

"I thought," he said, "of putting myself out of the way, but I thought over my past life. I did not believe in a hereafter at all, but I was afraid to die, and I thought at times that I had been such an unnatural monster—my crimes had been so great that I would not be forgiven."

"Who told you that?"

"No one."

"Who wrote that out for you?"

"No one, but after I had been sent a Bible and had read it some, I came to the conclusion that I would be forgiven if I made a confession of everything. I began to think that the grave did not end everything, and I made up my mind to tell the truth about the whole thing."

"So you thought you would make your peace with the future by having somebody else hung, did you?" asked Mr. Richardson.

"No, sir. I think any man can make his peace with the future if he wants to. I believed it was my duty to tell the truth. I did not see any other way, regardless of the consequences of myself or anybody else, I owed it to society, I owed it to God and to myself."

The defense suggested that if Orchard did not get the reference to his duties to society, God and himself directly from McPharland or any other person, it was suggested to him by the oath he took when he joined the Western Federation of Miners. They read him the oath from the ritual, but when they did he expressed the belief that the language had been given to him by the Almighty.

For hours the defense hammered away on the motive of saving his own life. They sought to show it in the force of example drawn from the immunity of the informers in the Mollie Maguires cases, but this the witness would not admit. Next they sought for a reason for Orchard's attempt to bring Steve Adams over to the State, and then the subsequent meetings with McParland and Gov. Gooding. Again they emphasized the fact that the witness had twice written his testimony out, but Orchard repelled the suggestion that it had been changed by McParland, Attorney Hawley, or anybody else. After that it was suggested that Orchard had placed his future in the keeping of McParland; that the Pinkertons had sent money to his family in Canada; that he had been supplied with dates to strengthen his story, and that McParland had trained him as a stage manager would for his appearance on the stand, but all of these Orchard denied.

ENDS LONG ORDEAL.

Then they tried to show him a pampered, petted, hero-like prisoner, fed from the table of the warden, addressed as "Harry" by Gov. Gooding and Warden Whitney, given freedom and liberty that no other prisoner ever had in the world and all this consideration implying directly that he would never be hanged for the killing of Steunenberg. Then came a showing as to how the prisoner had been dressed and groomed for the trial and lastly for climax they showed Orchard pleading for and saving the life of Bob Wetter, condemned to death for murder. Orchard admitted that he had appealed to Gov. Gooding about Wetter and that later Gooding first reprieved Wetter and then commuted his sentence of death to one of life imprisonment.

Orchard left the stand at 2:30 o'clock after having occupied it for a total of thirty-two and one-half hours. Just before he was excused and remanded he went back to the hands of the prosecution and identified the casing of the bomb he planted at the gate of Judge Goddard's house in Denver. Orchard is to return to the witness chair later because the defense must lay the formal lines for impeaching him and the State must still have its redirect examination.

When Orchard left the stand, the State began the corroboration of the Bradley poisoning story. Mrs. Sadie Swan, who as Miss Sadie Bell, was a maid in the Bradley home; Oliver Crook, the milkman who sold the milk that was poisoned, and P. L. McCreary, the chemist who analyzed the poisoned milk, carried the revolting tale from the discovery, because of its bitterness, that the milk was poisoned through to the analysis that showed from forty to sixty grains of strychnine in a quart of it.

ORCHARD WEEPS, BUT TELLS FACTS.

[BY THE ASSOCIATED PRESS—P.M.]

BOISE (Idaho) June 13.—After withstanding with marvelous strength of nerve and muscle a week's examination that was one prolonged confession of crime, Harry Orchard today broke down, and for a few moments wept like a child. His unnerving came with the story of his conversion and confession and the mention of King David, murderer, the biblical figure which is supposed to be Orchard's later guide.

Orchard just before the noon adjournment in low and shaken tones told of his conversion. How, when in the penitentiary, he thought over his past life he thought of putting himself out of the way, and that he ought to make a clean breast of it all. He said he had come to feel that the grave did not end it all. The story was told to a hushed courtroom, the silence only broken by the drone of Orchard's voice.

Orchard also testified that he was a Mason when he lived in Canada, and a member of the Colborn Lodge.

In opening the defense announced that this would be the last day of its cross-examination of Harry Orchard. Attorney Richardson, counsel for William Haywood, turned suddenly on the witness and said:

"Have you had your usual talk with Mr. McParland this morning?"

"I saw him for five minutes in Mr. Hawley's office."

Orchard declared that the Haywood case had been discussed but casually.

As Orchard said he had written to Moyer from Wallace, Idaho, asking for some men. Orchard had gone to Wallace after the first proposed attempt on Gov. Steuenberg. Richardson asked further about the Moyer letter today, wanting to know if Orchard ever received an answer to it.

The witness said he had received no direct answer but as the result of the letter Jack Simpkins gave him $100, which he said Haywood had sent to him. Orchard only had Simpkins's word as to where the money came from.

Leaving Wallace en route back to Caldwell to assassinate Steunenberg, Orchard said he and Jack Simpkins first went on a week's hunting trip in the St. Joe River country of Idaho. They traversed the trail on which it is said Steve Adams had killed Fred Tyler, the man for whose murder Adams has once been tried, the jury failing to agree.

The return trip to Caldwell was made by way of Spokane. Simpkins said that as an excuse for going along he would say he was visiting locals of the federation association. This would also enable him to draw expense money from the union. Orchard said there was no arrangement at headquarters whereby Simpkins should help on the Steunenberg plot. On this second trip to Caldwell Orchard said he and Simpkins were there for about three weeks. The witness made several trips to Nampa, and Simpkins went to Bailey, where there was a federation local.

Orchard fixed the date of his second Caldwell visit as some time in November, 1905.

"Well, if you and Simpkins went to Caldwell in November to kill Steunenberg, why didn't you do it?" demanded Attorney Richardson.

"We did make an attempt to, but it wasn't successful."

Simpkins then went back to Wallace, saying it wouldn't be good for either himself or Orchard if they were caught in company.

"Simpkins had agreed to come," Orchard continued, "but he began to get scared after we were on the ground."

"Now as a matter of fact," asked Richardson, "was Simpkins with you any longer than it required him to visit the federation locals at Bailey and Silver City?"

"He was with me in Caldwell about a week."

"All at once?"

"No, he was there twice. Simpkins started for home about December 1, 1905," and Orchard said he had not seen him from that day to this. While in Caldwell Simpkins helped him manufacture a bomb.

"Was that the bomb which killed Steunenberg?"

"It was the same powder. I later changed the case from wood to tin."

Orchard denied that he had ever tried to sell what he claimed was a non-freezable explosive.

PEABODY TAKES ORCHARD'S HAND.

[BY THE ASSOCIATED PRESS—A.M.]

BOISE, June 13.—Former Gov. Peabody and Harry Orchard met face to face in the office of J. P. Hawley a few minutes after the recess was taken at noon. Orchard while plainly nervous from the strain of the morning's examination, had recovered his equanimity and was speaking to one of the men who had accompanied him from the Courthouse when the Governor entered. Orchard recognized him at once. His face changed and as Mr. Peabody approached the man who had hunted for him a year, seeking opportunity to kill him, Orchard's face changed. He shrank back and trembled. The former Governor smiling held out his hand, saying:

"How are you, Orchard?"

Orchard broke down completely. He said:

"I am ashamed to look at you, sir; I am ashamed to speak to you."

The Governor reassured him in a few words, and Orchard replied:

"I am thankful that I didn't kill you, and am spared the thought of that crime."

SCHMITZ IS GUILTY.

(Continued from First Page.)

been done. It shows that no man, no matter how proud or arrogant or how high his position may be, is not above the law.

"It vindicates the campaign instituted some eight months ago to clean up civic affairs in this city.

"Through these many months by a considerable portion of the community the prosecution has been maligned, its motives impugned and it has been characterized as a persecution instead of a prosecution. Twelve men of his own choosing have declared him to be guilty. This sweeps aside all criticisms heretofore made against the prosecution. This verdict means more than the conviction of Schmitz. It means that those who have made possible his treason in office will meet the same fate. It means that the mighty princes of finance who have defied the laws of State and city will surely be convicted. It means that confidence will again be restored in the city; that law and order are demanded by our citizenship and that a new era of civic decency has set in. We shall not stop until the whole situation has been cleared up. Again may we repeat the statement made at the inauguration of this campaign: No innocent man need fear the law; no guilty man may hope to escape it."

Attorney J. J. Barrett, of the defense, said: "Nobody knows better than the prosecution that this verdict is not worth the paper it is written on. It represents in every particular a disregard for law and justice about which we have complained in unmistakable terms at every stage of the trial. We promise to exhibit a record of errors and misconduct without a parallel in the ...story of criminal litigation in California."

Character In Tailoring

Gordan tailoring possesses that indefinable something, which appeals to the good dresser, and which commands attention and admiration.

You will have this (character) in your clothes if you entrust your tailoring to me.

Suits $35, $40, $45.

CAMPBELL AND HENEY PLEAD

DEFENSE AND PROSECUTION WAGE WAR OF WORDS.

Rival Attorneys Match Wits in Efforts to Influence Schmitz Jury. Mayor's Lawyer Argues That Guilt, to Full Letter of Indictment Was Not Proven.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, June 13.—Former Judge J. C. Campbell began the closing address to the jury, on behalf of the defense, in the Schmitz extortion trial at 10:05 o'clock.

A crowd almost as large as yesterday's was in attendance at the Bush-street synagogue when Judge Dunne ascended the bench at 10 o'clock and Bailiff Moore opened court.

In Mr. Campbell's opening sentences it was made apparent that he would ask for acquittal on the plea that the State had failed to prove the guilt of the Mayor strictly within the phrase, ological confines of the indictment charging that Schmitz extorted money from the French restaurants "willfully, unlawfully, corruptly, knowingly and feloniously, by the wrongful use of fear, induced by means of threats to do an unlawful injury to the property of" the French restaurant men.

Mr. Campbell cited incident after incident from the testimony of former Police Commissioner Reagan to show that that official was not in any of his acts controlled by the Mayor; that the holding up of the Frenchmen's license was the suggestion of Reagan to the Mayor, not of the Mayor to Reagan.

"Reagan," he declared, "who the State tells you was coerced and controlled by this defendant, himself confessed to you on the stand that twice after the Mayor told him the French restaurants were bad places and should be closed up, he voted for the renewal of their licenses—twice, gentlemen, twice. And they tell you he was controlled by the Mayor.

"Why, Reagan tells you himself he investigated them and found nothing wrong, and so returned and told the Mayor. And when proof positive of immorality was presented to the police board, he promptly and consistently voted to revoke those licenses; for had he not, by his own admission, told the representatives of the labor union: 'You bring me evidence that any resort in San Francisco is sending out for immoral women, and I will do all in my power to take away its license.' This man controlled by the Mayor?"

One of Mr. Campbell's most strongly-urged arguments was this:

"If these French restaurants were immoral places they had no right under the law to exist, and having no right under the law to exist, there could be no threat to do them an unlawful injury, and if, as the impassioned prosecution would have us believe, Reagan was the agent of the Mayor, there was then no threat made nor implied which would in any way, shape, manner or form be a violation of the law, a violation of this defendant's duty to himself, his city or you."

Mr. Campbell contended that the action against the French restaurants was not a Mayor-made attempt to hold them up, but a crusade against the immorality attending the conduct of their upstairs business; that no legal rights were attacked, that when the Mayor said to Reagan: "If these places are doing an immoral business you ought to shut them up," he merely expressed a sentiment and a desire wholly creditable, and in keeping with his duty.

THE ACCUSATION.

Adverting to the limited scope of the testimony given by the Mayor in his direct examination Mr. Campbell again called up before the jury the precise charge made in the indictment and reminded them that it was not incumbent on the Mayor to answer any charge except that.

"This defendant went upon the stand," he said, "and met the case presented by the people and told you just exactly what occurred at the conversations with Reagan—and Reagan's own acts bear out that testimony. To Malfanti of Delmonico's restaurant this defendant said—and all witnesses are agreed as to that: 'I enjoy eating in your places. I have nothing against them. I will do what I can for you.' Then a couple of days later we hear him say to the prosecution's witness, Reagan: 'Tom, it would be a bad political move to close these places up.'

"Not only the French restaurant men had been to the Mayor with protestations, but all their influential friends and acquaintances had been to see him and to protest against the closing up of these same French restaurants. And Eugene E. Schmitz was a politician. He was Mayor.

"So we hear him say again to Reagan: 'Tom, I wish you wouldn't vote against those licenses. Let them have their licenses, but permit no immorality. See that they comply with the law.' Is there anything sinister in that? Is there anything crooked in that? Is there any reason to believe it was anything more than politics?"

Mr. Campbell's argument gathered force and fire and eloquence as it unfolded. His arraignment of Ruef and his denunciation of the methods pursued by the prosecution prior and subsequent to Ruef's turning State's evidence were merciless and dramatic in the extreme. Reviewing that part of Ruef's testimony in which he said the prosecution had not specifically promised him immunity, Mr. Campbell cried:

"The same old story, gentlemen. Put into the mouth of every reformer and prosecutor who can win a witness to turn State's evidence in every court in Christendom—'they told me if I would tell the truth they would do what they could for me'—and who told him that? William J. Burns. Who in the name of God Almighty is William J. Burns to bargain for evidence and dispense immunity to the guilty? By whose authority, I pray you, does he say to this man, 'You go upon the stand and testify against Eugene E. Schmitz, and you shall go free?' By the authority of Francis J. Heney and William Langdon?

AS TO IMMUNITY.

"Gentlemen, if they think the law empowers them to grant immunity to one man for swearing away the life of another, they are grievously mistaken, for the law dose no such thing. The graveyards on many green hills are filled with the bleaching bones of defendants, who fell prey to the perjured testimony of State's witnesses.

"Abraham Ruef said he paid half of this restaurant money to Eugene Schmitz, and that was false. False as hell, and you know it. That, gentlemen, is what caused William J. Burns to sit up with Abraham Ruef until 2 o'clock in the morning—to wring from his poor, pitiful soul this crooked piece of testimony by threat of the black shadow of a hundred years in the penitentiary hanging over him. Do you believe him?

"Long before, and many times before, and he admitted it to you on the stand, Abraham Ruef declared he had never given Eugene E. Schmitz a dollar. When shall you believe him? Time after time he said that before he fell into the clutches of these minions of the law who are sworn to see that no innocent man is convicted, but whose chief concern it is that no man shall escape whom they have selected as the object of their suspicions.

"When shall you believe Abraham Ruef? When they put him on the stand, and we made him confess that long ago and time after time and until he fell into the clutches of this prosecution he had declared abroad and aloud the innocence of Eugene E. Schmitz, what did he do? With the help of these public and private prosecutors he sought that flimsy shelter that every perjurer since Cain, the subterfuge of every liar since the days of Munchausen: 'Were you under oath when you said that?' 'No.'

"Under oath! If a man is a willful and vicious falsifier what cares he for an oath?

"Abraham Ruef is a man who faced the court and said: 'I will change my plea to guilty, but I am not guilty.' And it is on the testimony of Abe Ruef, gentlemen, on the testimony of such a man, of a character like that, under such conditions as I have shown you to here obtain, you are asked to convict a fellow-man, deprive a citizen of his liberty, disgrace him and his family forever—ask to write yourself down in the prison books of a sovereign State as convinced beyond a reasonable doubt of the guilt of one of your fellow-men."

After reproducing and reviewing the testimony of the French restaurant keepers' contract with Abraham Ruef, Mr. Campbell said:

"Gentlemen, I now leave Abraham Ruef to the God who made him and to you who must judge between his oaths. May you weigh them for what they are worth."

Mr. Campbell concluded a few minutes before 12 o'clock. Adjournment was taken until 2:30 p. m.

The last half-day of the trial held the record for attendance. When the big double doors of the synagogue were thrown open at 2 o'clock by a bluff sergeant of police, there was a rush up the steps and into the auditorium that fairly shook the building. No "flying wedge" of football fame ever charged more determinedly than the van of the impatient thousand that came tearing down the dim, carpeted aisles. On the dead run they came, with a roar of footfalls and enveloped in a cloud of dust of their own raising. They leaped the backs of pews and threw themselves headlong into seats, saving by their violence some valuable fractions of time.

By 2:15 o'clock there was not ten square feet of standing room on the main floor or in the galleries; men of more than local prominence were cheerfully pleading with bailiffs and policemen for permission to sit in some near-the-jury spot, a chair dug up from some hidden corner of the building, and out in Bush street a crowd of disappointed men and women was wedged about the synagogue steps and half-way across the street.

HENEY'S SPEECH.

The great climax of the bribery-graft prosecution—the first speech of Francis J. Heney to a bribery-graft jury in California—was the magnet that drew them all.

Heney commenced by saying: "Gentlemen of the jury, I congratulate you on the fact that our labors are nearly over. When we commenced this case, I said all we wanted was a square deal, hewing right to the line. There is one attorney on the other side who tries his case like a fair lawyer. I mean Mr. Campbell. It is a pleasure to meet an attorney who shuffles the cards fairly and does not deal from the bottom; who does not slip the card from a box that has been fixed.

"But the defense has two kinds of attorneys. One of them said I was sitting in the lap of Mr. Spreckels. But no one knows better than Mr. Barrett that I sit in no one's lap, or no one could sit in my lap. No one knows better than Mr. Barrett that no one could intimidate me. I scorn the newspapers as much as you do. I fling back at all of them the dirty scurrilous attacks they have made. I have not sat sucking at the municipal vat for four years like Mr. Barrett.

"I want to refute the nasty, cowardly attack made on my chief, Mr. Langdon. Nobody knows better than Mr. Barrett that Mr. Langdon was busy with important affairs connected with the grand jury. Nobody knows better than Barrett that Langdon is his superior in every line. Mr. Langdon in securing my services wanted a man who had experience in prosecuting criminals like the man on trial."

Heney's manner was most dramatic. He hurled his vitriolic sentences at the jury in an impassioned manner at the top of his voice. When he finished his denunciation he said: "That's the Irish part of me, gentlemen."

Heney referred to his experience at hard work as a laborer. Addressing Juror O'Mara, Heney said Barrett had called his attention to Heney.

"I looked you in the eye, Mr. O'Mara," he said, "and saw you were an honest man, and I did not challenge you. The Irish in me makes me want to fight when I meet a man like Barrett. When I meet a man like Mr. Campbell, who deals his cards above the table, I meet him half way, and play the game fairly.

"Now, I'm through this part, gentlemen, and will say nothing more unpleasant. We won't ask a conviction unless you are satisfied beyond any doubt that the defendant is guilty. The court will instruct you as to the law in the case. A threat must not necessarily be a verbal one. Circumstances that convinced the French restaurant keepers they could not conduct their business unless they engaged Ruef constituted a threat.

"It is not necessary for you to believe that Schmitz got any of the money. If you believe that Schmitz aided by his action toward Reagan in forcing these men to go to Ruef, he is guilty, whether he got any of the money or not."

Heney then described the methods of many of the French restaurants and said:

"If Ruef and Schmitz wanted to hold these men up how would they go about it?

"Do you think they would be so raw as to send the Mayor to them and demand money? Is that the way they would commit crime? Not at all."

"Ruef could afford to take all the blame. They could put it on Reagan, who was so honest that he had to be shown all the time. Ruef could rob the French restaurants while the Mayor told them how he loved them, how he liked to eat there.

"I'll state the evidence and I challenge the attorneys for the defense to interrupt me if I err. But there will be no interruption. I have studied this evidence and there will be not a loophole as large as the eye of a needle for 'this Campbell' to crawl through." This joke caused a general laugh.

MAYOR'S SCALP IS BIG TROPHY.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 13.—[Exclusive Dispatch.] Turning red and white by turns, and clutching the arms of his chair, Schmitz heard the verdict of guilty read out tonight.

His pompadour scalp is the biggest ever entangled in a muck rake. Other graft upheavels have nipped policemen and little grafters. Schmitz is one of the biggest ever caught.

Judging from Judge Dunne's previous rulings, 'Gene is sure to get a heavy sentence; the limit is five years.

His lawyers are already planning, however, to begin a campaign of technical appeals.

People of San Francisco were beginning to laugh at Heney's prosecution because every one he claimed to have caught was allowed to join the immunity squad. At last Heney has drawn real blood.

Girls' Linen and Cloth Coats Clever New Styles at Reduced Prices

MARK OF GOOD CLOTHES HF ESTABLISHED 1860

Our Boys' Department

Invites your attention to the most complete gathering of boys' attire in Los Angeles. Every boy's want can be supplied.

Boys' suits, boys' shirts, boys' blouse waists, boys' underwear, boys' hosiery, boys' neckwear, boys' bathing suits, boys' night shirts and pajamas, boys' khaki suits and trousers, boys' hats and caps, boys' wash suits, boys' white duck trousers, boys' canvas leggings, etc. etc.

We might truthfully claim there is no better stock of boys' wearables in any one store in the United States, and not exaggerate.

PACKERS SEE STRIKE NEA

Are Ready for Walk-out Union Teamsters.

Situation Reaches Absol Deadlock.

Repetition of Former Rioti Now Feared.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 13.—[Exclusive D patch.] The situation that apparen threatens a strike of 700 packi house teamsters to begin next M day, became critical today, a dea lock occurring between the packi and the men who sought to settle controversy caused by the union's d mand for higher wages. Appointme for additional "peace conference were made for tomorrow, but on bo sides a settlement was admitted to "almost hopeless."

The packers are preparing for t instant importation of strike-breake and for the delivery of meats by oth means than teams.

The strike that would follow t breaking off of negotiations, if it o curs, may result in a repetition of t riotous scenes of 1903, when the team sters last struck, tying up the loc business of the packinghouses an working serious detriment to the othe teaming interests in Chicago, but be ing finally forced to settle for an in crease in wages of 1 cent an hour.

"I do not see a ray of hope," said big packer. "We will not grant th increase of 4 cents an hour asked b the teamsters; they already are show by our statistics to be better pai than any other teamsters in Chicago or the average, and we can't affor to pay more."

MINERS FOOT BILLS.

WAY HAYWOOD AND MOYER.

[BY THE ASSOCIATED PRESS—P.M.]

DENVER, June 13.—"A total of fifty new locals organized and the ad vance of over 15,000 new members initiation for the fiscal year ending March 31, 1907," said James Kirwan, acting secretary and treasurer of the Western Federation of Miners, in his annual report, which was reported to the Federation Convention today, as the reply of the Western Federation of Miners to the Mine Owners' Association."

The total membership of the organization on April 1, was approximately 45,000. The total receipts of the fiscal year were $224,965, and the expenditures $190,096. Contributions to the Moyer-Haywood-Pettibone defense fund to April 1, amounted to $87,787.35, and the disbursements $79,516.20, leaving a balance on hand of $8271.25. The salaries of President Moyer and Secretary Haywood, $150 a month each, have been continued while they have been in prison in Idaho, awaiting trial on the charge of complicity in the murder of former Gov. Steunenberg. Several strikes and lockouts have occurred during the year.

As a forerunner of the split between the Western Federation of Miners and the Industrial Workers of the World, developed today in the report of Acting President F. C. Mahoney to the convention convention that the Western Federation of Miners of Butte had adopted a resolution at a local meeting charging Mahoney with having insidiously used the funds of the organization to help the Industrial Workers, and with being a traitor to the organization. Mahoney denied the charges, and demanded that the union file written charges against him, that a convention hear evidence, and if he be found guilty that he be be expelled from the federation.

LABOR BRIEFS.

Open Shop Plan.

SAN FRANCISCO, June 13.—The Chronicle says today: "Local building contracts have been brought about the organization of a syndicate of capitalists, who will advance $10,000,000 within the next month to be used in construction on the open-shop basis. It is said that a few San Francisco banks have subscribed funds to the syndicate. Another combination in the making is composed of contractors, large construction companies and financial men who favor the open-shop plan and agree to build or furnish material on that principle only."

Workers End Strike.

SAN FRANCISCO, June 13.—The Building Trades Union today rescinded its action of last Saturday, when it was repudiated by the union, and ratified the agreement. All of the big works on both sides of the bay will now open Monday next.

CHINA PLANS AN INVASION.

WANTS AMERICA TO LET DOWN IMMIGRATION BARS.

Spurred by Success of Japan in Conducting Negotiations With United States, Mongols Are to Endeavor to Secure Nullification of Exclusion Act.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 13.—[Exclusive Dispatch.] The "Yellow Peril" is to become within a few months a question of even greater seriousness in the United States than it is in China, it is known, stirred by Japan's successes in calling the United States to account, is planning a fight to secure an immigration treaty that will nullify the Exclusion Act and let a flood of Mongols into the country.

China expects not only the aid of Japan in this fight, but also the assistance of certain powerful American financial magnates and politicians backed by them, who desire cheap labor.

In preparation for the expected debate both China and Japan, President Roosevelt, for the second time in a few months, will send one of the members of his cabinet to the Pacific coast for the purpose of investigating the Japanese question.

In the President prepared his annual message he had Secretary Metcalf visit San Francisco for the purpose of devising a remedy for the agitation of the school question and the insults made by hoodlums upon Japanese visitors. He has ordered the bureaus of the Department of Commerce and Labor to inquire particularly into the immigration situation, and the report of the Secretary will

Moved by Success of Japan in Conducting Negotiations With United States. Mongols Are to Endeavor to Secure Ratification of Exclusion

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 13.—[Exclusive Dispatch.] The "Yellow Peril" is to become within a few months a matter of even greater seriousness to the United States than it is now. It is known, stirred by the success in calling the Japanese to account, is planning to secure an immigration treaty with nullify the Exclusion Act, let a flood of Mongols into

Japan not only the aid of the fight, but also the assistance of certain powerful American magnates and politicians who, for their own, who desire cheap

Preparation for the expected demand from China and Japan, President Roosevelt for the second time in his term, will send one of the members of his cabinet to the Orient for the purpose of investigating the question.

The President prepared the message he had Secretary Straus visit San Francisco for the purpose of devising a remedy for the school question there by hoodlums upon Japanese. He has ordered the Secretary of the Department of Commerce to inquire particularly into the immigration situation, and the Secretary will be used by the President in discussing the Japanese question in his next annual message. Mr. Straus will inquire into the operation of the Chinese as well as the Japanese exclusion law.

It will be necessary shortly to negotiate an immigration treaty with China, and it is likely that the Peking government will seek to have adopted the solution now in effect in the case of Japan—that is, that the United States will not admit Chinese unprovided with passports.

So far as the Japanese are concerned, there is no doubt that a great deal of friction has occurred, and the Department of Commerce and Labor has been informed of evasions of the law.

STORER'S SIRE SLEEPS IN JAIL.

DIPLOMAT'S AGED FATHER IS UNFORTUNATE.

Robbed While on Trip and Too Proud to Ask for Assistance, He Walks from One City to Another and Seeks Night's Shelter in Central Station.

[BY DIRECT WIRE TO THE TIMES.]

ST. PAUL (Minn.) June 13.—[Exclusive Dispatch.] The father of Bellamy Storer spent Tuesday night in the Minneapolis Central Police Station.

That is, yesterday, an aged man, well educated and evidently one who has seen much of the world, told the Mill City police authorities that the famous American diplomat, whose controversy with President Roosevelt is still fresh in the public mind, is his son.

Frederick Storer, 99 years old, wearing a ragged suit of clothes, and shivering from the rain and cold, crept into the Minneapolis Central Police Station Tuesday night and asked for shelter. He claimed that he had been robbed of $187 and a gold watch the previous night at Alexandria, Minn., and, too proud to ask assistance, he walked the entire way to Minneapolis.

The police entered his name on the blotter, and gave him food and lodging. Yesterday he told the authorities who he was and explained that rather than have his relatives know he had been victimized, he intended to continue his tramp eastward until he struck a town where he had a friend who would give him funds, and keep the matter a secret.

"I've just come from the West," said the old man, "where I own three ranches. On my way back I stopped over at Alexandria on some business, and while there I was robbed of my money and watch. I am on my way back to Iowa, where I own a farm."

SOUTHWARD EMPIRE STRIDES.

Prediction Made That Tropics Will Be the Center of Wealth and Civilization.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, June 13.—Col. William C. Gorgas, U.S.A., Federal Commissioner in charge of the sanitation in the Panama zone, addressing the graduating class of the Cornell University Medical School here, prophesied that "gradually within the next two or three centuries, tropical countries, which offer a much greater return for man's labor than do the temperate zones, will be settled by the white races, and that again the centers of the wealth, civilization and population will be in the tropics, as they were in the dawn of man's history, rather than in the temperate zones as at present."

Col. Gorgas based his opinion on the sanitary acievements since the American military occupation of Cuba in 1898, and those in the canal zone since American possession in May, 1904. The last case of yellow fever in the canal zone, he said, occurred in December, 1905, which was only about sixteen months later. He described the war of annihilation waged against the stegmonia (yellow-fever mosquito) and against the anopheles (malaria mosquito,) and continued:

"We have had no yellow fever anywhere on the Isthmus for more than a year. We believe that in the towns of Panama and Colon the stegomia have been so reduced in numbers—in fact, almost exterminated—that yellow fever would not spread, if introduced. Malaria has been so controlled that the sick rate of our total force in the month of April, 1907, was less than 17 per 1000."

New Fast Train to San Bernardino and Redlands.

The Santa Fe will run a new fast train to San Bernardino and Redlands, leaving Los Angeles 10:50 a.m., arriving San Bernardino at 12:40 p.m. and Redlands 1:05 p.m. Returning this train leaves Redlands at 5 p.m., San Bernardino 5:17 p.m., arriving Los Angeles 7:30 p.m. This in addition to trains leaving Los Angeles at 7:30 a.m., 8:30 a.m., 10:35 a.m. (via Orange,) 4:30 p.m. and 8 p.m. New train starts Sunday, June 16.

Smyrna Rugs Regular $1.50 Values 95c

NEW ATHLETIC RULES FORMED.

St. Vincent's, Whittier and U. S. C. Ratify Them.

Occidental and Pomona Have Not Taken Action.

Agreement to Still Squabbles for Next Two Years.

New rules governing intercollegiate athletics in the South for the next two years have been submitted to the five colleges of Southern California. These rules have been ratified by St. Vincent's, U.S.C., and Whittier, and the other schools are expected to take action within a few days. The rules are:

"Any student may be eligible to represent the colleges in athletics, provided:

"(1.) He is above passing grade from the beginning of the semester in at least twelve hours of work in the college of liberal arts, or preparatory school, or in at least ten hours in the affiliated preparatory schools; two hours of laboratory work to count as one.

"(2.) He is registered in the A.A.U.

"(3.) He has not competed four years as a college man or eight years as a college or prep. student.

"(4.) He is registered not later than one month from the beginning of the semester.

"Exception 1. Any man having represented another college in athletics cannot represent any institution in this agreement until he has been in residence one school year.

"Note—It is understood that if any student enters as a freshman for the first time, with at least twelve units of credit, he may compete at once.

"Exception 2. A student who, in any semester, fails to receive credits for the amount of work required in paragraph one, shall be ineligible to compete until said credits have been removed.

"Exception 3. No person drawing salary for services rendered to the college or student body to do other than manual labor shall compete.

"A list of the contestants in any contest must be signed by the dean, registrar or president, and said list must be sent in at least ten days previous to the contest. Any one whose name does not appear on this list shall be ineligible to compete. This list of contestants must be attached to a copy of this agreement."

The rules are comprehensive, and appear to cover all points over which a dispute may arise. The provision requiring athletes to be registered in the A.A.U. is calculated to guard the colleges against professionals, for the A.A.U. makes it its business to look up the records of all its members, and the decision of the officials of the association is taken as final.

The one-year residence rule requiring men who have competed for other colleges to be in residence one year is believed sufficient to safeguard against the importation of tried athletic material. It had been suggested earlier in the year that all students come under the one-year residence rule, but it is thought that such a sweeping provision would work hardships on students who have never taken part in athletics of any kind.

Y.M.C.A. ATHLETES PLAN JYM JOLLY.

The local organization of the Young Men's Christian Association will hold a "Jym Jolly" at their athletic quarters, No. 832 South Spring street, Friday evening. The programme will be made up of burlesques on basketball, acrobatic work, boxing and other gymnasium work.

The basketball contest will be between a team made up as Chinese and a team of tramps. The pyramid team, consisting of Shekels, Bitman, Cromwell, Johnson, Ordway and Moulton, will do the acrobatic "stunts." The boxing match will be between a big and little man, with Earl Dutton entered as "Strong Swingham" and Dave Kaplan in the role of "Feeble Fishhook."

The affair is given as a social event to the members of the organization and their friends, and is free. The programme follows:

Basketball, Kow Tow No. 1, Hoorays against Hoorahs; acrobatic antics; basketball, final flourish, the same "H's"; manual maneuvers, Y.M.C.A. Triangle Club Cadets; fierce fistic fiasco, Strong Swingham against Feeble Fishhook; six swarthy sons in strength studies, seldom surpassed; recuperative rations, Y.M.C.A. gladiators.

MAY SUTTON WINS ROUND.

[BY THE ASSOCIATED PRESS—A.M.]

BECKENHAM (England) June 13.—In the fourth round for the ladies' tennis championship of Kent today, May Sutton of California beat Miss Wilson, 6-1, 4-6, 6-4.

WASHINGTON HAS CHAMPION FIVE.

DEFEATS THIRTIETH-STREET IN DECIDING CONTEST.

Holders of Cup Retain Trophy for Another Year—Girls Play Great Game Before Enthusiastic Crowd of Rooters—Team Work of Leaders Bring Them Victory.

The Washington basketball girls, the invincible five, will keep the trophy cup this year. The deciding game was played yesterday between the champions and Thirtieth-street five on the Thirtieth-street court, and Washington won, as usual, with a score of 12 to 7.

It was the game of the season, without doubt. Washington small boys, well equipped with all the glory and racket of a Chinese gong and a few similar instruments, vied with Thirtieth-street small boys in loudly proclaiming to the world what wonderful teams their's were and how completely their own particular team was going to lay it over the other. Lusty songs, extemporaneous and otherwise, filled the surrounding atmosphere.

Every move of the players was cheered or groaned over by breathless supporters hanging anxiously over the enclosing wire. The wind was bad and the dirt was worse, but nobody minded that. This was the battle royal, the match both teams have been looking forward to.

Thirtieth drew first blood on a foul throw. Thirtieth was elated. Washington, not to be behindhand, threw a field goal not long after. Then there followed a lull in baskets. Washington passed the ball down field from guards straight through to forwards several times, but failed to put it in.

A period of foul throws gave both sides more points, two for Thirtieth and three for Washington. Then, suddenly, to Thirtieth's intense joy, Miss Love threw a field and directly on top of that, Miss Blevins from center made another. That ended the half.

While the doughty warriors were resting from their labor, the two diminutive mascots from both fives trotted to the center of the field and made their bows. Thirtieth's luck is lodged in Vesta Casteria and Washington's in young Mark Stoddard. Mark's help seemed to be more potent than little Vesta's, for the whole second half went to his five.

Thirtieth played desperately and well, and even with the knowledge of defeat upon them, kept up a plucky resistance. Miss Marchant, the Thirtieth guard, pursued Miss Webb relentlessly and gave that basketball crack more trouble than she has had for some time. Miss Blevins, at center, quick as a flash, took every opportunity to keep the ball in her court; nevertheless Washington, bringing all its team work into play, made one basket after the other and wound up the game after a hard fifteen minutes' play with the long end of the score.

Washington people whooped with good cause, but Thirtieth streeters were game losers and cheered their opponents good naturedly when the match was over.

Washington has held the cup for two years. If the league continues next year the champions will stand ready to defend it; if not, then Washington has the cup for "keeps."

The line-up was:

Washington.		Thirtieth.
Webb	Forward	Love
Secor	Forward	Simmons
Breen	Center	Blevins
Ashanan	Guard	Marchant
Pursley	Guard	Burke

Referee—Ella Winstanley.

Umpires—Miss Shepard, Miss Harkness.

STANDING OF FINALS.

	Played.	Won.	Lost.	P.c.
Washington	5	5	0	1.000
Twentieth	4	3	1	.750

McKinley	4	1	3	.250
Thirty-ninth	4	0	4	.000

BIG SHARK CAUGHT OFF DEL REY PIER.

The biggest shark ever caught off a beach pier was landed at Playa del Rey yesterday by Clyde C. Johnson of Los Angeles. Johnson's catch measured five feet, nine inches, and weighed more than one hundred pounds. The shark was hooked with a throw line and pompano bait, and it took three men to get it safely on the pier. Grappling hooks were adjusted, and the fish hoisted with ropes.

Yellowtail are running well this week at Del Rey, and numbers of them were caught off the pier yesterday, weighing from fifteen to twenty-five pounds.

YACHT RACE DATE IS SET.

South Coast and Corinthians Meet in August.

Contest Will Be Sailed in San Francisco Bay.

Northern Boat to Give Valkyrie Time Allowance.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 13.—[Exclusive Dispatch.] L. K. Small and W. G. Morrow, representing the South Coast Yacht Club, and Douglas Erskine and T. J. Kavanaugh, representing the Corinthian Yacht Club, have made arrangements for the race for the San Francisco perpetual challenge cup, August 3, was set for the race. The preparatory gun will be fired at 1:25 p.m., and the starting gun at 1:30 p.m. The yachts will have two minutes in which to cross the starting line. If either yacht fails to cross the line by 1:32 p.m., its time will be taken at 1:32.

Commodore F. G. Philipps of the San Francisco Yacht Club will be asked to referee the race. Each yacht will be allowed five in the crew, besides the skipper, and the time limit for the race has been set for five hours. If neither yacht finishes in that time the race will be sailed over.

The race will be over the regular Corinthian Club course. The start will be off Meiggs Wharf and the yachts will sail out to Presidio shoal buoy, thence to Goat Island shoal buoy, thence to South Hampton shoal buoy, thence to Presidio shoal buoy and back to the finishing line, which will be the starting line.

The South Coast Yacht Club has named the Valkyrie as the challenger and the Corinthian Yacht Club will defend with the Discovery.

By consulting the tide tables, it has been learned that there will be a strong flood tide on the afternoon of the race, which will favor the chances of the Discovery, but if information from San Francisco is correct, the Discovery loses this supposed advantage because she will have to give the local boat a time allowance, or change her make-up to meet the conditions of the deed of gift. Morrow's letter to Secretary Best of the South Coast club, states that the measurement of the Discovery is twenty-three feet and five inches, while the Valkyrie is but twenty-one feet. The difference in the lengths of the two boats is more than 10 per cent. of the Discovery's length and accordingly she must be brought down to within 10 per cent. of the Valkyrie's length. To do this, the sail area must be reduced or ballast taken out and in doing either one of these things, she will lose any advantage the flood tide may give her.

However, Mr. Morrow agreed to any flood tide advantage and he also had to agree to the use of water sails, as these are permitted by the rules of the Corinthian club. There value is doubtful in half a gale.

CATALINA RACE.

FIRST WEEK IN AUGUST.

Local yachtsmen are looking forward with a great deal of interest to the annual race of the South Coast Club boats around Catalina Island, which is set for Saturday of next week, June 22. As it will be an open sea race, it is expected that the full powers of each boat will be brought out in a clear manner. Another fixture determined upon will be the match race in San Francisco Bay between the Valkyrie of San Pedro and the Discovery of San Francisco, which has been set for Saturday, August 2.

The Catalina race will be started at noon and will be finished during the afternoon of the following day and the start and the finish will be in sight of the clubhouse on the bluff in the outer harbor at San Pedro. It will be for the Montgomery brothers' perpetual challenge cup and is open for all boats of the South Coast club, of thirty feet and not over fifty feet, over all length, of which any entries can be refused which may be considered unsafe by the committee.

The starting point will be between two flags anchored off and in line with the easterly end of the breakwater. The course will then be to the eastern end of the island; thence around the western end and thence to the starting point, no stops to be made during the race. Not more than three professionals can be on any one boat, but the number of the crew is unlimited.

Each contesting yacht must at all times be steered by an amateur who is a member of the club and must carry a life preserver for each member of the crew. The yachts shall be governed by the racing measurements now in force and time allowances will be given each for eighty-five miles. The start is to be made at noon, with the preparatory gun to be fired at 11:55 o'clock. No top sails, water sails or any sails other than the main sail, jib, ballooner and spinnaker will be allowed unless contestants desire to use such extra sails and have them measured by the official measurer either before or at the time of the inspection of all the contestants, which will be held in the outer harbor next Friday.

CHAMPION WASHINGTON BASKETBALL TEAM,
which defeated Thirtieth Street in deciding game of season, yesterday; players—Secor, Stoddard, Ashman, Webb (Capt.), Breen, Pursley.

FINE PLAY IN ROQUE CONTESTS.

LARGE CROWD OF SPECTATORS SEE PRETTY GAMES.

Champion Wood Beats Greenslit After an Exciting Struggle—Denison Will Probably Meet Title Holder in Finals on Saturday—Tourney to Be Held Next Winter.

Another fine day of sport was enjoyed yesterday at the annual tourney of the roque players in Pasadena, and some of the best games of the week were played. Eight games were played, and the scores were not very close, for the reason that to miss by one player in the middle of the game generally gave the opposing player the opportunity of running the game out. There were few misses, however, while fine cushion carom shots were numerous.

The most exciting game of the day was between State Champion Wood and Greenslit, which Wood won by a score of 32 to 17. Wood ran to the fifty arch on the second round, and then missed the arch, with Greenslit's guilty ball close by. This was Greenslit's first chance at the balls and he quickly made a rover out of his first ball and then missed at the cage, with Wood's guilty ball beside him. Wood grabbed this chance at once and ran the game out. A large and interested crowd of spectators watched the game and heartily applauded the many fine cushion shots. By winning again yesterday Wood cinches first place in the second division, and the chances are that Denison will finish first in the first division. These two men will probably meet in the finals, which in any event will be played off tomorrow afternoon.

President Carey R. Smith of Santa Ana was present yesterday for the first time, illness having kept him away heretofore.

It has been decided to hold the tournaments both summer and winter, so as to give the visiting eastern tourists a chance to enter and also to see how the game can be played in Southern California in the winter months.

The results yesterday were as follows: Royce beat Strong, 32 to 6; Woods beat Evans, 32 to 14; Greenslit beat Richards, 32 to 3; Turner beat Flanders, 32 to 18; Evans beat Richards, 32 to 2; Lyman beat Evans, 32 to 15; Wood beat Greenslit, 32 to 17, and Denison beat Turner, 32 to 8.

The standing at present is as follows:

STANDING OF PLAYERS.

	Played.	Won.	Lost.	P.c.
Wood	4	4	0	1.000
Denison	4	3	1	.750
Caldwell	4	3	1	.750
Wheaton	3	2	1	.667
Royce	4	2	2	.500
Turner	4	2	2	.500
Greenslit	4	2	2	.500
Flanders	3	1	2	.333

Richards	2	0	2	.000

BAD RACING WEATHER.

Track Sloppy and Sky Cloudy at Emeryville—Long Shot Wins the First Event.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, June 13.—At Emeryville today the weather was cloudy and the track very sloppy from rain which fell this morning. Altair, a 30 to 1 shot, won the first race cleverly, Kardona being a good second. In the third, at one mile and a sixteenth, Funny Side was easily the best and never was in danger. Tawasentha outclassed her field in the race over the Futurity course. Results:

Five furlongs, selling: Altair, 107 (Gilbert,) 30 to 1, won; Kardona, 112 (Borel,) 3 to 1, second; Sir Wesley, 107 (Jarrett,) 15 to 2, third; time, 1:03. Ed Davis San Oak, St. Charles, Vanna, Abe Ruef and Banward also ran.

Mile and a hundred yards, selling: Canardo, 119 (Lynch,) 15 to 1, won; Red Era, 119 (Borel,) 18 to 5, second; Tejon, 119 (McRae,) 9 to 1, third; time, 1:51. Royal Red, Etapa, J. B. Smith, Cheripe, Glissando, Scherzo and Sinner Simon also ran.

One and a sixteenth mile, selling; Funnyside, 101 (Mentry,) 9 to 5, won; Corrigan, 111 (Rettig,) 9 to 2, second; Millsong, 99 (McRae,) 30 to 1, third; time, 1:49 4-5. Piquet, Harbor, Lady Fashion, Briers and Ink also ran.

Futurity course, selling: Tawasentha, 109 (Kirschbaum,) 3 to 5, won; Fair Fagot, 112 (Leeds,) 5 to 1, second; Ray Bennett, 105 (Borel,) 10 to 1, third; time, 1:12. Nancy W., Calendar, Red Garter, Yankee Jim, Golden Sentiment, Christmas Tide and Josie S. also ran.

Six furlongs, purse: Elevation, 97 (Buxton,) 9 to 2, won; Sea Lad, 100 (Lynch,) 18 to 5, second; Mazapan, 98 (T. Sullivan,) 13 to 1, third; time, 1:15 2-5. The Sultan, Netting, Spring, Ban and Miss M. Bowdish also ran.

One mile and fifty yards, purse: Ocean Shore, 94 (Kirschbaum,) 6 to 5, won; Nonie Lucille, 103 (McRae,) 10 to 1, second; Optician, 108 (Lynch,) 9 to 5, third; time, 1:46. Huerfano and Hersain also ran.

JUNE HARNESS RACES.

Driving Club Selects Last Saturday in Month—Redlae to Start East Next Week.

The Los Angeles Driving Club is arranging for a matinee of harness horses on Saturday, June 29, at Agricultural Park, and the feature of the card will be the appearance of many new horses, which will be seen in slow races. The programme is to be arranged with the object of bringing out the good young horses. The Luckenback Cup will be raced for the first time.

Lee Mabury evidently has a good one in his black horse, The Pig, who paced a mile several days ago in the very fast time of 2:05. It is predicted he will go in 2:03 in two months.

Frank Peyton of Pasadena has joined the Driving Club, and makes the boast that he will be heard from very soon with his pacer, Silver Dick, who has stepped a mile in 2:10.

Dewey covered a mile yesterday in 2:09¼.

It is reported that J. D. Springer is having hard luck with Sonoma Girl, whom he took East some time ago. The best she has done so far is to work a mile in 2:17, and went lame after that. Springer expects to get her into condition soon, as she is entered in about $100,000 worth of stakes.

C. J. Grubb will leave next week with the trotter, Redlac, for Galesburg, Ill., where the horse will be prepared for the Grand Circuit races. He is entered in the free-for-all trots at Buffalo and Cincinnati, and may possibly go to Indianapolis.

THAT SILVERWOOD SUIT SPECIAL

"Ready-and-Right" at $20—A Good $25 Value

We have sold these suits to men, who, heretofore, were of the opinion that ready tailored clothing was "no good at any price." We have sold them to men who were in the habit of paying $35 to $50 for a suit—and we have hold them to men who already know "Ready-and-Right," and have worn no other since we first carried it.

If we haven't sold YOU one, we want to.

They are, without a single exception, the best suits ever sold at this price.

If we said even $25, the value would look good to you.

The very newest of the summer novelties are here—and you'll not see the same patterns elsewhere.

You may choose from the entire half dozen new "Ready-and-Right" models brought out this season.

Drop in today—either store—we can fit you perfectly.

A word about shirts. Several new shipments lately. An assortment that will open your eyes. For even the Silverwood stores have never shown such a bewildering array of colors and patterns.

It is a well-known fact that the Silverwood stores carry the most complete stocks of underwear in Southern California. Every style, weight, size and color—including the new "briefs"—the latest in summer underwear.

Aphis or Plant Louse (Aphis Brassicae)

EVERYONE who has had even the slightest experience in raising flowers knows the trouble caused by insects of various kinds, especially on rose bushes.

To successfully raise flowers—to bring them to their full growth and development unblemished by the mark of these pests, requires constant watchfulness. There are a variety of methods recommended for exterminating the pests, but nearly all have the very serious difficulty of not only killing the insect but killing the plant as well. Those of us who have tried paris green, hellebore, tobacco water, tobacco dust and soaps of various kinds, as well as certain patented products on the market, have had experience with the injurious effects of these productions.

Scientific investigation, however, has brought to light one remedy at least for this pest, and that is chemically pure Nicotine, which absolutely destroys any form of insect life. It is applied as a weak watery spray or bath, and in this form is colorless, stainless, and odorless, and cannot do the slightest harm to plants, animals, etc.

Roses, flowers, shrubs, vines and garden plants of any kind, when sprayed with a prepared bath, Thompson's Rose Nicotine (pure nicotine from tobacco), will not show the slightest harmful effect, and not a vestige of insect life can remain where it is used.

For household use it is unequaled. Even in the most careful households there often comes a time when an insect destroyer is necessary. Thompson's Rose Nicotine will kill bedbugs, lice, spiders, fleas, carpet bugs, roaches, and all such pests. The prepared bath or spray will not stain the woodwork or the most delicate fabrics to which it is applied; and it is perfectly harmless when used as directed on dogs, cats or the human body, and leaves no odor to remind one afterwards of its use.

In short, it fills the requirements for a perfect plant insect and vermin destroyer, and is put up in 25c and 50c cans (liquid), to be found at all "Sun" Drug Stores. "How to Destroy Plant Insects and Vermin" is the title of a booklet (free)—full of valuable information on insects and their destruction. Get a copy at any one of the eight "Sun" Drug Stores.

FRIDAY, JUNE 14,

MAHONEY TO LEAD POMONA

CONGREGATIONALISTS ELEC BASEBALL CAPTAIN.

College "p" Granted to Ball Tossers—Basketball Players Are to Receive Letters After This Year—Interclass Games for Championship Being Played.

SPECIAL CORRESPONDENCE OF THE TIMES.

CLAREMONT, June 13.—Lee C. Mahoney, '10, of Pomona, was elected captain of the Pomona College baseball team for the season of 1908, this afternoon. Mahoney without doubt is the best baseball general on the Pomona varsity, and though the past season was his first year of college baseball he proved one of the best intercollegiate

LEE C. MAHONEY,
Captain-elect of the Pomona College nine.

in Southern California. He played the position of shortstop in a steady manner, covering a great deal of territory, and trying for extremely difficult chances. He is one of that type of baseball players who would rather take a desperate chance with the risk of an error than let the batter get a hit. His throw is strong and speedy.

Mahoney led the Pomona team in batting this year, and came third in the fielding averages. He has more three-base hits and two-baggers to his credit than any other college man in Southern California. He is remarkably fast on the bases, and makes his head help his feet in every instance.

In addition to being a crack baseball man, Mahoney was a member of the Rugby football and basketball teams. He was one of the three-quarters on the Rugby team and played an excellent game at this position. On the basketball five he was the fastest forward and surest goal-thrower in college.

EMBLEM TO ATHLETES.

The Associated Students of Pomona have granted a baseball "P" to Mahoney of Pomona; Robert Hall of Santa Ana, Charles Canfield of Redlands, John Graf of Banning, Harry Hitchcock of Claremont. These men made the 'varsity for the first time this season. Mahoney played shortstop, Canterbury Thompson caught and played second, Graf was in left field, while Hitchcock filled the utility man.

At a recent meeting of the Associated Students it was decided to reward the members of the college 'varsity baseball teams with a regular basketball emblem. Several designs were proposed, and after a long discussion a very simple block-script letter was adopted. It was also decided to grant no letters for the baseball team during the past season in basketball.

At the meeting the students also ratified a new athletic agreement between the Southern California colleges. The most important feature of this is that after December, 1908, no student in any of the colleges preparatory school or academy can compete on the college teams. Another provision of considerable importance was on debarring the coach or physical director of any institution from acting as the faculty representative at the athletic conferences.

The intercollegiate baseball games for the championship of the colleges are being played off this week. The freshmen have defeated the sophomores by a score of 3 to 2, and have taken the lead in the tune of 4 to 1. As the seniors defeated the seniors, the championship now lies between the freshmen and the preparatory school. The last game in the series will be played today.

GIVES SLUGGING MATCH.

Outbats Seals and Scores Easily in First Three Innings Off Willis.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, June 13.—Oakland Willis in such lively fashion for the first three innings today that they scored eight runs on him and virtually won the game. Joy pitched the game out for Willis was then relieved. The home team also batted, but could not overcome the lead. Score:

GROSS WINNINGS EXCEEDS RECORD.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, June 13.—The gross winnings of the racing stables of James R. Keene for the season of 1907, so far elapsed, has passed the $100,000 mark. The Keene horses, in the time since the New York turf year opened at Aqueduct, on April 15, won a total of $101,046.25.

The total is a record for the season on the American turf and with so large a sum already to the credit of the Keene horses and most of the valuable stakes still to be run for, it is well within the probabilities that the Keene stable may establish a new record for the turf in America.

Peter Pan, Colin and Superman, sons of Mr. Keene's dead stallion Commando, are the largest individual winners for Mr. Keene.

BRIDE'S PRESENCE VERY PROFITABLE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 13.—[Exclusive Dispatch.] Bookmakers at Gravesend yesterday received one of the worst drubbings of their lives, just because a bridegroom wanted to show his bride how well his horses could run.

Robert L. Thomas, a wealthy Kentucky horseman, who was married at Washington, Saturday, had two winners out of the seven contests on the card, and with one of them he won $35,000 and with the other enough to make it an even $50,000.

Adding to that the sums his friends at the track and other bettors in cities where there are poolrooms added to their bank accounts, it was one of the biggest "killings" of recent years.

FROM COAST TO COAST.

And Back Again Is Programme of Two Motorists—Have Arrived in Chicago from New York.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 13.—[Exclusive Dispatch.] Westward bound on a 10,000-mile journey from coast to coast and return in an automobile, F. W. Work and C. J. Maxson of Akron, O., driving under the colors of the Cleveland Automobile Club and the A.A.A., arrived in Chicago last night in a specially constructed, 45-horse-power Oldsmobile runabout, styled the Red Cloud, after a nine-day trip through rough roads all the way from New York.

Leaving Chicago this morning, the tourists resumed their transcontinental run toward the Pacific Slope, traveling by way of Omaha, Denver, Salt Lake City and the Grand Cañon to San Francisco. A few days will be devoted to pleasure travel about the Golden Gate City, and, resuming the route, Messrs. Work and Maxson will pursue a course through Southern California, Arizona, New Mexico and Texas, visiting the Natural Bridge and Mammoth Cave on their journey back to the North. The Jamestown Exposition will be "done" by the motorists, after which Philadelphia and New York will be touched. They expect to complete the trip by September 1.

BURNS TO BOX MONTANA KID.

Jimmy Burns and Montana Kid are to box twenty rounds at the pavilion of the Pacific Athletic Club at Naud Junction tonight. Burns is the favorite at about 10 to 6, with very little money being wagered.

Tommy Burns, who is to fight Bill Squires at San Francisco July 4, expects to be at the ringside, arriving from the north this afternoon. He will return tomorrow morning.

Cyclone Thompson is in the city to challenge the winner. Thompson figures that he was greatly handicapped in his last match with Burns on account of injuries received early in the battle, and that he still has a good chance to defeat the lightweight. If Montana Kid wins, Thompson will go after him for a match.

Bat Nelson will not see the battle, as he had expected, as he left for San Francisco yesterday afternoon. It is possible that a match between Nelson and the winner may be arranged.

Battling Nelson received a hurry-up call from Billy Nolan to come to San Francisco yesterday afternoon, and he jumped the Owl and went north. Nelson was about to enter into a partnership with Manager McCarey of the Pacific Athletic Club in the purchase of a property at Santa Fé Springs, where they propose to erect a hotel and conduct a pleasure resort.

Nelson and McCarey had planned a trip to the springs for yesterday afternoon, but Nolan's telegram was imperative, and Bat skated. He and the local manager may yet get together on some kind of a deal. Uncle Tom says he will go in with Nelson if the proposition looks good to him.

Three-Cushion Billiards.

Only two games were played yesterday in Morley's three-cushion tourney, Chappelle beating Driesback, 25 to 20, and Weaver beating Monna, 25 to 24. Clark won first prize by beating Bayne, 25 to 20, on Wednesday night, and Kendrick wins high-run prize with a run of nine. There are eight more games to play. Lacey has three games to play, and if he wins these, he will be tied with Milsap for third prize.

RUMFORD

The Wholesome

Baking Powder

Strictly Pure and of the Highest Grade.

EVERY LITTLE SPOT ON THE BABY'S SKIN

should receive your immediate care and attention and instant treatment with Littell's Liquid Sulphur. You cannot afford to neglect any seemingly harmless rash or redness for a single instant. A baby's delicate skin offers a fertile field for all manner of skin diseases, and particularly for that most terrible of them all, Eczema, and a neglected rash or pimple, may lead to untold sufferings. Buy a bottle of Littell's Liquid Sulphur (50c) this very day—keep it close at hand and at the very first indication of skin trouble in your baby, children or yourself, commence treatment. A few drops taken every morning for a week will prevent one catching Scarlet Fever, Diphtheria, Chicken Pox and all contagious diseases as well as keeping the blood pure and healthy.

August 12th, 1906.

Rhuma-Sulphur Co.

My daughter, Lottie Lee, was a solid mass of sores all over her head, face and arms. She was constantly in agony and our physician did everything in his power, but could not relieve her. I was advised by a friend to try your remedy and with the consent of our physician did so. The enclosed photograph of the baby will show you the benefits she derived from your wonderful cure. I cannot say too much much to you in thanks for curing my child, and if my name or recommendation is any advantage to you in letting other people know how you can use it, together with the photograph of my child. Mrs. S. B. Campbell, 1604 Locust St., St. Louis, Mo.

Sample bottle sent postpaid to any address for 10c. Write today. Rhuma-Sulphur Co., St. Louis, Mo. 17

Classified Liners.

Times Classified Rates: The rate for inserting "Want" ads in The Daily Times is 1c per word for each insertion; in the Sunday issue 1½c per word, each insertion; minimum charge 25c; except under following classifications, the rate for which is 10c per line, minimum charge 30 cents: "Lost and Found," "Personals," "Special Notices," and "Baths and Massage."

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rates, 1¼ cents per word.

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

The Sunday circulation of The Times exceeds 70,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times" any time of day or night and secure prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

HOME A4539. SUNSET MAIN 2803.

FOR SALE—

$20 SECURES A FARM
WITH FREE WATER.

Buy an acre with your rent money. Buy an acre where values will double in a year and treble in two. Come in today or any day this week and get a plat of Belle Vernon, and go out in my free car and see what I offer for $650 and up.

PAY TWENTY DOLLARS DOWN AND BE YOUR OWN LANDLORD.

Belle Vernon is only 20 minutes from Sixth and Main sts. Two fast lines reach it. Every dollar you plant brings back two. You reach your work in quicker time than from thickly-settled neighborhoods in town. Berries alone will make your payments, and this is a GREAT GARDEN.

BERRY AND CHICKEN COUNTRY.

the fastest-growing section around Los Angeles. Water is piped free to every half-acre. The streets are graded and oiled. There are stores, churches and schools close by. Telephones and electric light and power are available. There is no other property around Los Angeles possessing similar advantages that can be obtained at such low prices and on such easy terms. When your acre becomes too valuable for garden and berries, you can cut it into lots and sell each for more than the entire acre costs you today.

PERPETUAL WATER FREE.
NO WORRY.

GOOD SOIL, FINE RAPID TRANSIT FACILITIES, ONLY 20 MINUTES FROM THE HUNTINGTON BLDG. AND ONLY $650 FOR AN ACRE ON SMALL MONTHLY PAYMENTS. IF YOU DON'T BUY NOW, YOU NEVER CAN AGAIN AT THIS PRICE. COME IN FOR MAP AND TICKETS.

EMIL FIRTH,
219 W. Fourth st., bet. Broadway and Hill st. Home 8103. Main 2543.
"YOU'RE SAFE AT FIRTH'S."

FOR SALE—

BETWEEN
VERMONT AND BUDLONG
53rd and 54th Streets.

VERMONT AVENUE
VILLA TRACT.

CHOICE RESIDENCE LOTS

$600 up to $700.

$50 Cash, $10 Monthly.

These lots are good size and every one a good buy for investment or for homes. They are located in the heart of building district of our city, with cement walks, curbs, oiled, graded streets, water piped and electricity and phones available. 2 car lines close by for 5c. If you are looking for the best buy for a close-in lot, for building a home, come in and see me and arrange to see these lots. Lumber is cheaper than for a year past and now is a good time to build, for we'll make it an additional object for you to build at once.

WARREN F. McGRATH,
MANAGER OF TRACT FOR STRONG & DICKINSON.
N.W. Cor. 2nd and Broadway.

ROBERT MITCHELL CO.,
809-815 Collins Bldg., 321 W. Third st.
A. W. LOUDERBACK, Auctioneer. 14

FOR SALE—

MIRAMONTE PARK

has proven its desirability as a home suburb—for certainly no greater proof should it be required that a tract has the location and advantages demanded by the wide-awake class of home builders than the fact that the addition after addition had to be opened to supply the demand.

The latest addition to Miramonte called forth by this demand is

AHREN'S MIRAMONTE ADDITION.

This shares the advantages of "close-in" Miramonte, and is even a little closer to the city than the Long Beach electric cars pass the tract, and give frequent service—the running time to Sixth and Main sts., being about 12 minutes, and the commutation fare 5c.

Free transportation and full particulars at our office.

RUFUS P. SPALDING, owner and subdivider, 215 Herman W. Hellman Bldg.

FOR SALE—

If you are interested in a good, safe, rightly-priced piece of real estate and would like an automobile ride, call up and go see our new tract, Western Avenue Park, where lots are but $325. On Yellow car line. Five-cent fare, and in the Southwest, within city limits.

Terms are easy as possible, say $50 down and $10 per month.

We are sure you will like our property. Although this is a new tract and only open a few months, we have it over half sold out and homes starting to build.

Take our tip. "Don't be afraid to put your savings in Los Angeles real estate, rightly priced and located. Time will tell.

J. W. DONLAN LAND CO.,
Owners.
Home A6706. 309 Grant Bldg. 14

FOR SALE—
A CITY OF 25,000 TO RISE WITHIN A YEAR.

Are you awake to the possibilities of such a condition to the ground floor investor? We have the ground floor proposition for you. The only available building lots in the district, at $300 and up. $10 per month. No interest, no taxes. And it's a condition that confronts you. Have you heard of the industrial development at South City San Francisco? Do you know of the $6,000,000 Guggenheim smelter and other plants building to employ 5000 men? Are you for the Bay Shore cut-off and the Dumbarton bridge? We can satisfy you as to the ground floor character of the position and as to the existence of the conditions. Don't delay. First-comers get the best. J. C. PAGE & CO., 440-1 Citizens National Bank Bldg.

FOR SALE—

REGULAR COMMISSION TO AGENTS.

LOTS $750 UP. TERMS TO SUIT.

WALNUT LAWN.

A residence park with magnificent walnut trees on each lot, and wide blue grass lawns between walks and curbs. School, church, stores and all city conveniences.

The beautiful homes and bungalows among the shade of the walnut trees, costing from $2000 to $10,000, speak volumes for the exclusiveness of this park.

Take cars at Pacific Electric Depot, Sixth and Main, get off at Florence ave., and go east a short distance to Whitsett ave.

Apply to W. P. WHITSETT, Owner.

JUST A MINUTE
It takes to tell you the best place to borrow money. Our patrons are universal in their praise of our methods of conducting this line of business.

We loan money promptly at reasonable rates without publicity and without the removal of the security from your possession. Your FURNITURE, PIANO, HORSE, WAGONS, OR OTHER PERSONAL PROPERTY will secure for you the ready cash you need. Amounts from $10 upward.

Every payment made reduces the principal and at the same times makes the loan easier in all ways for you to carry. We would like to talk it over with you. Hours, 8 a.m. to 6 p.m. Open Monday and Saturday until 8 p.m.

STOCKS AND BONDS—
And Mortgages.

PENN-WYOMING COPPER CO.'S STOCK.

The company's smelter was turning out over $6000 worth of copper per day before the fire. The smelter is now being rebuilt and will be within 20 days again in full blast. The October dividend will be a good one. Fire loss was fully covered by insurance.

This stock offers the best investment today, as the company operates its own smelter, both for its own ore and 30 other properties in the Encampment district.

Their railroad is nearly completed and their three mines are the richest in Wyoming. $1,000,000 worth of ore is now at the smelter ready to be worked up.

Don't fail to investigate this company if you are looking for a good investment.
STOCKHOLDERS

UNION CRIME
IS REVEALED.

*Ugly Record of Sailors'
Strike Is Shown.*

*Black Book of Ringleaders
Is Read in Court.*

*Director of Work of Pirates
Is Excoriated.*

[BY DIRECT WIRE TO THE TIMES.]
SAN FRANCISCO, June 13.—[Exclu-
sive Dispatch.] Andrew Furuseth, the
Sailors' Finn who has directed all the
violence and violent 'sailors' strikes
on the coast from San Pedro to Se-
attle for years, was roasted in Judge
Graham's court today until his eyes
smoked with rage.
Attorney Henry Ach, defending two
union sailors accused of murder,
shook his finger under Furuseth's
nose and accused him of being the
author of that blotched, blood-
stained, hideous record of crime—the
present strikes.
One of the men on trial is Capt.
Peter L. Hammer, last summer in
charge of the steamer National City,
when the union attacked, and the
other is an ex-cowboy, Joseph L. Hub-
bard, who heard the same vessel as a
watchman.
The trial, which has been in
progress for several weeks, was con-
cluded tonight.
BLOODY RECORD OF THUGGERY.
To discover device Attorney Ach
used to get hold of a minute book
kept by Furuseth and which showed
how the union organized and carried
on its battery.
The book in which Hammer and
others defended their lives was at
first found a year ago, while San Fran-
cisco was still paralyzed with the
effects of fire.
Then, taking advantage of the
absence of the city, called out all
the men on the steam lumber schoon-
ers. The strikers were organized into
companies and they went about from ves-
sel to vessel lying in the harbor and
committing violence. Non-union sailors
were driven over the sides to paint were
thrown into the water with boat-
hooks from the picket launches.
Many vessels were boarded by force
and non-union sailors were terribly
beaten every time a non-union man
got ashore he was set upon,
and once snapped with his life he was
saved only by the fact that he was no Chesterfieldian af-
fair. Knives, guns, pistols, a slug in
the sock, language and threats that
made one blush to hear.
Testimony of Mr. Furuseth's strike
record in the north as Portland, where
Hammer was boarded by union pi-
rates, members of the crew were
thrown into their berths. It went as far
south as San Pedro, where the Coro-
nado was boarded and suffered violence.
Nobody will ever know of all the crimes
committed in the darkness of the
foul old San Francisco water
front.
HE WAS NOT BRAVE MAN.
One particular night, the picket
went out to board the steamer
National City, which was lying peace-
fully in the stream. The testimony
showed how the pickets were or-
dered down and kept out of
the way while they were alongside.
It appeared that Hubbard was a
self-appointed watchman. He has
been a sailor, soldier and adventurer.
He knew no fear. He called upon
the pickets to halt, and when they
did not but kept on coming, he
opened fire. Instantly, the
leader of the disguise, Andrew
Furuseth, a head picket, jumped to the
deck and yelled: "Come on, board
her! Take long aim. Shoot that
d—d (meaning Hubbard.)
The fusillade came out with a shot-
gun. Shot in the air. Hubbard
fired a shot-gun, killing Keller
and severely wounding two others.
Hammer had the nerve, after all
this, to send record in that strike,
only two arrested and put on
trial.
Furuseth has a beautiful young
lady daughter upon whom
the prosecution fell. The
Sailors' Association employed
ex-Judge Murphy
to defend, and it came to be
a trial of Furuseth than of
Hubbard.
He is of undoubted intellect,
the perfect type of a Finnish
sailor, long, snaky hair, high-
cheeked and piercing black eyes,
with a look over very high cheek-
bones.
Ach tried, somewhat hu-
morously, to show that Furuseth had
failed to go out and try in
a conciliating manner to "per-
suade" non-union men to leave the
vessels. Some of the Seamen's
Union of Furuseth's handwriting,
which gave instructions for
boycotting "THE ORACLE."
Furuseth made a bitter fight
against the note-book out of the
mouth of it is in cipher. In it
there is an allusion to "working
the dummy" and "working the dummy
on" no one can find out what
it means, but it is undoubt-
edly a term for slugging and
worse.
Another entry reads: "Been experi-
encing difficulty this week.
Hammer needed at Broad-
way docks. Great difficulty
with him (the non-union men)
to get him to go.
There was not much picket-
ing done, as the military was
on hand and might be retained.
Hope that this will be set-
tled. But we must feel our
way. We must understand
each other or death struggle."
Another is this: "The chairman
of the 'company system,' which
is working to great satisfaction.
Get some of our men to
go to sea and create dis-
turbance by any means possible.
Hold out to the last minute; or,
if we must go on to the next
port, to leave while in
disguise. That saves expense.
Need to create demoralization
among the police protection.
Laws, the dummy
has great effect."
The "demoralization" really
began to send out ships
as fast as near a state of
mutiny often these ves-
sels sailed with passengers.
Furuseth peculiarly insisted
that nothing about
the strike should be
conducted on strict lines
of remarkably clear entry in
his own handwriting.
"If for some rea-
son (himself) should be
unable to make any differ-
ence, if continued,
with telling
bitter sarcasm
on his chin on

CHURCH USES PIOUS YELL.

[BY DIRECT WIRE TO THE TIMES.]
WAUKEE (Iowa) June 13.—[Exclusive Dispatch.] Religious enthusiasm in this community, unable to find vent in the "amens" and pious ejaculations of a former generation, has resulted in the evolving of a church yell which has been introduced at a revival here, and which promises to become permanently adopted as an expression of religious fervor. Here it is:

Faith, hope and charity—
Noblest Christian virtues three;
We will ever practice thee—
Glory hallelujah!

An evangelist named Burch is responsible for this new slogan of holy enthusiasm, and both Methodist and Christian denominations can be heard giving the yell with a will some time during every religious service.

the seat ahead of him, glowering like a thunder cloud. The court is held in an old Salvation Army hall.' Just over Furuseth's head was a big banner reading, "Be sure your sin will find you out."

"Poor, innocent Andrew," sneered Ach. "He never heard of any violence."

After a while the minute book begins mentioning the "Oracle," whose meaning no union will openly confess.

WANTS ORACLE WORKED MORE.

"The dummy system has been used to great advantage wherever worked," he writes, "but the Oracle should be worked more often and to advantage."

Another day he writes: "The situation is not so favorable. We should attend more strictly to our knitting. The Oracle ought to be worked more. We ought to be able to delay considerably more vessels than at present."

Ach turned and read this next item straight out of the book at Furuseth: "We must tell our eastern agent to warn all working people from coming to the Pacific Coast—especially to California. Everything indicates bad labor troubles this winter and fall."

This was the beginning of the awful labor conspiracy which has brought San Francisco to her knees in the sight of the world.

Ach's delicate face took on a contemptuous, scornful expression, and he shot very bitter words straight into Furuseth's teeth and every word cut like a knife.

"Oh, thank you, Mr. Furuseth," he said. "Thank you and the Sailors' Union for your aid and advice in upbuilding and rehabilitating this stricken city. You saw poor old San Francisco, bleeding and dying—perishing in her ashes, and you—you tied up your shipping and warned away those who would have come to rebuild her ruins—for 4 wretched $5 a month added to a sailor's pay.

"Gen. Sherman said 'War is Hell.' It is clear that he had never seen a water front strike."

Furuseth did not shrink from the words, but his dark face took on the awful expression of hate and malice.

More of his doings are daily being related in the United States Court, where he is accused of contempt of court for having allowed the strikers to violate the injunction commanding them to stop interfering with the ships of the Hammond Lumber Company.

REPLIES TO MR. CITIZEN.

WASHINGTON, June 13.—In its answer to the case filed with the Interstate Commerce Commission by a citizen of St. Paul, the Pullman company denies the right of the commission to regulate its rates, and attacks the constitutionality of the railway-rate law.

UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the office of the Western Union for Mrs. Grace B. Care, Mrs. P. A. Sommonds, Mrs. Semuel Ty Ergood, W. E. Dimmick, J. Chilberg, Nina M. Clements, V. R. Smoyer, Bert Barrett, L. L. Forester, Mrs. Linde M. Jones, W. Oaks, J. Parks Ball, Capt. Dana W. Kilbourne, H. Devprex, C. E. L. Gresh, A. A. Burnard, W. H. Berry, W. C. Morrison, J. D. Mallon, Mrs. Arthur Jory, T. H. Speedy & Co., Mrs. I. D. Rodgers, Robt. Swan, Frank S. Coon, F. H. Kankton, Mrs. F. N. Bushby, Jr., and Geo. F. Stevenson.

MINISTER'S FOOD

Its Value Discovered During Absence of Family.

A Florida minister had an interesting experience when his family were compelled to leave home on account of the yellow fever. He says: "When we were visited by a yellow fever scare, my family left for an indefinite stay in the interior.

"I had, for about two years, been under considerable physical and mental strain, and my nervous system seemed to utterly give way. I had some excellent physicians, but their remedial agencies failed to reach the case—at best, affording only temporary relief.

"At the time the family left, my attention was called to Grape-Nuts food. Several things had led me to believe that my troubles were largely due to improper nutrition. The absence of the family gave me a good opportunity to try the new food, for it is perfectly cooked and therefore required no work on my part.

"So I began to make two meals a day, supper and breakfast, on Grape-Nuts and cream or milk, and had nothing else. I confined myself to the proper allowance, not overeating. The improvement was marked, almost from the first—my digestion was better, sleep became regular and restful, and I began to gain flesh. I could soon do work with less fatigue and more satisfaction.

"My nervous sytem was wonderfully improved, and I soon weighed more than I ever had before and found my strength equal to all the responsibility. This was not all; on the return of the family Grape-Nuts became a regular article of food at the morning meal. The children ate it and improved.

"My wife, who was nursing an infant, discovered that after she began using Grape-Nuts regularly, for the first time Nature's food supply for the baby was adequate without resorting to artificial subterfuges. Grape-Nuts food not only carried us through the sickly season, but has been a God-send to our entire family." Read "The Road to Wellville," in pkgs. "There's a Reason."

All Real Estate Agents in Redlands

Terminus of the Redlands and Yucaipe Electric Railroad which will be completed inside of a year from Redlands to this famous mountain resort.

This is the first opportunity ever offered in Southern California to secure a mountain home that can be reached by trolley and is one mile high. Pure mountain water will be piped through this subdivision free of cost to lot purchasers. The prices of the lots are $150.00 to $350.00 each for big 60-foot front lots, and larger.

There are only 300 lots all told that can be used at this resort for home sites. The prices are value for the land alone, and when the trolley line is completed lots will sell for 4 or 5 times present prices.

In two or three years from completion of the trolley line, this resort will rival in popularity any of the beach resorts and will have the elevation, pure mountain water, pure air, mountain climbing, and trout fishing.

Dividend Checks for the second quarter of 1907 from Trustee Properties Nos. One and Two are ready and will be paid Unit Owners upon surrender of Coupons at the office of the Trustee Company.

How Will Owens River Benefit You?

If You Own Units in The Trustee Company Properties You Will Get Your Share of Benefit.

Evidently most of the people in Los Angeles believe the city will be greatly benefited by the Owens River project, or they would not have voted in favor of issuing $23,000,000 to finance the undertaking.

ARE YOU IN A POSITION TO RECEIVE YOUR SHARE OF THE BENEFIT from this great expenditure of money and energy, the greatest municipal undertaking of the kind since ancient Rome built her famous aqueduct? If you own Units in either of The Trustee Company properties on Broadway, there is no question but that you will receive your share from this and other great projects that will contribute to the growth and development of Los Angeles for many years to come. Every factor which benefits a city affects first the valuable property in the heart of the retail business section. All human activities center in the city's business section. Property there is valuable because it is in demand and there is a continuous activity of human atoms in and about these business buildings.

WHY THE VALUE INCREASES

All the people of the city use the business streets; some in the day time for business, others at night for pleasure. Residents of Hollywood, or University, or Westlake, do not often use the streets in other residential sections, but they do frequently use Broadway, and thereby contribute directly to the value of the property in the business section. A child born ten miles from Trustee Property No. 2, located on Broadway between Fourth and Fifth streets, is a factor in the future value and present utility of this property. Business property in the larger cities has become so valuable that human ingenuity is still devising practical methods by which to erect taller, fireproof buildings and fitting them with better elevator facilities for carrying the constantly-increasing stream of humanity to the upper floors, until many business streets are longer in the air than on the ground. This is necessary to meet the ever-increasing demand for business property, and when business buildings are in demand rents go higher, and the ground on which they stand is more valuable. **THIS IS WHY BUSINESS PROPERTY INCREASES RAPIDLY IN VALUE, WHY ITS INCOME GROWS CONSTANTLY, AND WHY IT IS MORE SECURE THAN OTHER CLASSES OF PROPERTY.**

TRUSTEE PROPERTY NO. 2.

Most investors know this, and would be only too willing to put their money into business property if they could. The Trustee Company of Los Angeles, through its method of Unit Ownership, makes it possible for all classes of investors to own the very best centrally located business property. **BY THIS METHOD THE LARGE INVESTOR CAN DIVIDE HIS HOLDINGS INSTEAD OF HAVING ALL IN ONE PROPERTY, AND THOSE WITH SMALL MEANS ARE ENABLED TO REAP THE RICH PROFITS FROM BUSINESS PROPERTY FROM WHICH THEY HAVE HERETOFORE BEEN EXCLUDED.**

This is best illustrated by considering Trustee Property No. 2. The ground and building has a value of $525,000, and is divided into 525 Units, which are now selling at $1,000 each. You can buy as many Units as you wish, or you can buy fractional parts at $100 per one-tenth. These Units are conveyed to you by an Investment Bond, having coupons upon which, when detached and sent to The Trustee Company four times a year, the dividends are paid to the investors. These Units can be sold by simply having them re-registered on the books of the company; they can be devised by will as you wish; they can be used as collateral at the bank, and they are non-taxable.

EIGHT PER CENT. ASSURED.

More than one-third of the highest paying part of this building has been rented, and a careful estimate based on conservative figures for the remainder enables The Trustee Company to announce that **IT WILL UNDOUBTEDLY PAY UNIT OWNERS AT LEAST 8 PER CENT. THE FIRST YEAR.** Until the building is completed, which will be about Jan. 1, 1908, The Trustee Company assures investors 6 per cent. interest.

This building is ten stories high on ground 50x155 feet, with steel frame encased in reinforced concrete. **THE PROPERTY IS UNENCUMBERED, AND ACCORDING TO THE TITLE DEED CAN NEVER BE ENCUMBERED.** It will be fully insured against loss by fire, and will also carry rent insurance, so that in case of damage by fire there will be no loss from rents during reconstruction, thereby assuring the Unit owners regular quarterly dividends.

If you want a safe investment which will yield a profitable income and constantly grow in value as long as you have it, you should investigate this property. If you write or call for our booklet No. 5, you will receive an explanation of Unit Ownership of Business Property, and also full particulars about Trustee Property No. 2.

GUARD TELLS OF TORTURE.

Story of Cruelty Comes from New Mexico Prison.

Convict Is Severely Punished for Light Offense.

Sensational Testimony Given Against Management.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) June 13.—[Exclusive Dispatch.] Santa Fé, N. M., is stirred to the depths over revelations already made in an investigation which is being made into the management of the Territorial penitentiary. Charges had been filed against Superintendent Arthur Treiford and the investigation followed. Even more startling exposures are looked for. Some of the testimony today is as follows:

Timothy Bren, formerly assistant cell house captain, testified under oath that William Meyers, serving for burglary, was tied up by his hands in a dark cellar because, with others, he had gone to the open windows of the bath-room to warm himself on a bitter cold morning.

Bren obeyed the orders to tie up the convict as given by Superintendent Arthur Treiford and gave him just enough bread and water to keep him alive. Meyers was handcuffed and his hands were chained to the wall above his head. He was thus kept from ten to fourteen hours a day for seventeen days. On the sixteenth day he fainted twice from weakness. When Bren reported to Assistant Superintendent Rample that official said: "I do not know how that fellow lives; some one must be feeding him."

On the seventeenth day Treiford asked Meyers: "How do you feel?" and when Meyers remonstrated against the inhuman treatment, Treiford slapped him on the face.

Bren testified that he felt so badly that he turned his head and walked away and heard two more slaps. Treiford then ordered Meyers on three-quarter rations and upstairs into a dark cell where the prisoner was still confined, when Bren left the penitentiary.

CRIME BRIEFS.

Ohio Man Slays Family.

IRONTON (O.) June 13.—Charles Shafer of Symmes Creek today shot his wife and her mother, Mrs. George Thacker. He then took his 8-year-old son upon a hill, shot him dead and attempted to burn the body. Then he escaped. Domestic trouble is given as the cause.

Highwaymen Kill Merchant.

NEW YORK, June 13.—August Meyer, a well-to-do shoe dealer of Brooklyn, was so severely beaten by three highwaymen today that he died several hours later. One of the alleged assailants, Nicholas Fennimore, aged 20 years, is under arrest.

RUSSIA NOW FEARS CHINA.

MANCHURIANS ARE ACTING IN ARROGANT MANNER.

Mandarin Beneficiaries, Despite Subsidies Paid Them, Are Breaking Away from Russian Control, and Czar's Government Is Losing Prestige in Peaceful Contest.

[BY THE ASSOCIATED PRESS—A.M.]

HARBIN, June 14.—Russia's plan of reconstruction in the Far East now appears to be based on fear of China.

Notwithstanding a lack of money, Russia is endeavoring to greatly strengthen her Siberian border. The effect of their loss of prestige with the Chinese, especially the Manchurians, and the breaking away of high Mandarin beneficiaries, despite the subsidies paid them, together with the lofty attitude of China, now that the Japanese are regarded as hectoring and browbeating them, powerfully impresses the Russian people.

All the Russians formerly employed on the island of Saghalien have abandoned the Japanese there, though they are needed in various industries. The frontier line in Saghalien and Between Russia and Korea is strictly military. Russia's contentions regarding the fisheries have been disregarded and the negotiations for joining the Russian and Japanese railways at Kwang-Chengtsu have failed, the Japanese conducting both along their own lines. The Russians declare their inability to combat Japanese advances on Manchurian interests.

Minister of War Terauchi last week visited and inspected the Japanese strategic position at Kwang Chengtsu, causing disquiet to the Russian officials, who say that the relations between the two nations are not yet on a working basis.

While classes view the Russian tenure south of the Amur as temporary, Primorsk is regarded as a territorial outpost, where, on account of lack of funds, Russia has suspended the construction of barracks and other works to house an increased garrison, but continues to push immigration.

The failure of government railways and other peaceful methods of conquest used in the past to establish Russian trade or meet the new conditions in Manchuria has forced Russian vested interests here to appeal for the introduction of foreign enterprises, which it is expected, would constitute a barrier to the Japanese. In Siberia, the double tracking of the railway has been indefinitely postponed, and the government is devoting itself solely to correcting Russia's original strategetic Chinese frontier as shown by the resurvey of the Amur Railway north of the Amur River. It is planned to connect the Amur and Baikal roads, giving protected communication to Primorsk, in case of accident to the exposed Trans-Baikal Railway, or the loss of the indefendable Manchurian railway.

The Russian Ministry of War is inaugurating a generous policy of exploration in Eastern Manchuria, Mongolia and the Amur Basin, but the government is subsidizing business in Mongolia only outside of the Japanese sphere, the purpose being to strengthen Russia against the newly-inspired Chinese aggression.

ORPHANS GIVEN OUTING.

NEW YORK, June 13.—More than 2500 orphans of Manhattan and Brooklyn were made happy yesterday by a trip to Coney Island as the guests of the New York Motor Club and the Long Island Automobile Association. Three hundred motor cars, loaned by the various companies and private individuals, were used to transport the young visitors to and from the island. Mrs. John Jacob Astor, John W. Gates and many other wealthy persons contributed cars.

1 OZ. PERFUME FREE.

Friday we will give 1 ounce of perfume free with each cake of Vosburg's Violet de Parme Soap, sold at 25c; choose from four odors—violet, rose, Queen Isabella and Trefel. Limit, 1 ounce to customer. Friday only.

CITY'S EXPERIMENT COSTLY.

Municipally-Owned Electric Light Plant Proves to Be Veritable Hive of Trouble and Expense.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON (Ind.) June 13.—[Exclusive Dispatch.] Municipal ownership has placed this city in a peculiar position with respect to its electric light plant, and the Common Council is now wrestling with the situation, which has developed from its experience of less than five years. Electricians who have recently made repairs on the plant are unable to collect their bills, and attorneys have notified the Common Council that suit will be brought and the plant levied on unless payments are made at once.

On the heels of these threats notice has been served that the boilers are unsafe, and that the lives of employés are in danger every moment they are in the plant. As if this was not enough, two experts, employed to report on the cost of needed repairs, have filed an itemized statement showing that it will take an expenditure of $65,000 to remodel the plant and put it in a serviceable condition.

The city has no money in the electric light fund, and very little in the general fund, and the people are bitterly opposed to issuing bonds, as this would mean increased taxes, and at best a questionable service under municipal direction. A special meeting of the Council has been called to consider the situation.

SOLON IS SIGHTLESS.

Man Who Will Represent Oklahoma in United States Senate Has Been Blind Since Boyhood.

[BY DIRECT WIRE TO THE TIMES.]

ENID (Okla.) June 13.—[Exclusive Dispatch.] T. P. Gore, who has been nominated by the Democrats of Oklahoma for United States Senator, which action is equivalent to election, as the new State is strongly Democratic, has been blind since he was 11 years old, when he accidentally shot his right eye out with an arrow gun. At that time he was a page in the Mississippi Senate. Three years before a playmate, while in boyish passion, had blinded his left eye with a stone.

Gore, who has a marvelous memory, has won laurels in politics and law. A page at 11, nominee for Legislature at 19, Populist elector-at-large in Mississippi three years later, unanimously selected in 1900 for a Congressional standard-bearer by the same party in Texas, while absent in South Dakota speaking for the fusion ticket—such is the political history of Thomas Pryor Gore. But always he was defeated. He never held office since he was a page in the Mississippi Senate. He has made stump speeches in Oklahoma, and has been active in all campaigns since he removed to this Territory.

CRANK USES MAIL.

Prize Winning Woozy Letter Is Received by Mayor McClellan of New York.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 13.—[Exclusive Dispatch.] What the secretaries of Mayor McClellan characterize as the prize-winning crank letter was received at the Mayor's office this morning. It reads as follows:

"The Mayor, New York City: Dear Sir—By absolute force fulfill the order of the Vampire of The World. Get him and take him abroad in his own palace ship and fill the Alpha and Omega stunt. Have the orders exactly fulfill and get the orders from my clothes. Get him at 12 o'clock midnight according to orders given and conditions in those orders. Keep this a secret until started aboard the palace ship. Know who to get and in absolute accordance with written orders.

"Get a Rainer (coach car, purple color, black trimmings) 75 horsepower and get him at his house. Bring Admiral's undress uniform and saber sheith. Two English, two United States naval officers (captains). Car driven by lieutenant commander United States Navy. Have First cavalry meet him on dock entire. And do exactly as written order.

"Yours truly,
"Vampire of The World."

HAS THE FIRE HABIT.

ST. LOUIS, June 13.—[Exclusive Dispatch.] Clemens Hattenbrook, who claims to be a bricklayer from Los Angeles, was arrested early today in the burning building occupied by the Racine Sattley Buggy Company. Firemen found Hattenbrook standing inside the building at the rear, while the fire was at its height. They dragged him out and turned him over to the police. He was taken to the station and locked up. Hattenbrook said afterward that he had been drinking in a saloon near by, and when the department passed the place he, with the proprietor, had gone to the fire.

"I used to be a fireman myself," he said, "and I guess the old instinct is there. I heard some one cry, and went in. That's all there is to it."

THE NEW REMEDY

Take It Now that Vacation Days are Fast Approaching.

Thousands of men and women are anxiously looking forward to the vacation days that come in June, July and August—not so much for the pleasure or enjoyment as for the chance of getting rid of their ill health.

To thoroughly drive away troubles of the stomach most people think they have to make a business of it with dieting, exercise and perhaps a vacation.

But Mi-o-na stomach tablets taken with regularity, in a very few days will drive away indigestion, dizzy spells, distress after eating, headaches, sleeplessness, and many other symptoms of bad indigestion and sluggishness of the digestive organs that keep people from enjoying themselves.

Day after day, at work behind desks or in the factory with poor sunlight and air, soon results in sluggishness of the entire physical and mental apparatus. The first slight symptoms of indigestion can be easily cured, but when they are allowed to increase without any help, then the stomach complaints become hard to shake off.

Strengthen the whole digestive system with Mi-o-na and you will soon find that both stomach and bowels do their work as they should.

We absolutely agree that your money will be refunded should you buy a 50-cent box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50 cents. Booth's Miona Company, Buffalo, N. Y.

R. D. ROBINSON COMPANY

OFFERS YOU

For a limited time an opportunity in a high grade mining stock that is the equal in the element of safety of an investment in "inside" Los Angeles real estate, with practical certainty of phenomenal profits like those enjoyed by our early investors in the famous Goldfield stocks. This is not the stock of a prospect, but of a MINE, A PRODUCING MINE, A MINE WITH HUNDREDS OF TONS OF HIGH GRADE ORE NOW ON THE DUMP AND HUNDREDS OF SACKS OF THE SAME SORT OF STUFF NOW READY TO SHIP. This ore runs from $100 to $800 per ton. Developments show that there is an incalculable amount of ore just as rich, and richer, yet to be mined. The ore is literally shot full of gold, clearly visible to the naked eye; the samples on exhibition in our office will prove the correctness of this statement.

The company will soon be in a position to pay dividends, and when they commence the stocks will rise swiftly to a point that will enable buyers at the present price to reach rich profits, just as they have in the Goldfield stocks we sold last year.

We were fortunate enough to secure the sale of a small allotment of this stock, and we can offer it at the first price. The allotment cannot last long, and we wish to sell it to as many people as possible, for we know it will be a big money maker and a money maker is a patron creator. We made a long list of abundantly satisfied clients out of the Goldfield stocks we sold and we are going to add to the list those who buy this stock. So great is our confidence in the property back of this stock that we are willing to have any investor visit the mine, with the express stipulation that if such investor, after inspecting the property, is dissatisfied, we will refund the amount of his or her investment and in addition pay all necessary expenses of the trip. This is a strong guarantee, but we make it willingly and without fear, for we have a rock-rooted faith in the mine in which we tender you an opportunity to secure an interest.

Our allotment of this stock is so small and its merits as an investment so obvious that we shall not get out any elaborate descriptive matter pertaining to it, but if you will call at our office all details will be submitted to you, or if you will write or telephone your address we will send full information, specimens of ore., etc.

Remember, we sold Mohawk at 50 cents per share and inside of a year bought it back at $20.00. Well, we have another Mohawk. Do you wish any of it? If so see us.

DEATH RECALLS FURORE.

Philadelphia Doctor Who Caused Sensation by Marrying Housekeeper Dies in London.

[BY DIRECT WIRE TO THE TIMES.]

PHILADELPHIA, June 13.—[Exclusive Dispatch.] Dr. Charles Evert Cadwalader died in London today. Dr. Cadwalader, who was a member of one of the oldest and most distinguished of Philadelphia families, was in his sixty-eighth year. He is survived by his widow, who was, before her marriage, Mary Bridget Ryan, his housekeeper.

Dr. Cadwalader caused a sensation in July, 1897, by making his housekeeper his wife. The result was that he was ostracised by fashionable society. He lived quietly at home with his new wife, until the end of 1904, when he decided to sell his relics in the old mansion and go abroad. Little has been heard of him since this departure until last March, when a dispatch from London stated that his 2-year-old son, John Biddle Cadwalader, had died.

The child's body was brought to Philadelphia and buried in the family lot in the historic Christ Church burying ground. The death of the child caused the father's death.

OVERSHOES GIVE BURGLAR AWAY.

GOLOSHES WORN ON BRIGHT DAY GIVE POLICE CLEW.

Well-dressed Young Man Who Had Gained Confidence of Pretty West Philadelphia Girl Proves to Be Burglar and Former Associate of Notorious Biddle Brothers.

[BY DIRECT WIRE TO THE TIMES.]

PHILADELPHIA, June 13.—[Exclusive Dispatch.] John M. Parker, a well-dressed young man, who has been in this city for three weeks, posing as the son of a rich man, while he worked himself into the graces of pretty Miss Marie Gallagher, a West Philadelphia girl, who was to be his bride, has come to grief.

Through his own carelessness in getting drunk and wearing a pair of overshoes on a clear day, he brought to the attention of the police the fact that he was a notorious burglar and a former associate of Edward and John Biddle, who made a sensational escape from prison in Pittsburgh several years ago.

A little celebration, too much drink, and Parker's belief that he was dying laid bare to the police the details of his Jekyll-Hyde life in a manner so unique that the police at first were inclined to doubt his narrative.

While fuddled, Parker fell off a trolley car at Eleventh and Spruce streets last Monday night on the way to his boarding-house on Locust street, near Broad. His head was badly injured, and the Nineteenth District patrol rushed him to the Pennsylvania Hospital. His injuries were dressed, and the house surgeon took an admission card to write down a history of the patient.

"What's your name?" asked the doctor.

"John Parker," was the reply.

"Your occupation?" asked the doctor, who by this time noticed the heavy gum shoes the patient wore. "Not a gum-shoe man, I hope?"

"Close to it," was the surprising response of Parker. "I am a real burglar."

"You're delirious," was the doctor's reply.

"Honest, I am a burglar, doc," insisted the patient. "I am a real crook; served lots of time. Why, I am Pratt, alias Reddy Corney, from Toronto, Canada. Look me up and see if I ain't. You won't believe me when I tell you I knew the famous Biddle brothers."

The doctor thought the man was suffering from nerves, but he called the superintendent of the hospital, and Parker again insisted that he was a burglar. Then the police were notified. John Duey and John Lynch, detectives, were sent to investigate. By the time they reached the hospital, Parker realized his carelessness in talking too much. "I was only kidding," he said to the detectives.

"That won't go," they replied. "How is it you wear such peculiar-looking rubber shoes, and what do you do with the rubber bands stuck inside your coat? They look like a crook's outfit."

"Well, it's all over," replied Parker; "but don't let the girl know; she thinks I'm honest."

Parker then explained that he had served seven years in Toronto for house-breaking. He said he had done other time under the names of Carney and Pratt. He recalled the statement that he knew the Biddle brothers.

PINK TEAS TO ENLIVEN WORK.

FACTORY MEN HOPE TO SOLVE LABOR PROBLEM.

Plan Series of Receptions in Effort to Induce Women and Girls to Remain in Their Employ Instead of Seeking Outdoor Work or Listening to Cupid.

[BY DIRECT WIRE TO THE TIMES.]

SANDUSKY (O.) June 13.—[Exclusive Dispatch.] The Hind & Dausch Paper Company has decided to conduct a social campaign in an endeavor to procure girls to work.

The officers have been puzzled over the question two years, but they succeeded until a few months ago in getting enough help to keep the plant running at nearly its capacity. Lately, however, the girls have quit, some to enter matrimony and others to seek employment in other lines of business, crippling the factory.

All sorts of advertisements and all kinds of inducements have failed to lure women and girls. Today the management announced it would give a series of receptions and pink teas in the factory to show women and girls what a nice plant it is and how agreeable is the work. All the girls over 16 years and all the women dependent upon their own efforts for a living will be invited to these social functions.

"We have tried every plan imaginable to get enough girls and women for our factory, but without success," said Manager Barnes tonight. "Now that we have hit upon the reception scheme we hope to get enough help. We can at least get the women and girls into the factory, and after they see how it is run and what a nice place it is to work in, I think we shall have solved this scarcity of female labor problem. The scheme is novel, and for that reason it ought to work out all right. We can get along in the winter, but when summer comes the girls want outdoor work."

THE RECENT MARVELOUS SUCCESS OF ANOTHER WORTHY LOS ANGELES ENTERPRISE

Only 4,700 Shares Left From Last Allotment of Stock. Special On Them Today and Tomorrow

Pacific Coast Soda Company Interests a Gentleman who is Figuring on Buying 270,000 Shares of its Preferred Stock—If Sale is Made No More Shares Will be Sold—Stock Worth Double Present Price.

It was a most remarkable campaign that was closed with election day, on the part of the Pacific Coast Soda Company. An allotment of 50,000 shares of the Preferred stock of the Company had been offered and in counting up the total sales for the two weeks it was found that all but 4,700 shares had been subscribed, at the dollar price, with the bonus of 25 shares of the common stock with each hundred shares of Preferred. And now, today and tomorrow, to clean up the entire allotment, the Company, at its general offices, 512 South Broadway, will offer these few shares in blocks as low as 40 shares Preferred at $1 with 10 shares common free or 60 Preferred and 15 common, or 80 shares Preferred and 20 common shares free. This is done to induce perhaps many small investors whom they have found misunderstood their offer of 25 shares common free with each 100 shares Preferred. Thinking it was necessary to buy $100 worth, or more, to get the bonus. It is only because they have found this mistaken opinion to exist that they open up the sale for Today and Tomorrow. In congratulating themselves, Mr. James Austin Larson, President of the Company, said, "We very much regret if any investor, however small, has thought that our Enterprise was for the big buyer only, for the small buyers' money is just as good as anyone's else, and to show that we mean it, we offer the investor, large or small, liberal terms, say half cash and the balance in payments that will be easy to meet."

"While speaking of this subject I have a word of good news to give the share holders of the Pacific Coast Soda Company. We have now, the very bright prospect of making the sale of 270,000 shares of the preferred stock to one very wealthy gentleman. The chances are 4 to 1 of closing the deal, and if it goes through it will close out the entire preferred stock and immediately make every share of the Company worth Three dollars, for it will put the Company on such a strong financial basis, entirely pay for the building of our complete plant and within six months place the Company on a tremendously large dividend paying basis. So that your stock will have a book value, on its earnings, of 300 per cent. profit. Now it don't make a bit of difference how much, or how little, you have of this stock, you can get three for one for it if we make this sale. In regard to the Earning Capacity of our Enterprise I want to repeat to you the statements of Mr. John Nelson Lund, a gentleman who bought quite a block of this stock this week. Said Mr. Lund: "Mr. Larson, you don't have to talk to me about profit in the Alkali Chemical business. I have spent many years in this business. 40 per cent. is nearer the profit that the Eastern manufacturer makes. I know for I have helped them make it, and they do not have these great big deposits of crude material such as you do. Why Mr. Larson, your Company has the greatest opportunity of any Alkali Chemical business I ever heard of and I shall be surprised if you don't double your money, unless you sell it too cheap and you don't have to do that because the East is 3000 miles away from here and that is the only place these factories, laundries, etc., can buy their supply."

Mr. Lund is a Norwegian Chemist and Alkali expert who has worked many years in the factories of the Eastern states, where they make all their soda products from salt by an expensive chemical process.

The office of the Pacific Coast Soda Company, 512 South Broadway, will be open today and tomorrow and they will receive subscriptions on these 4700 shares that are left. If the entire number of shares are over subscribed they will make a pro-rata disbursement of them so you will be acting wisely to make your subscription as large as possible to be sure of getting a liberal share. Remember Mr. Larson's promise of half cash and easy terms. Out of town buyers who should write for some of them, will get just as considerate treatment as though they came to 512 South Broadway, the offices of the Company. Now you can figure on this one thing sure, that if the Company should in the future place another allotment on the market, that the price will be higher, not less than $1.25 perhaps, and no bonus of common stock. And if the big sale goes through then there will be absolutely no more offered by them at any price. You can afford to get in now on that kind of a prospect besides, considering the high character of the investment you are buying.

ANOTHER ILLUSTRATION OF THE COMMERCIAL IMPORTANCE OF LOS ANGELES

Sunset Magazine Establishes a Special Southern California Business Department

Los Angeles to be a New Center of Activity for This Splendid Western Publication. To be in Close Touch With the Industrial Development of this Great Region South of the Tehachepi

The rapid strides that Los Angeles and Southern California have made in commercial and social prominence is perhaps best illustrated by the character of the business interests that are attracted to it. One of the most recent acknowledgements of this, is the establishment here of a new department of Sunset Magazine, for the handling of its growing business in the local field. For some time this publication has been seeking an entrance into closer touch with the affairs of the Southland. Many business men have felt that the north has had more than its share of attention, and as the vital reason for the circulation of this publication is to make known the many advantages of the entire Pacific Coast states; its large industrial opportunities, as well as the attractiveness and beauty as a home place, this move of Sunset will, or should be, a welcome factor in the life of this part of California. There is no doubt about the loyalty of Los Angeles business interests toward every influence exerted in its behalf. Quite recently the publishers of Sunset Magazine have spent $50,000 advertising their publication throughout the east. Many thousand copies have been circulated and subscriptions taken for this magazine, and during the next year the influence of these monthly visits of Sunset to its new readers in eastern states should tell mightily for California. In the near future—during July—Los Angeles will entertain many thousand school teachers, and with this in view, Sunset has directed much of its attention toward laying a broad foundation for the favorable opinions of this intelligent class before they reach "Sunshineland" and are "shown." During this National Educational Association meeting, Sunset will be on hand and in close touch with each session that it may reach the great rank and file of its membership. One of the greatest single pieces of descriptive literature ever published in any land, at any time, is the beautiful booklet entitled, "The Road of a Thousand Wonders." It contains 124 colortype pictures of typical scenes on "The King's Highway." It follows the course of the old trail of the friars—El Camino Real, and gives in most graphic form—beautiful pictures, this great "way of the west"—for it may not have occurred to many that the iron steed of the S. P. now traces, from the orange groves of this semi-tropic southland, to the majestic forests of the mighty north, this same old "Highway of the King," once trod in silence by those old saints of the church. So is fashioned into poetic beauty, both of prose and picture, the story of this Empire of the Pacific. You will say when you see this beautiful publication, "Here is surely the first, truthful, fitting description of this wonderful west," and Sunset Magazine is giving this book—"The Road of a Thousand Wonders"—free with each and every subscription. Certainly a magnificent present and a most efficient piece of publicity for California.

What was once only the information bureau at the general ticket office of the Southern Pacific, Sixth and Spring streets, is now also the headquarters of this new department of Sunset Magazine, in charge of C. W. Hibbard, manager for the vast territory from Tehachepi on the north to New Orleans on the south. From this new office will be directed the activities of the magazine in this section.

The subsequent numbers will show the effect of this new relation by bringing into greater prominence Los Angeles and its environs.

In its efforts to extend the circulation of the magazine in Southern California, a most magnanimous offer is being made the girls and boys. Ten or more magnificent trips will be given as premiums for certain numbers of subscriptions. Trips with all expenses paid, ranging from Catalina to Yosemite Valley, will be given, and to the boys or girls who prefer to earn the cash, liberal commissions will be paid. To handle this contest a special office has been opened at 120 West Sixth street, between Main and Spring, in the office of the California Farm Land Company—booth four—where the attendants will give the boys and girls all needed information each week day during the hours from 3 to 5 p. m., and all day Saturdays from 9 a. m. to 4 p. m. There is certainly a great vacation trip awaiting the girls, or the boys, if they "get busy" for Sunset Magazine.

The opening of this new department should closely cement the business relation of Southern California with Sunset Magazine in its splendid effort to spread the glad news of California's goodness.

OKLAHOMA PICKS OFFICIALS.

Territory Selects Nominees for State Offices When It Is Admitted to Union.

[BY THE ASSOCIATED PRESS—A.M.]

GUTHRIE (Okla.) June 13.—Following is the successful ticket as far as the returns show:

Governor—C. N. Haskell.

NEWS AND BUSINESS.

Banquet at the Westminster.

The Fifth Street Department Store last night tendered to the heads of its various departments a banquet at the Westminster Hotel. Fifty plates were laid.

Brotherhood of St. Andrew.

A. B. Wiswell of Halifax, N. S., vice-president of the Canadian Brotherhood of St. Andrew, is in the city, and will address the Los Angeles district assembly in St. Paul's parish house on Saturday evening at 8:30. The visitor comes direct from the convention of the Canadian Brotherhood at Winnipeg, and while here will be the guest of Mrs. A. H. Woodill, No. 939 Valencia street.

New Social Club.

The boys of Pico Heights have organized a social club to be called the M.O.T. The officers elected are Homer Clark, president; James Pease, vice-president; Robert Pease, secretary-treasurer. An interesting programme was given at the first meeting Wednesday night at the home of Arthur Boyles on West Fifteenth street, the feature of which was a piccolo solo by Homer Clark. Refreshments were served.

May Lose an Arm.

Roco Causo, an Italian, employed in repairing the tracks on the West Second-street line, was struck and seriously injured by an east-bound car of that line yesterday afternoon. Causo's right forearm was mangled and his thumb and two fingers were crushed off. He was taken to Second and Broadway on the car and then hurried to the Receiving Hospital. It is thought that amputation of the arm will be necessary.

Graduates in Osteopathy.

The graduation exercises of the Los Angeles College of Osteopathy were held last night in the Woman's Club House, the address to the class being delivered by Judge Curtis D. Wilbur. The following persons received diplomas from the school: G. Katherine Arnold, Ida E. Barto, Alice B. Chaffee, Minerva Cushman, Guy W. Elder, Agnes L. Fisher, A. G. Hoadley, Oona May Robbins, Blanche Reynolds, Virginia T. Smith, Ret C. Shaw, Eldora A. Rife.

Produce Exchange's Spread.

The Los Angeles Produce Exchange will hold its annual banquet at Coronado Hotel, Coronado Beach, tomorrow night. The spread is to be the largest affair ever given by the exchange, and will be attended by ninety or more of the leading produce and wholesale dealers of the city. Chester Thompson, chairman of the Committee on Arrangements, has chartered a private car of the Santa Fé to leave here for San Diego at noon tomorrow, at which time all of the produce houses of the city will be closed. Sunday night at 6 o'clock the party will return to this city.

BREVITIES.

SEEK WOUNDED HOBO.

Officers Who Participated in the Gun Fight With Tramps at Burbank Know One Was Winged.

It is now positively known that the tramp who shot Deputy Constable Beals at Burbank Saturday night during an attempt to round up a party of hobos who were on a freight train, was wounded in the gun fight with Constable Catlin. Yesterday the tramp's overcoat and revolver were found, and a portion of the overcoat was soaked with blood, indicating that the man who had discarded it was suffering from a wound. It is believed Catlin's bullet struck him in the face or head. This belief is further confirmed by Catlin's statement that when he fired one of the men he was after dropped to the ground, but crawled under a box car before the officer could reach him.

The Sheriff's office has issued the request that any physician who may be called upon to dress a gunshot wound for any stranger will be doing the public a service by notifying any of the peace officers. It is known that the wounded man came toward Los Angeles, and he is believed to be hiding in some tramp camp. His trail was followed for several miles yesterday, and here and there were found drops of blood. The trail was lost when it reached an oiled country road.

Beals, the wounded officer, will recover, although his wound is quite serious. He was on a box car driving out the hoboes, when one of them fired at him. Catlin, who was on the ground, saw the shooting, and at once opened fire on the man. The three companions of the hobo who did the shooting were captured, but the officers have been unable to get any information from them.

TELEPHONE WEDDING ILLEGAL.

Relatives Lose Large Estate Because Court Finds Marriage by Wire Is Not Good.

[BY DIRECT WIRE TO THE TIMES.]

GALVESTON (Tex.) June 13.—[Exclusive Dispatch.] The estate of the late Thomas Wemberley, the wealthy ranchman and valued at over $200,000, is tied up because the Nolan county court holds that a telephone marriage is not legal. When Wemberley died some months ago a contest of the will was made by relatives and the court held that a marriage ceremony to be legal must be solemnized by a minister or other authority in the presence of the contracting parties and witnesses.

The romantic courtship of the Wemberleys was terminated in a telephone ceremony in which the bride and groom responded to the justice who married them over a telephone wire twenty miles apart.

A few years ago in East Texas, a judge refused to recognize a man and woman as man and wife in a court proceeding because they had been married by long distance telephone. They were remarried by a minister and the law was not given a test. The Wemberley case will be taken to the highest court.

OBITUARY.

Henry S. Hanks.

ALAMEDA, June 13.—Henry S. Hanks, a pioneer of California and ex-State Mineralogist, died here last night. He was a native of Ohio, 81 years of age.

The chances are that unless a man keeps his ear glued to the keyhole he will not hear opportunity knock at his door.

Furthermore, if you will look around you will see that the men who apparently have been given the most opportunities and who have made the most of their opportunities are most careful about their appearance. In this day and age no man who wishes to succeed in business can afford to overlook the advantage of being well dressed. And pursuing that line of logic a little farther, no man can overlook the dividend-declaring power of Brauer-Krohn made-for-you attire.

You will find most of the most prosperous men of Los Angeles in our clothing.

Anti-Trust Feather Pillows
25 Per Cent Discount From Our Regular Anti-Trust Prices

The pillow question is a hard one. Many manufacturers are in the "just as good" class. They make pillows from wool, cotton, fiber and other materials mixed with feathers and persuade some dealers to buy because the price is a few cents less. When you buy pillows insist they are filled with feathers only! That is the only way you can get pillows that will stand the test of time.

Our pillows are filled with feathers only. They are manufactured expressly for us. They are SANITARY and ODORLESS!

Our prices are $1.25, $1.50, $1.75, $2.00, $2.50, $3.00, $3.50, $4.00, $4.50, $5, $5.50. Less 25 per cent. discount during this sale.

PENS HIM IN SMOKEHOUSE.

Woman Traps Former Spouse Who Showed Fight.

Then Seeks His Arrest for Uttering Threats.

He Breaks from His Prison Ere Officers Come.

When Mrs. R. B. Wilcut's former husband, got obsterperous around her ranch home yesterday, she locked him in the smokehouse and put him to sleep. Thinking he was secure for an hour or so, she hurried to the court of Township Justice Stephens, where she swore to a complaint charging him with threats to assault and murder. When the officers looked in the smokehouse a little later the man had disappeared.

Since securing a divorce from her husband a year ago, Mrs. Wilcut and the children have lived at No. 3762 Princeton street, just beyond the city limits, on Boyle Heights.

The couple had a row on Tuesday over the possession of their 4-year-old daughter. The child was playing in the yard at her mother's home during the afternoon when her father drove up in a carriage and carried her away with him to Montebello.

Mrs. Wilcut went to Montebello, gave her husband what she called a "good lecture," and returned home with the little girl.

It is said Wilcut looked upon the legal separation as something that did not interfere with some of the rights as to his wife's property that he had enjoyed before they were separated, and the charge is made that he went out to the Princeton-street house on Wednesday night and borrowed one of his wife's horses from the barn without asking permission.

He dropped around at the house yesterday to see how Mrs. Wilcut felt about the matter, and a lively row started. It seems that Mrs. Wilcut, who is a handsome blonde, and muscular, did not look upon the matter of the horse as a joke. The neighbors say the pair got to wrangling so fiercely that some of the hardest words fell with a heavy thud on the city side of the boundary between Los Angeles and the adjacent territory to the east.

The angry voices seemed to portend disaster, and several women in the neighborhood got together and held a consultation that resulted in a telephone message being sent to the police. Patrolman W. F. Cooper was hot-footed out to the scene of the conflict.

Meantime, Mrs. Wilcut had decided that moral suasion was the best means of pacifying her one-time spouse. She remembered how fond he had been of ham in the early days when love was young, when he would come home on Saturday nights with a fine big hind quarter of pork under his arm, to be sliced and served at breakfast with eggs with the sunny side up.

So when the trouble was at its height and she had her fears as to what the outcome might be, she suddenly remarked:

"Joe, do you remember that little white shoat that used to run around the yard with the children just before we were divorced?"

It seemed to Wilcut that it was rather an odd question to ask just then, and the novelty of it was what threw him off his guard.

"Why, yes," he replied, forgetting for the instant that he was engaged in a quarrel. "I remember that white shoat. It was a mighty pretty little pig. Where is it?"

"Well, Mrs. Wilcut answered, "it got so fat we had to kill it. And we have some of the loveliest hams in the smokehouse that you ever saw. Don't you want to see them?"

"Sure I do," responded the belligerent Wilcut, and he followed his wife meekly to the smokehouse.

Stepping aside, she let him enter, then she slammed the door behind him and latched it on the outside.

In a trice Wilcut realized that he had been trapped, but it was too late. In vain he pleaded to be released. For an hour Mrs. Wilcut stood guard, until measured breathing combined with sounds suggesting that the white shoat was alive again and rooting, convinced her he was asleep.

About this time Patrolman Cooper appeared. He had discovered that he had left his authority behind when he crossed the city line, and he told Mrs. Wilcut he could do nothing to help her.

"Oh, I don't need any help," she replied. "I have put him to sleep in the smokehouse."

Then Mrs. Wilcut went down to the justice court and swore to the complaint, and in her absence Wilcut awoke and somehow effected his release from the smokehouse. Some of the neighbors told the deputy constable that they saw him last making his way toward Montebello. He had not been found up to a late hour last night.

RECOGNITION FOR MUSEUM.

Southwest's Curator Made Member of Committee for International Congress of Anthropology.

Less than three years ago an association was organized in this city that had for its purpose the establishment of a free public museum.

The Southwest Museum is already an accomplished fact. It has, in its temporary quarters in the Pacific Electric Building, what is said to be the most scientifically interesting collection in the United States west of the Mississippi River. Now comes recognition from afar for the museum and its curator, Dr. F. M. Palmer. He has been appointed a member of the American Committee to Further the Interests of the International Congress of Anthropology, to be held in Cologne in August.

Dr. W. H. Holmes, chief of the Bureau of American Ethnology, Washington, is chairman of the committee, and its eighteen members comprise leading anthropologists, ethnologists and archeologists of America. The appointment of Dr. Palmer is a matter of local pride, and a triumph for the Southwest Museum. It is also a partial recognition of the scientific manner in which he has conducted the investigations and explorations intrusted to his direction.

Dr. Palmer will present a paper at the congress, taking for his subject "Observations on the Crania of the Pueblo and Cliff Dwellers of Arizona." The programme for the congress has not been completed, but the most possible time is to be devoted to the Eolithen question.

The invitations are issued by the Cologne Anthropological Society, the occasion marking the thirty-eighth annual meeting of the German Anthropological Society. It is proposed to make the meeting an international congress by bringing together the most celebrated investigators of all lands.

"We shall endeavor to make the days spent on the Rhine in the old city of Cologne days never to be forgotten by all who join us," reads the circular letter to interested Americans.

After the congress a two or three-week journey to the low countries and France is proposed, during which the places of greatest interest from an anthropological point of view will receive special attention.

WE LEAD IN COAST TRADE.

SAN PEDRO HARBOR AHEAD OF SAN FRANCISCO PORT.

Tonnage and Number of Vessels in Coastwise Traffic Arriving at Local Haven Far in Advance of Total for Northern City for Twelve Months. Heavy Lumber Business a Reason.

That the business of San Pedro harbor for the year 1906 was greater in one important respect than that of the far-famed harbor of San Francisco, is a fact that has not been brought before into the lime light. It is set forth, nevertheless, in a striking manner in the reports of British Consul Bennett at San Francisco and Vice-Consul Mortimer at Los Angeles, in their review of the shipping of the two ports, just received in this city from the Foreign Office.

It is in the American coasting trade that San Pedro, the port of Los Angeles, leads San Francisco by a large margin. The total number of American coasting vessels that entered San Pedro harbor during the year was 1412, with a total tonnage of 635,315, while the same class of vessels entering San Francisco numbered 525, with a total tonnage of 483,094, a difference of 1087 vessels, and 150,221 tons in favor of San Pedro.

San Pedro's lead is attributed to the heavy lumber business from the north that is transacted through that port. The falling off at San Francisco is attributed by Consul Bennett to the April disaster of last year, 114 vessels of 147,549 tons less entered that port than in the preceding year.

Even with this showing, however, it is indicated that the American coasting business of San Pedro for 1906 was a trifle greater than for the port of San Francisco in the preceding year, when conditions were normal.

The report of the Vice-Consul at Los Angeles, which is taken from the United States government review, shows that of the coasting vessels entering San Pedro harbor during the year, 397 were sailing vessels, with a tonnage of 228,550, and 1015 were steamers, with a tonnage of 404,765.

When it comes to a comparison of the total shipping of the two ports, San Francisco naturally is far in the lead, although San Pedro makes an excellent showing.

The return of all shipping entering San Pedro harbor for the year shows 1430 vessels of all classes, with a total tonnage of 668,215. At San Francisco for the same period the total number of vessels was 812, and the tonnage was 1,613,732—the tonnage being nearly two and one-half times as great as at San Pedro.

The comparison is particularly significant through the excellent position that San Pedro is given as a coastwise shipping port, an importance that is becoming more appreciated as the people of Los Angeles become acquainted with the facts.

TRAMP HOME FROM COLLEGE.

Long Trip Afoot by Three Los Angeles Boys.

Twenty-seven Days on Road from Berkeley.

Plucky Youths Gain Health in Novel Outing.

Twenty-seven days out from San Francisco, after covering more than five hundred miles on foot, three plucky Los Angeles boys trudged into town late yesterday afternoon, each with a heavy coat of tan on his cheeks and each minus about five pounds of the total avoirdupois with which he left the northern city.

The hardened travelers are Stuart O'Melveny, son of Henry W. O'Melveny; Sayre Mac Neil, a grandson of the late J. S. Slauson, and Maynard McFie, son of W. T. McFie. All are Berkeley boys. McFie having just graduated with honor, while O'Melveny and Mac Neil have just completed their first year. McFie and O'Melveny are Los Angeles High School graduates, and Mac Neil is an alumnus of Pasadena High.

Three Los Angeles students at Berkeley who made the five-hundred-mile journey afoot from San Francisco to this city. Maynard McFie (left,) Sayre MacNeil (center,) and Stuart O'Melveny.

No stirring incidents marked the long walk down the coast, which was made in a leisurely manner, but there was an abundance of pleasure and a heaping measure of good health and revived spirits after weeks of hard grind in college.

Mistaken for government inspectors, "blind pig" sleuths, forest rangers, private detectives, soldiers on furlough and railroad surveyors, the party met with varied greetings along the road, were objects of suspicion in some quarters, welcome guests in others, and just plain conundrums to score of honest countryfolk, who could not understand why young men apparently well able to pay their fare should choose to walk so far for the fun of the thing.

FROM COLLEGE TO ROAD.

The party left San Francisco on May 16, the day following the commencement exercises at Berkeley. They made numerous stops where their fancy dictated along the way and left the direct road at different points for detours to places of interest.

An average of twenty-five miles was covered each day that the boys walked, and the greater part of this distance was covered before noon, the young travelers rising early and getting under way sometimes before the sun was up.

Clad in khaki, wearing sombreros and hob-nailed shoes, they carried Alpine sacks, each containing pajamas, a change of underclothing, and a few toilet accessories. The total weight of each sacks was about eight pounds.

From San Francisco the party passed through San Mateo to Half Moon Bay and on down the coast to Santa Cruz, where a side trip was made to the big tree country for a day of sight-seeing. The journey was resumed through Watsonville and back from the coast a way to Salinas and along the route of the Coast line of the Southern Pacific through the valley of the Salinas River to Kings City. Bending back a bit toward the ocean and up a steep

DISPUTE ENDANGERS LIVES.

Motorman in Interurban and Los Angeles Railway Cars Wrangle on Downtown Crossing.

Lives of passengers were endangered and traffic was blocked last night at the dinner hour when two motormen almost caused a collision during a dispute over the right of way on a downtown crossing. Edendale car No. 81, and Pico Heights car No. 348, figured in the thrilling incident.

Crowded with passengers the Pico Heights car, south bound, in charge of Motorman Hardin, approached Sixth and Broadway at exactly 5:36 o'clock. Proceeding west on Sixth street the Edendale car approached at the same moment. Neither motorman obeyed the near-side stop rule. Just in time both cars were brought to a stop, within a few feet of each other.

Frightened passengers rushed to the rear of the Pico car as Hardin threw on the emergency brake. As the car stopped with a jerk many were thrown off their feet. Neither motorman would grant the other a right of way.

Wrangling and threatening each other, the motormen continued the dispute while passengers waited. Finally Motorman Hardin was forced by passengers on his car to back away from the crossing and allow the other car to proceed. Both men appeared equally to blame for the mistake which almost caused an accident.

The conductor of the Pico Heights car, whose number is 1522, said he did not know which car had the right of way at Sixth and Broadway.

ERRING WIFE DRUGS CHILD.

Mother Charged With Having Administered Opiate to Her Daughter to Conceal Own Unfaithfulness.

Drugging her baby daughter to keep secret her meetings with Virde Parra is the charge in which Mrs. Santos Rodriguez was arrested last night. Parra was also taken in custody and is detained at the City Jail. Rodrigues effected the arrest when he discovered his daughter insensible at his home, No. 643 Buena Vista street.

Weeks ago Rodrigues heard rumors from gossiping neighbors about his wife, but he did not believe what he heard. In time, incidents occurred that made him suspicious. He learned that Parra frequently came to his home to see his wife. He interested Patrolmen Leon and Murphy in the case last night when he returned early to dinner and found the house deserted and his wife gone.

After the officers had started out in search of the missing woman, Rodrigues discovered his 3-year-old daughter lying on the bed in an unconscious condition. A physician who was summoned told Rodrigues that the little girl had been given a drug mixed with some kind of alcoholic liquor. Further inquiry by the irate husband revealed, he claims, that the child is known to have been in a similar condition several times of late.

Shortly before 8 o'clock the police located Parra and Mrs. Rodrigues in the La Guerra Hotel on North Main street, near Market street. They sent them to Central Station. When Mrs. Rodriguez was questioned she gave the name of Santos Galvies, her maiden name. She did not deny the affection for Parra, but refused to talk about the case.

U.S.C. FACULTY RECEIVES.

The faculty reception of the College of Music of the University of Southern California was held yesterday afternoon. Students of the department assisted the faculty in receiving and the affair was very formal, the guests being limited to those who had received invitations. Light refreshments were served. This was the final event of the year at the university. The next semester will open September 16.

FUNERAL HELD AFTER A STOP.

Nobody Found Responsible for Boy's Death.

Christian Science Coroner Conducts Inquiry.

Story of Lockjaw Victim's Death Retold.

Nobody was found in any way responsible yesterday for the death of Erhard Kunou, the boy who died of lockjaw after treatment by a so-called "healer," who did not know what ailed the sufferer.

The inquiry was conducted by Deputy Coroner C. M. Sage, himself a Christian Scientist. He was quickly satisfied that blame could not be fixed, and found accordingly. Coroner Lanterman said last night he did not know that Sage is a Christian Scientist adherent.

The funeral was held up the previous day by the Coroner, who still says the case shows many irregularities, was yesterday allowed to proceed, and the little victim was laid away.

Sage's report is final, whether satisfactory to all interested or not.

An investigation of the death of Erhard Kunou, the 13-year-old boy victim of lockjaw, after treatment by a Christian Science practitioner, was held yesterday at the parlors of Orr & Edwards. The father, Prof. Charles A. Kunou, supervisor of manual training in the Los Angeles public schools, was the principal figure. Deputy Coroner C. M. Sage conducted the inquiry. He is a Christian Scientist. Those concerned in the death of the child were interrogated. Nobody was blamed.

The story of the child's illness and consequent death was retold by Prof. Kunou. The manual training teacher spoke of the suffering of his son and declared he had asked a woman at the house where Kunou and his two sons lived, No. 1061 South Flowers street, to apply a remedy to the wound. He said he had called J. H. Cole, known as a Christian Science healer, and had later called Dr. James T. Fisher, as the boy's condition rapidly became worse. Kunou said he believes in Christian Science, but never forced his boys to believe it. He declared he had not neglected his son.

The account of the securing of the death certificate was told in detail, but no one was blamed for anything.

At any rate the report made to Coroner Lanterman by Deputy Sage holds nobody in any way responsible for the death of the boy.

"When I gave the case into the hands of Mr. Sage," said Coroner Lanterman yesterday, "I gave him a list of questions I wished him to ask the witnesses. I do not know whether he followed my instructions. I do know that no one is blamed. I cannot recommend the arrest of parties concerned in the death of the child, as the report given to me makes no such recommendation.

"When the case was called to my attention I at once decided to investigate the affair. I ordered the funeral stopped, and directed that an inquest be held. In my opinion the case shows many irregularities, and had I not believed the boy's death was a result of criminal negligence I would never have ordered the investigation.

"When death certificates are issued hereafter a thorough investigation of the circumstances of such death must be made. It will not do to accept the word of an undertaker without further inquiry. This case will result in good to the general public, even though no arrests are made."

After the inquest it was ordered that a new death certificate be issued for the little body, which was to have been buried on Wednesday afternoon, when the Coroner prevented. The certificate was signed, and the funeral was allowed yesterday afternoon. There was no service, but the casket was followed to the grave at Rosedale by the sorrowing father and a few close friends.

Eloquent in its mute appeal was the body of the boy as it lay in the pretty white shroud. The signs of the awful struggle of death showed on the still handsome features. Around the mouth were the signs of the convulsions produced by lockjaw.

It has been explained by Prof. Kunou that he asked the child several times if he needed a physician. The excuse is made by him that the child did not want one, and was willing to be treated by Christian Science practitioners. The Christian Science practitioner concerned admitted that he did not know what was the matter with the child.

Prof. Kunou says he blames his former wife, Mrs. J. C. Hunter, whom he divorced two years ago, for his present trouble. He declares that Mrs. Hunter and others caused the investigation which resulted in the funeral of his son being held up.

COMMENTS.

BROWN HEARD FROM.

W. E. Brown, the irresponsible press agent of the Christian Science Committee, sends The Times a long dissertation, beginning with an attack on The Times and the amazing and impertinent declaration that "there was nothing dramatic or irregular about the case."

To a person accustomed to seeing and telling the truth it did seem rather dramatic and rather irregular when the Coroner held up the funeral and refused to permit the burial.

Brown has the poor taste to attempt to edit The Times and to accuse us editors of putting into the mouths of persons interviewed things which they did not say—an offense by Brown which is unjustifiable and which The Times resents. In conclusion he makes these points:

"In the same issue of The Times under the caption 'Deaths' appear ten notices and undoubtedly these deaths occurred under the care of regular physicians.

"To be consistent these deaths should be commented on and the public should be informed of 'More Failures of Materia Medica,' and dramatic head lines should call attention to the fact that

(Continued on Ninth Page.)

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

A third rail has been laid along East Seventh street, preparing the way for the entrance of a new interurban railway line to the shopping and business district.

In a communication to the Board of Health yesterday the Civil Service Commission admonishes the Health Commissioners not to bring a case before the civil service in the future unless evidence can be produced to substantiate the charges.

Mayor Harper's bronco Fire Commissioners bolted during his absence yesterday and broke down some shrubbery in the Council's front yard.

Dr. N. C. Heron, head of a remedy company, yesterday in the Superior Court was made to disgorge money he had secured from Mrs. Ada F. Martin by a promise of steady employment.

The case of the Chinese babies, whose mothers are alleged to be unfit to have the care of them, was submitted to Judge Wilbur yesterday, after a trial lasting many weeks.

An amusing case, over the alleged identification of a pony long thought dead, was on trial yesterday in Justice Stephens's court.

The jury in the case of Benito Muilais, who was charged with murder, returned a verdict of acquittal last night.

J. D. Simmons, an attaché of the City Assessor's office, successfully defended himself in the Police Court yesterday against a charge of maintaining a stagnant pool in a fashionable neighborhood. It was shown that other city employés were at fault.

AT THE CITY HALL.

THIRD RAIL ON EAST SEVENTH.

TRACKS ARE LAID FOR A NEW INTERURBAN LINE.

Peculiar Clause in Ordinance Permits Both Wide and Narrow Gauge on the Street Under One Franchise. Electric Artery Provides Entrance to New Business District.

The City Attorney decided a dispute over a third rail on East Seventh street yesterday afternoon in favor of the railway companies. Calling attention to a peculiar clause in the East Seventh-street franchise ordinance, he said that it gave to the railway company the jurisdiction to construct a third rail on the street at any time it so desires.

Ten months ago the former Council granted a franchise for an electric railway line on East Seventh street from Broadway to Boyle avenue and along Hollenbeck avenue from Boyle avenue to the east city limits. Tracks have been laid on Seventh street as far east as the Los Angeles River. These are of standard gauge with a third rail inside so that the cars of the Los Angeles Railway Company or another narrow-gauge line may operate on the street.

Property owners on East Seventh street say that the line is to be used as a new route for the entrance of suburban roads to the business district. Laying the third rail is taken as proof that interurban cars are to run along East Seventh street as soon as the new Seventh-street bridge across the Los Angeles River is completed. Plans for this structure are now in the course of construction in the Engineer's office; they provide for a joint roadway and railway bridge, but they do not include any elevated tracks.

Opposition to an elevated roadway and railway comes from the property owners along East Seventh street and Hollenbeck avenue. Their contention is that the elevated tracks would place the bridge so high above the present grade that the roadway would not be available for heavy teaming.

At the City Hall there is some speculation as to what suburban line will enter the city over East Seventh street. It has been suggested by some that it will be part of a short line to Whittier and Downey.

Under ordinary franchise grants it is necessary to secure a second franchise in order to lay a third rail on a street. The East Seventh street franchise contains the following provision for a third rail:

"The grantee of said franchise, his or its successors or assigns shall have the right also to lay a third rail along the tracks constructed along said route by virtue of said franchise in order to conform to the gauge of other tracks of other railways now existing in Los Angeles."

In no other franchise for a main line does this provision appear. City Attorney Hewitt says that it conveys full jurisdiction to the holder of the franchise to lay a third rail.

This provision was placed in the franchise by former City Attorney Mathews; the ordinance passed the Council just as it came from Mr. Mathews's office. "I do not recall that there was any discussion over the third rail feature," said Mr. Hewitt yesterday. "I was not aware of its existence until several months after the franchise was granted."

All the older franchise ordinances contain the following provision affecting third rails:

"That in all cases where said franchise is granted over streets now occupied by other lines of street railway the grantee thereof and his assigns shall have the right to operate over any and all the tracks of such other lines, subject to the provisions and limitations of the statutes of the State of California applicable thereto, and in case the gauge of the tracks of said other lines of street railway shall not conform to the gauge of the tracks, said grantee or his assigns shall be permitted to lay a third rail over the distance traversed by said two roads jointly."

The difference between the old form and the new is this—under the old a company might lay a third rail only if the other company already held a franchise over the street and used a different gauge; under the new, the company may lay a third rail to suit the gauge of any other company operating cars inside the city limits.

CHIDES HEALTH BOARD.

ONLY HEARSAY TESTIMONY.

In an official communication to the Health Board, the Civil Service Commission took occasion yesterday to reprimand the Health Commissioners for bringing a case before the civil service without evidence to support the charges.

The case in question is that of the Health Board vs. W. H. McGill, and the communication breaks to the health board gently the news that the charges were dismissed for lack of evidence.

Commenting on the conditions revealed, the Civil Service Board says:

> Before a final decision of the case, the commission requested the presence before it of Dr. L. M. Powers and Mr. McGill for the purpose of more fully ascertaining all the facts in regard to the difficulties out of which these charges grew. It is evident that the best of feeling between these two persons has not existed for some time, and it is likely that some reasons obtained therefor; but whate ever they may be, they were not manifested sufficiently by the evidence or by the statements of either Dr. Powers or Mr. McGill when last before the commission to be regarded as proof. It is evident that Dr. Powers is of the opinion that Mr. McGill does not heartily support his administration, and that he has at times endeavored to accomplish his removal as health officer. Mr. McGill, however, stoutly denies ever pursuing any course with that end in view, or any desire for Dr. Powers's removal, and he professes the utmost loyalty to his superior officer.
>
> Then comes an admonition against carrying tales in the health department; this portion of the report reads like a lecture delivered to his pupils by a teacher of the primary grade.
>
> The following extract depicts the Civil Service Board serving as a sort of peace conference:
>
> It has been disclosed in the investigation in this case that there has been considerable hearing of tales among the employees in the health office, and we feel it our duty to call this matter to your attention, as nothing can be more conducive to friction in the department than the criticism and countercharges between the employees; and while there are infractions which it would be the duty of an employe to present to the head of the department, they should be given to understand that such charges should have some foundation in fact, and not be the result of petty feeling or malice, for we all know that the making of ex-parte charges is likely to cause a prejudice in the mind of a person effected thereby; when if both sides of the story were heard it would be found in a majority of instances that they were without foundation. As to Mr. McGill, he has pledged the commission that his conduct in the future will be one of the utmost loyalty and obedience to Dr. Powers and your honorable board, and any violation of this pledge would receive immediate attention at our hands.
>
> We feel confident, however, that his course will be such that future complaint in his case will be unnecessary.

IGNORES FIRE BOARD.

"TONY" SCOLDS COUNCIL.

A runaway that almost ended in a smash-up occurred at yesterday morning's session of the fire board. Big Chief Harper was absent, and his broncho Commissioners broke away from the post and used language about the Council that is extremely indiscreet, considering that it is uttered just at the time that the legislators are considering the budget of the fire department for the next fiscal year.

Commissioner Schwamm shied over the appointment of Dr. W. E. D. Morrison as veterinary surgeon of the fire department. It appears that the Council made this appointment; the Commissioners considered that it is one that comes under the jurisdiction of the fire board.

Chief Lips said that there is ill feeling between the veterinary surgeon and the assistant chief. It soon developed that this ill feeling extends to Chief Lips as well. He asserted that Dr. Morrison has been known to carry away bottles of horse medicine from the fire houses; he also objected because the veterinary has some kind of arrangement with the official druggist, which prevents the filling of a prescription a second time without the consent of the officiating surgeon.

Concluding, Chief Lips said that Dr. Morrison has not been on speaking terms with Assistant Chief O'Donnell for a year.

"I don't blame O'Donnell," called out Schwamm excitedly; "Morrison is an overbearing Englishman; he has some very repulsive ways; an' I advise the Assistant Chief to throw him out of the stable some day. If we put him away for good, the Council would have to come through with another veterinary."

Commissioner Kolff tossed his head restively, but tried to remain calm. He warned Schwamm that he was talking like an anarchist.

"Yes, and sometimes I feel like one, too," rejoined Schwamm. "The Council runs the fire department like they owned it. If I was to so much as put my nose inside the Council door, they would maybe collar me by the coat-tail and throw me out. Those Councilmen throw down the Fire Commissioners and the Mayor right along. Morrison has a pull like a mule; we've got to take him whether we want him or not."

Chief Lips here blew another blast at the Council's veterinary, and Kolff bolted. "I want to give warning right now that if there is any more of this kind of work in the fire department, I am going before the Council with such a kick that they will know something has struck them; they'll have to appoint another horse doctor in self-defense."

Kolff's bolt steadied Schwamm; he began to realize that some one was likely to have to walk back. "I suppose we shall have to appoint Morrison, to get along with the Council," he said, "and I move that the appointment be made." This motion was carried.

Schwamm's attitude toward Dr. Morrison is attributed by some to an old political feud that reopens whenever there is a city election. Schwamm is a ward boss for the Democracy; Dr. Morrison is prominent in Republican politics in the Sixth Ward. There has been considerable protest among the faithful about a Republican veterinary examining horses for a Democratic fire board.

AT THE COURTHOUSE.

MUST GIVE UP FIVE HUNDRED.

HEAD OF A REMEDY COMPANY SCORED BY JUDGE.

Heron Forced to Disgorge Money to Woman, According to Promise Made, Without Any Intention of Keeping It—Two Actions Over Valuable Property.

Ensconced behind what he believed to be an impregnable legal bulwark of technicalities, Dr. N. C. Heron appeared yesterday in the Superior Court to oppose the suit of Ada F. Martin, brought against him to recover $500 which, she alleged, had been obtained from her by trickery.

His huge, rusty mustache drooped mournfully even while his expression remained stamped with a sort of sour complacency, but before he left the courtroom his expression was in keeping with the droop of his mustache.

Dr. Heron is supposed to be practically the entire Dr. N. C. Heron Company, a corporation which has busied itself in the manufacture and sale of eucalyptus remedies. Yesterday he preferred not to pose as any considerable part of the company, for upon the company he had thrown the responsibility of securing $500 from Mrs. Martin.

The plaintiff declared that Dr. Heron had offered her a position as book-keeper for the company in consideration of her purchasing 500 shares of stock at par value, and that he was to give her an agreement to buy back the stock at par on demand. Such an agreement had been given, indeed, but worded in what would have been considered a careless manner if it had not been so written on purpose, as Mrs. Martin claimed.

Mrs. Martin appears to be a kindly and credulous lady of middle age, whose misgivings as to her ability to qualify as a book-keeper without experience might easily have been overcome by a persuasive person who wanted to sell stock. Mrs. Martin told how it had been done.

Then had come the sad discovery that she could not do the work after all.

"He sent me out to take orders for the remedies," she said.

Later her services were dispensed with altogether.

And while the story was being told, Judge Monroe appeared to be more interested in the story itself than in what the doctor and his counsel seemed to consider their impregnable legal position.

"There is no question in my mind," said the judge, when the testimony was all in and the lawyers had talked, "but that Dr. Heron agreed to return this money in the event that the employment ceased, and without any intention of doing as he agreed. The fact that he would employ one so manifestly incapable of doing what the position offered would demand of her shows that it was the $500 he wanted.

"You may say she should have been more careful, and examined the paper she received, but that does not alter the circumstances of this transaction. I cannot characterize too strongly my condemnation of such proceedings. The judgment is for the plaintiff."

"There will be the usual ten days' stay of proceedings?" asked counsel for the defense, confidently.

"There will not," answered the court sharply. "The execution will take effect at once."

TWO ACTIONS.

OVER VALUABLE PROPERTY.

May N. Jesse's claim of title to the Ashley House at No. 444 South Grand avenue, was not pressed yesterday in the probate department of the Superior Court, as had been planned, for the trial of the unlawful detainer case against her in another department took up the entire day and remained unfinished at the close.

The action brought by O. A. Houghton and L. W. Houghton against Mrs. Jesse, which will be concluded this morning in department 9, is brought to oust her from the premises because she has failed to pay rent to the executors of the will of Charles Collins, while Mrs. Jesse claims that the lease gives her the right to remain "rent or no rent," while another instrument will give her title to the property when the probate case is decided.

CLAIMS PONY.

NOT DEAD BUT DYED.

"Doc did not die; he's dyed," insisted Miss Anita Schaefer in Justice Stephens's court yesterday.

Miss Schaefer was defendant in a suit to recover possession of a pony. Mrs. Ida Colburn appearing as plaintiff.

Mrs. Colburn claimed that Miss Schaefer had taken away the pony in question, from where it had been staked out, and Miss Schaefer did not deny the charge, but declared that the animal was her long-lost Doc, and that she had simply found him.

"The demise of poor old Doc," as Attorney Appel, appearing for the plaintiff, referred to the supposed event, was said to have occurred in 1905, while the young owner of the beloved animal was touring the mining towns of Nevada. Doc had been placed in the care of William Wing, who owned a pasture, and, according to statements at the time and the testimony of a veterinary surgeon yesterday, contracted spinal meningitis and perished.

About the same time a bad boy from Long Beach purloined one of three ponies belonging to Mrs. Colburn, but afterward returned it or one very much like it. In the complaint this little beast is described as of "a faded black color with a dark tan nose." He appeared as a "plaintiff's exhibit" at the curb outside, and the court went down to the sidewalk to look at him.

He was darker than the long-lamented Doc was supposed to have been, but this, to the mind of Miss Schaefer, did not preclude the possibility of its being the very same pony.

Indeed, a nice old gentleman, who had been a registered chemist in the early seventies, testified to his belief that the hair of the "exhibit" had been dyed.

The proof that the "exhibit" was Doc, however, was found by the witness who had known him in the happy past. She insisted that he waved his ears at her lovingly, and insisted that the eye of affection could not be deceived.

At the close of the day's proceedings the pony was returned to Mrs. Colburn, who gave bond for its return should the court be convinced that it is Doc. The trial will proceed this morning.

GARRETT CASE.

CONTINUED UNTIL MONDAY.

An exhausted witness and several weary attorneys caused a break in the trial of the Garrett case yesterday noon. The case was continued till Monday morning at 10 o'clock.

Garrett, beginning his seventh day on the witness stand, was searchingly cross-examined by Attorney Hunsaker, and became almost tearful under the attack. Line by line and word by word Mr. Hunsaker went over the amazing story the witness had told on the stand last Tuesday, forcing him to repeat every salient passage. The witness' second recital, this time under a rapid fire of questions, varied little from the story told before, but there was a strained tensity in Garrett's manner. He lay limp in the chair, and his face had taken on a gray pallor before the first hour of the ordeal was passed.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

CHINESE BABIES. After dragging on for many weeks beyond the time expected, the question of guardianship of Leen Gum and Hang Toe was submitted last evening. The babies were taken from an alleged house of ill fame in a raid two months ago, and Miss Adkinson applied for guardianship of the little four-year-old Celestials, alleging that the Chinese women who claim to be their mothers are unfit persons to have the care of any babies, even their own. The Chinese mothers have held that they secured rooms in the house because there were no others to be had when their husbands brought them to Los Angeles, and that the house had ceased to be of the character it had been.

RAILWAY SUIT. The suit of D. E. Moore against the Los Angeles and Redondo Railway Company, asking $20,500 damages for alleged injuries received in a collision at Forty-second street and Wesley avenue, August 13, 1906, came to trial yesterday in the Superior Court. The case was continued, and the trial will be resumed this morning at 10 o'clock.

DAMAGE SUIT FILED. A suit for $1500 against the Los Angeles Railway Company was filed yesterday in the Superior Court, by William H. Smith. The complaint alleges that Smith, a physician and surgeon, undertook to board a car at San Pedro and Twelfth streets January 21, 1907, while the car was standing still. As he took hold of the rail, and got one foot on the step, he alleges, the car started suddenly and he was thrown to the ground.

BURGLAR. Eric Lundman, who led his pursuers a stern chase near Acton last week, after robbing a store and escaping from the Lancaster jail by tipping it over, was taken into the Criminal Court yesterday because he stated that he wanted to plead guilty. His name was asked and a complaint searched for, but on the matter being explained he was sent back to jail to await his preliminary examination, to be held next Tuesday in Lancaster.

THE INFERIOR COURTS.

STAGNANT POOL CAUSES ROW.

CITY EMPLOYEE PROSECUTED FOR MAINTAINING IT.

Jury Decides That Defendant Is Not at Fault, but That the Blame Must Be Borne by the City Authorities—Herb "Doctor" Pleads Guilty and Is Fined.

J. D. Simmons, an employé of the City Assessor's department, yesterday successfully defended himself against a charge of maintaining a nuisance, preferred against him by the City Attorney and representatives of the Board of Health.

It was a case of Greek meeting Greek. Simmons had had much experience in working for the city, and he knew the regulations as well as the health officers. He had also taken the precaution to clear himself before the case got into court. It was alleged that Simmons had allowed water to collect and stagnate on a piece of property owned by him. Simmons, as soon as he had received warning from the Board of Health, went before the Board of Public Works and asked that the case be remedied by the city. An attempt was made to drain the water off, and when that failed the complaint against Simmons was issued.

Yesterday Simmons demanded a jury trial. One of the indignant residents of the neighborhood of Harvard boulevard and King street was called as first witness. The witness told the court that the odor from the stagnant pool closely resembled the fragrance of a refined glue factory; that at night when all was quiet he could hear the malaria microbes from the pool playing pinochle on his window sill and that, altogether, the pool was a nuisance.

The second witness alleges that he had been near the pool one night, and could see the germs of typhoid fever diving off the bank into the water.

Other neighbors testified that the odor from the pool was such that at times they had to close all their windows.

Simmons then got to work defending himself. He proved that he had owned the lot for twenty years and had had no trouble. That recently a street had been cut through near the property, and that a bank of earth had been thrown up to bring the street to grade. The water, he alleged, had drained onto his property and stayed there because the city had prevented its outlet. He told the jury that he had taken the case before the Board of Public Works, and that workmen had been sent to the place to drain off the water. He further testified that after the bank had caved in on the workmen that the work had been abandoned and the complaint filed against him.

When it came to a question of proof, witnesses testified that on the two lots adjoining the property owned by Simmons, the water had collected and that the others were as much to blame for the odor from the pool as Simmons.

Then the complaint was attacked on the ground that it alleged the pool was on Harvard boulevard, when witnesses testified that the big pool was on King street.

To cap the climax, Simmons came forward and proved that he didn't own the lot, and that he had not been the owner of the property at the time the complaint was filed against him.

That settled it. The jury went out after Simmons had argued his own case, and acquitted him on the first ballot. Now the representatives of the Prosecuting Attorney's office are wondering how they can find the owner of the property.

Herb Doctor Fined.

Josef Scheike, arrested on a charge of practicing medicine without a license, was fined $100, with the alternative of 100 days in jail, by Justice Chambers of the Police Court, yesterday, after the alleged physician had pleaded guilty to the charge against him.

Scheike, it is alleged, sold Iceland herb remedies. These remedies were given for any disease, from granulated eyelids to typhoid pneumonia, and many were his patients. Finally, one of the representatives of the State Board of Medical Examiners visited the place and received a supply of the Iceland grass. He injected the herbs into his system, and then filed a complaint against the physician. Scheike first made known his intention of fighting the case, but later changed his mind and pleaded guilty, receiving a comparatively light sentence.

The prosecution of the dozen Chinese physicians arrested on similar charges will be taken up in Police Court within the next few days. The Chinese physicians have all entered pleas of not guilty, and have demanded jury trials.

Four Big Novels

Among the fiction books for the Summer's reading the four we advertise today will be widely popular. Eastern critics unanimously praise them. They should be in your library.

The Brass Bowl

By Louis Joseph Vance

One of the best pieces of rattling romance that has been put out in many a day.

The story begins with a mystery and ends with a climax. Woven through the intricacies of the plot is a love story of unusual charm. There are thieves, lawyers and men of the world, all entangled in the mystery which surrounds the marks of finger tips on a dusty library table, hidden by a brass bowl. The evolution of the story to its startling climax is really wonderful. Price $1.35.

The Mayor's Wife

Anna Katharine Green — the famous weaver of mysteries, has here, with infinite deftness, woven one of her most alluring plots.

The suspense is increased from chapter to chapter and the solution, awaited with breathless interest, is not given until the very end. Price, $1.35.

The Princess Virginia

By C. N. and A. N. Williamson. The piquant charm and delicious sentiment of "Lady Betty" breathe through this sparkling romance of royal love and court life. Princess Virginia is one of the most captivating heroines in recent fiction. Defying the policy of Europe, she determines to marry the man of her choice, though her decision cost her a crown. Price, $1.35.

Brown of Harvard

By Rida J. Young and Gilbert P. Coleman. A novel of college life, based upon the very successful and popular play of the same name. It will be found true both to the local color and spirit of the university where the scene is laid. Not only to the college man will this story prove interesting, every lover of good fiction should read it. Price, $1.35.

Baldwin Refrigerators for Government Hospitals

...Twenty-Second Year...

The Baldwin Refrigerator Company has been notified that its proposal to furnish the U. S. public health and marine hospital service with refrigerators for the current fiscal year has been accepted, making the twenty-second consecutive year that this important branch of the government service has adopted the Baldwin dry air refrigerator for use in all its hospitals and quarantine stations. So highly were these refrigerators regarded by the surgeons and stewards as far back as 1884-1885, that one of them was included in the government exhibit at world's exposition, New Orleans, marked "Standard refrigerator for hospital use."—Burlington Free Press, August 18, 1906.

CCIDENTAL'S DIPLOMA DAY.

Assembly for the Graduation Event.

Outside the College for First Time.

Speakers Give Their Orations Well.

...mencement exercises of Occidental College were held yesterday at 10 a.m., in Immanuel Presbyterian Church, and the large auditorium filled with friends of the college and of the graduating class. Dr. K. Walker, president of the ...d of trustees of the college, is pastor of Immanuel Church, and this is the first time that the commencement exercises have ever been held outside of College Hall. The result is gratifying inasmuch as it demonstrated a deep interest in the college than was thought to be shown when the exercises were held within the smaller confines of the Hall of Letters.

The floral display was magnificent, the...ge bouquets and the artistic ...ts of fragrant blossoms forming a bower across the front of the platform, almost hiding the members of the class from view. At the close of the exercises the flowers were presented to the graduates by members of the junior class.

Professor John Willis Baer was master of ceremonies, and conducted the exercises with a skilled hand, himself taking a small portion of the entertainment, although his name did not appear on the programme.

The programme was as follows: ...Stradella, E. H. Mead; ...r, John A. Gordon, D.D.; ...ed oration "Our Great Privi...ges," Miss Clever; soprano solo, ...ere," Miss Mamie Katherine ...s; "Life Through Light," ...ntella McKee; piano solo, ...s McFadden; soprano solo, "The Uncrowned King," Clarence Spalding; oration and "Ich Dien," Robert Glass ...stings from Pomona College; ...nt George A. Gates; conferring degrees, Rev. Hugh K. ..., president of the board of ...s; benediction, Rev. W. S. ...

The members on the programme were enthusiastically and were ...ed by the large audience. ...f C. A. Spalding and R. G. ... were particularly striking in ...ory; the salutatory of Howard ... full of high ideal, and the ... of Miss McKee, as she depicted ... best came into the life of ... darkness through Christianity, ... her splendid recognition; as ...piano solos of Miss Daniel. ..., whose conferring the de... the name of the board of ... said that he did not con... place for an address from ... spoke kindly words of con... and advice to the gradu...

...Grove has more than ...and about ...are six groves ...Maxinni, ...and Gloria— ...of 700. ...organized in ...June, and has ...been remarkably successful here, especially in the northern part of the State. This is the first time in forty-three years that the sessions of the Grand Grove have been held in Southern California. Most of these gatherings have taken place in San Francisco or immediate vicinity.

The Druids owned a handsome building which was used as State headquarters, at No. 413 Sutter street, San Francisco. This building, with valuable paraphernalia, records and much data that can never be replaced, went down in the calamity of last year. The Druids at once began assembling a fund for the purpose of rebuilding, and at the meeting next week it will be decided whether this project will be undertaken at once or continued for another year.

The order is also the owner of property at Glen Ellen, Sonoma county, which has been held for some years as a site for an orphanage and home for aged and disabled members. Many of the leaders feel that the time has arrived when this institution should be established, and it is almost certain that the Grand Grove will decide to proceed at once with building operations there, even if the State headquarters building has to wait another year.

The grand officers, who will all be here for next week's gathering, are: M. Pozzi, Oakland, Noble Grand Arch; G. H. Bertram, Modesto, Deputy Grand Arch; G. A. Guglielmoni, San Francisco, Grand Secretary; J. P. Molfterno, San Francisco, Grand Treasurer; C. P. Dorn, Salinas, Grand Marshal; W. J. Anderson, San Francisco, Grand Herald; H. N. Madden, Stockton, Grand Guardian; George F. Renken, San Francisco; F. Charbonnier, Los Angeles; J. E. Welsh, Haywards; Forrest Coburn and Daniel Giovannini, San Francisco, Board of Trustees.

The entertainment in Los Angeles is in charge of a general executive committee composed of members of the six lodges or groves, as follows:

President, Fred Charbonnier; vice-president, James Gospodnetich; treasurer, Herman Gieschen; secretary, A. Morrison; Charles Ruoff, Jules Fallandy, Charles A. Clark, G. G. Giesschen, Charles Clementson, L. Carbone, Samuel Gospodnetich, L. J. Pozzo, Bert Mackley.

Two definite events have been arranged; other affairs will await the convenience of the delegates, and the celerity with which they handle the business of the Grand Grove. On Wednesday evening there will be a grand ball at Turner Hall, and on Thursday evening a banquet will be given in honor of the visitors and the newly-elected grand officers. This will also take place at Turner Hall, and it is expected that 1000 Druids and their ladies will participate. Aside from these affairs will be various side excursions.

IN REALTY CIRCLES.

Syndicate of Investors Buys Large Tract Near the Palms and Will Subdivide It.

Activity in real estate about The Palms is a feature of the Los Angeles realty market. Following close on the heels of the announcement of plans for the Winnemucca Country Club, on 418 acres of land at the base of the hills overlooking The Palms, comes the report of the sale of fifty acres lying on the hilltops northwest of the settlement, and overlooking Los Angeles, Santa Monica, Sawtelle, Venice, Playa del Rey and other places. The reported consideration is $67,500. H. R. Cowan Company and The Palms Land, Light and Water Company made the sale for a syndicate composed of Joseph Burkhard, Mathew P. Gilbert, Mr. Edwards of the firm of Gilbert & Edwards, and other local investors. A group of capitalists well known in this locality through their connection with other big deals, are the purchasers. It is the plan of the syndicate purchasing the property to improve the tract, subdivide it into quarter, half and one-acre lots for use as country homes and residences.

Joseph Burkhard has closed the following deals in real estate: He has sold to L. U. and A. M. Johns of North Manchester, Ind., two lots, each 50x125 feet, located on Thirtieth street, near Cimmaron street, for $2000. He has sold three lots on Signal Hill Tract, near Long Beach, to A. A. Meinger and W. P. Walinsey, for $1000. W. F. Couser of Portland has purchased forty acres near Belvedere, on the Redondo line, for $11,000.

RECITAL AT THE NORMAL.

This afternoon at 2 o'clock Henry L. Southwick, dean of the Emerson College of Oratory of Boston, will give a recital at the Normal School auditorium on "Richard III, A Tragedy of Ambition." Dr. Southwick was master of English in the William Penn Charter School of Philadelphia for years, and has been a prominent lecturer in this country before colleges and clubs. He is a master in the scholarly interpretation of the greatest dramatic works. Saturday afternoon at 2 o'clock in the Normal School auditorium an important meeting of the Normal School alumni will be held. Officers will be elected for another year, and the new constitution will be voted on and adopted. Besides transacting business connected with the coming anniversary celebration, this will be the occasion for the official reception into the ranks of the alumni of the graduates of last year.

LOOKS LIKE LUCK FOR HIM.

YUMA (Ariz.) June 13.—[Exclusive Dispatch.] Benjamin C. Atwater, proprietor of a restaurant here, was advised today that he is a joint heir of two large estates, one of them being that of a deceased uncle in England. Atwater had not been in communication with his family since he squandered a fortune twenty years ago.

Security Savings Bank.

The above bank intends moving into their new banking rooms about the first of October. They have lately entered into a contract with J. W. Bowen, agent for the Art Metal Construction Company, 664 Pacific Electric building, Los Angeles, Cal., for metallic equipments for the interior of their vault.

The work will consist of steel filing devices for card ledgers, checks, deposit tags, card indexes, documents, etc. The work will be richly enameled in olive green, and have bronze trimmings. The work will be the most complete of its kind in the West.—[Adv.

DANDELION

a simple remedy for liver trouble and biliousness

Guaranteed under the Pure Food and Drugs Act, June 30, 1906, Serial No. 3517.

The liver is a wonderful organ, always at work filtering, purifying and manufacturing ingredients necessary to life. It is the central laboratory of the body. It plays the part of a natural poison antidote. The poison contained in the decomposing food and waste of the body are arrested by it and rendered harmless. The liver is the seat of manufacture of bile, a fluid that keeps sweet the intestine and aids to digest food. Healthy bile is an antiseptic and when deficient or absent the contents of the bowels become putrid and full of poisonous matter. You can always keep your liver in a healthy condition by using Dr. Edwards' Compound Dandelion Tablets or Pills. They act directly upon the liver and produce a healthy flow of bile.

Sold by all Druggists, 25c; Schenck Chemical Co., Manufacturers, 54-56 Franklin St., New York, and

Owl Drug Co.
Los Angeles, Cal.

PART II: EDITORIAL, LOCAL AND BUSINESS SECTION

Pen Points

Things are looking up—toward Owens River.

Los Angeles will now go to the front—clear to the water front.

Japan would probably be better off if she hadn't so many editors.

Nothing much doing now until the Fourth of July, and not very much then.

Anna Gould might help brother Howard by letting him know how she got hers.

Hobson talks like a man who would be disappointed if anything happened to prevent a war.

It is somewhat difficult to tell whether Capt. Hobson knows a lot or is just "seeing things."

A Virginian, 73 years old, has just seen a railroad for the first time. Was it worth his while?

The only fear we have in regard to a million population is that it may all try to get here at once.

The first thing the little brown man knows, he will feel his face running up against a good, stiff punch.

There is now no fault to be found with the name—it is the Owens River, the river that Los Angeles owns.

The Central American republics appear to be engaged in an earnest effort to shoot themselves into one.

Pretty soon it may get to be in this country that an American will not dare to even "look sassy" at a Jap.

The advantage gained by Ruef and Schmitz calling each other liars is that it enables the public to believe both.

When last heard of the opposition to the Owens River was making desperate effort to hold a reunion in a peanut shell.

The Japs have already gone so far as to openly call us liars. We suppose their next move will be to spit in our faces.

This war news is something terrible. Not one of us knows what minute our Japanese chambermaids may seize us by the throats.

Japan is exporting mirrors to China and Korea. As a scheme for subjugation this is the most ingenious we have yet heard of.

We are free to say that John Bull never looked so silly in his life as he does now, with a ring in his nose and the Jap to lead him.

Japan justly resents the imputation that she is trying to boss things. Her only desire is to master Asia, control Europe and lick the United States.

Henry Chadwick, "the father of baseball," is still hale and hearty at the age of 86 years. But his child has grown very much out of his recollection.

Pity the lady whose husband has no sense of humor. Mrs. Howard Gould kicked because the family yacht shipped no bo's'un with "funny red whiskers."

It is now recalled that the opposition to the Owens River bonds did not even attract the attention of the Society for the Suppression of Unnecessary Noises.

We might be able to afford to lose a few islands, of course, but we are scarcely in a frame of mind to allow Japan or any other nation to take them away from us.

Having disposed of the animal fakers, Mr. Roosevelt can still render the country a service by turning his attention to a few of the fish liars who are yet at large.

Our esteemed contemporaries, the Japanese newspapers, are certainly waxing wroth. And it's hard to say which is the most rabid, the Nichi, the Hochi or the Jiji.

If the Japanese government were to accede to the demands of the jingoes for "immediate action" there would be an awful hurrying around over here to gather a few fighting men together.

Chief Jerry Dinan's desire was merely to see that "no improper man got on the Schmitz jury." And yet he is abused for it, as though he were endeavoring to do something wrong.

"The choice of a Democratic Presidential nominee is not a question of likes and dislikes," says Henry Watterson. No, it is merely a question of which man shall be selected for a licking.

In the race track of the heavens, Mars and the earth are now running neck and neck. If there is any one on Mars who wants to bet, he can doubtless be accommodated for a million by John W. Gates.

THE PROMPT CONVICTION OF MAYOR SCHMITZ.

Wherever beats an honest and sane man's heart, there will be rejoicing over the stupendous victory for right and justice contained in the verdict of the jury at San Francisco last evening, finding Mayor Schmitz guilty of the crime of extortion.

And wherever flutters the pulse of a rascal, grafter and labor-union highbinder in public office, the news will cause shudders of apprehension and fear.

The size of the triumph is cosmic. Schmitz was a type, a monstrous type. He was the type of the most dangerous and appalling power in our civic life—the power of the ruthless, greedy and criminal mobocracy. He was the personification of graft-hungry, bloodthirsty, militant, anarchistic, political labor-unionism, made drunk by the taste of authority.

That a representative of these elements that so long have controlled San Francisco, with all his "pulls" and underground wires and subterranean influences could be convicted by a San Francisco jury seemed almost incredible. The public will be surprised at the verdict. It will be well-nigh stunned. And this good has really come out of San Francisco—rotten San Francisco—why, the day of miracles has not passed from the earth!

The effect of the verdict will be world-wide. It will encourage the cause of civic progress and municipal housecleaning more than can any event that has occurred during the year. It will strengthen the weak-hearted and stiffen those who are accustomed to stand. It gives promise of finally cleansing the Augean stables of the Bay City—and more than that, of similar sweep-outs wherever they may be needed. The besom of destruction will be waged against blackmailers in office as never before.

But most significant of all the effects of this verdict, happiest of all the results, is the knell that it rings upon labor-unionism as a political force. Schmitz was the crystallization, the very flower of the efforts of labor-unionism in America to dominate our civics. His administration was the world-illuminating object lesson of what labor-unionism in political office means. Schmitz has demonstrated that labor unionists in politics are more voracious grafters than Tweed, more heartless tyrants than the Borgias. With the exposure and crushing of Schmitz, the nefarious "system" by means of which he was put in power is blasted.

You may say what you will about the bossism of Ruef, Schmitz was the beginning and the end, the Alpha and Omega of the reign of robbery and assassination, blackmail and bribery in San Francisco. He made Ruef possible. He smote the rock and the whole stream of pestilential villainies gushed forth and continued to flow till yesterday.

San Francisco's woes began when Schmitz was elected Mayor. He was a labor-union leader, nominated for office by the labor-union party, elected by labor-union votes as a representative of labor-union principles, which he has consistently represented. The boodling was Schmitz's; the extortion was Schmitz's; the thieving was Schmitz's; the robberies were Schmitz's; the boycottings and picketings were Schmitz's, the murderous intimidation and assaults were Schmitz's; the whole riot of vice and lawlessness was Schmitz's—inaugurated by Schmitz, carried on by Schmitz, protected by Schmitz, beginning and ending with Schmitz, always the labor-union Mayor, always the labor-union leader, always the labor-union agitator, always the labor-union hero, always on the labor-union platform and supported and cheered by every labor-union blackguard from the Golden Gate to Quoddy Head.

It is this man who has been found guilty; it is this gang that has been convicted by the jury in Judge Dunne's court. It is the impaling of the system that is the great thing, the tremendous thing. Herein lies the momentous import of this superb victory of the prosecution and the people at San Francisco. Hence comes the thrill which stirs every friend of civic purity and industrial freedom as he reads the great news.

The result proves that Prosecutor Heney has managed this trial with cleverness. His generalship in reserving Ruef as a witness in rebuttal was masterful and successful. The tale of Ruef evidently had great weight with the jurors; and more potent than all other influences, we believe, was the change in the atmosphere in San Francisco, the chill that has come over the one-time tendency to overlook crookedness and graft in public servants and to crook the knee to knavery.

And the next news the public hungers to hear, is of the sentencing of this colossal impostor and thief; this brassy figurehead of labor-union crime; this ruined exponent of the most vicious and alarming elements in American society—the sentencing of this broken idol of the mob to the penitentiary, instead of to the United States Senate—huh!

THE FLAG—ITS DAY.

From every public and semi-public building, from every flagstaff and from the windows of every home, the Stars and Stripes should be seen flying today. This is "Flag Day," the anniversary of the date upon which Congress adopted the design of our national emblem as we all know it, and as it was turned from the inspired and loving hands of Betsy Ross.

It is not only a patriotic duty to display the flag on the particular occasions which call for its display, but it is always a pleasure to do so. The pleasure of the duty ought to be more heartfelt today than on almost any other national anniversary for the reason that this date is officially put down as the flag's birthday. No American flag should be allowed to lie away folded and unseen this morning. It is also a fitting occasion for those who have not the national emblem in their possessions to secure it without delay. Every American ought to have the flag of his country in his home as well as in his place of business.

See to it that the flag floats today upon the winds that love it. Fling to the breeze the fairest banner in all the world, that it may tell anew its story of human liberty and undefeat. Let it tell to all the purpose of its birth and the deathless tale of those who fought and died for it through a century of glory.

AN APPRECIATION.

As Sam T. Clover, editor of the evening paper which acquired some local notoriety by opposing the well-considered and determined purpose of the citizens of Los Angeles to obtain an adequate supply of water from Owens Valley, professes to be relieved that the rest of the inhabitants of this city have taken from his shoulders the burden of responsibility for the future of Los Angeles. That is, the fly leaves its perch on the engine wheel and says: "Well, if you will keep on turning it is your own fault; I brush from my wings all responsibility for what may happen."

Sam T. Clover says: "The News made an honest pre-election fight, and has been beaten to a standstill" and adds the plea that the course of the paper "be accorded that respect and just consideration which is its honest due."

That Sam T. Clover's paper has been beaten to a standstill nobody will deny. That the measure of respect justly due to its course will be accorded, is certain. That it made "an honest pre-election fight" is an affirmation to be tested by application of facts and examination of the record.

The Owens River project was presented to the public in July, 1905, and was received with unanimous satisfaction as the only solution of the city's gravest and most difficult problem. The only sign of opposition at that time was seen in the Examiner, which was piqued because the first news of the project appeared in The Times. For a month the Hearst paper made feeble protestations of friendliness to the project, but it broke loose with an open attack upon the Owens River plans, and in a day or too was howling furiously about "graft" and the "criminal folly" of voting money for the project.

On September 7, 1905, The Times said of the Hearst paper's course: "It encouraged cranks, disappointed speculators, notoriety seekers and foolish persons to write letters designed to cast discredit upon the engineers; published letters under such headlines as 'The Owens River project a Swindle,' instigated the preposterous Howton to howl in the Council; attempted vainly to block the bond election, and seized with avidity and published gloatingly all the ignorant, vicious, mischievous scribblings against the project it could lay hands upon."

Later the Hearst paper "saw light" and ceased its opposition to the project, although Uncle Heine could not refrain from keeping up at intervals his perverse personal assaults upon the aqueduct engineers, who were guilty of the sin of differing with him as to details of conduit construction.

Reference to the gyrations of the Hearst freak is pertinent to the subject of discussion—the honesty of Sam T. Clover's course.

Up to April, 1906, Clover professed to approve and advocate the Owens River project. In March, 1906, he declared his belief that the project was "sanely conceived and likely to be consummated," said it was "to be regretted that the esteemed Examiner went off on the wrong foot at the inception of the water supply project," and declared that "harmony in the newspaper ranks" was essential to success.

Was Sam T. Clover honest then? He has proclaimed his sincerity loudly and frequently, and he has prated much of his "stern sense of duty." Go back four paragraphs and re-read what The Times said of the Hearst paper's course in September, 1905, and say if it does not apply with absolute precision to Sam T. Clover's "honest pre-election fight" in 1907.

A queer game of see-saw the two papers have played. Uncle Heine first went off on the wrong foot, and was compelled to change step by his superior officers, who were thrown into panic by the refusal of the merchants of Los Angeles to support a paper inimical to the welfare of the city. Clover changed step when the power companies concluded that the Owens River project menaced their profits, and took up the position abandoned by the "esteemed" but routed and panic-stricken Examiner.

It was in March, 1906, that the power companies were caught and exposed in furtive "knocking" of the Owens River project and it was then that Clover began to minimize the city's water rights in Owens Valley. He declared that the average flow of Owens River, "much of it going to waste," exceeded 40,000 inches, but he placed the city's water rights at 7500 inches.

In March, 1906, Clover sent a representative to Owens Valley. The man remained there a month and gathered a mass of information of all sorts, and in April Clover announced his "findings," which were that the average flow of the river was 30,000 inches; that the city owned 7500 inches; that careful analysis of the water, made for him by Prof. Stabler, proved the water to be of good quality for domestic use; that assertions of ranchers in the valley that the water was not good were proven untrue; and that the city needed only 10,000 inches of water and should be limited to that quantity.

Until August, 1906, Clover professed to be in favor of the Owens River project generally; maintained that there was an abundance of water in Owens Valley, of which the city owned 7500 inches and might establish good claim to 10,000 inches; but harped on a "pipe line," which would not carry enough water to develop power, and argued that the city should not enter into competition with private enterprise in the power business.

In June, the power companies had made desperate efforts in Washington to block the city's enterprise and had been exposed and castigated by the President, and Clover had joined in with them and aided and abetted the pernicious activity of their agent, Congressman Smith. Still, as late as August 7, 1906, Clover proclaimed as an unquestioned fact that "there is water for all and to spare in Owens River."

At about that time the power companies made secret overtures to the city for a deal by which they should be assured of control of the power, and were turned down. They then threatened to defeat the project and prevent the sale of bonds, and coincidently, Sam T. Clover, proclaiming his "sincerity" and "stern sense of duty," suddenly denounced the Owens River enterprise as "the mad Mulholland project," a "contemplated outrage" and "a great crime sought to be inflicted on the taxpayers of Los Angeles."

On August 7, Clover said there was water for all and to spare, and up to that time he maintained that the city owned absolutely 7500 inches. On August 24 he said the city owned "less than 6000 inches;" in September he said the city owned "5000 inches at the outside," and accused Mulholland of "robbing the city."

During the past two months, Clover has contradicted all his earlier and more truthful utterances. He has said that he "insisted from the beginning" that there was no need to go to Owens Valley for water; he has repudiated his own testimony to the good quality of Owens River water and declared it to be rotten with alkali; he has printed imaginary "official reports" of chemists condemning the water, and when shown that the chemists named never analyzed the water and never made any report on Owens River at all, he has continued to cite them in support of his assertions.

Sam T. Clover has said that government engineers reported Owens River dry at a specified, at a certain time. The official document, proving that no government engineer ever made such a report, has been supplied to him, and knowing the fact he has repeated the false statement again and again.

Sam T. Clover has kept standing for weeks a pretended compilation from the sworn testimony of engineers in a water suit, purporting to show that they swore in court that the available flow of the Los Angeles River is 20,000 inches. In the face of a transcript of testimony in the case, proving that the engineers named never gave testimony which could be distorted into a semblance of what he attributed to them and proving that two of them did not give any testimony whatever on that subject, the "honest," "sincere" Sam T. Clover reprinted, reiterated and reasserted the stupid falsehood.

Two weeks ago, Sam T. Clover made the positive assertion that Engineers Mulholland and Lippincott gave to City Engineer Hamlin an estimate of $352,128 on the cost of completing the outfall sewer, and made that the basis of a violent attack on the professional capacity and the character of the engineers. City Engineer Hamlin promptly declared that he never saw nor heard of any estimate on the work by Mulholland and Lippincott.

An honest man would have retracted the assertion. Sam T. Clover did not do that. He said instead: "The presumption is that they made certain calculations which influenced him (Hamlin) in basing his estimate of cost."

Sam T. Clover asserted that Fred Eaton had been paid $327,000 "in lands, cattle and commissions" and that he had the official records to prove it. The official records proving the statement to be monstrously untrue were produced, but Sam T. Clover never corrected his false statement.

In his "honest pre-election fight," Sam T. Clover printed forged, fabricated and preposterously garbled statements purporting to be official reports and sworn testimony. The documents were in his possession, and his attention was directed to them. He had before him the facts in black and white, positive proof of the incorrectness of his own statements. Yet he persisted in printing what he knew to be untrue.

Sam T. Clover systematically defamed, traduced and insulted men of the highest character and attainments, men enjoying the profound respect and confidence of the community upon which he depended for support of his paper. He denounced as "conspirators," "criminals" and "bunco steerers" the official and business bodies of Los Angeles. He abused in the vilest terms citizens who resented his assaults upon honest, faithful and competent public officials. He ran counter to every vital interest of the city in which he lives, and strove to destroy the prosperity and prevent the growth of Los Angeles.

And at the end, when he knew that he and his instigators were "beaten to a standstill," he sought the men whom he had vilified, defamed and denounced as "criminal conspirators," and begged them to certify that he had been honest, sincere and conscientious in his attacks upon their characters and professional reputations.

Sam T. Clover is hereby "accorded that respect and just consideration" which is "the honest due" of a man of his caliber and character.

TO THE WATCHTOWER.

Now that the water bonds have been voted, let the carpers and knockers disappear within their holes, pull the same in after them, and cease from toiling. Let this community get to work in earnest to carry out the great project. We have the fairest land on earth as our heritage. To make all of it bloom and blossom as a beautiful tropical garden, we need the Owens River water, plus the application, pluck and enterprise of our present population and of the additional thousands who are coming to us just as fast as they can, and as fast as we can take care of them.

A word to the politicians: In the carrying out of this great undertaking there must be no politics, no underhand work, nothing that savors of a "job;" no favoritism, no useless commissions, no employment of political hacks or discredited engineers; no more junketing jobs of city officials to perform the now unnecessary work of "looking at the water." We have had experts enough to report on the proposition, and do not need any additional advice from Mr. Dockweiler, "Doc" Howton or any one else. What the people now want is immediate action in the constructive work, and every dollar so spent as to bring its return in good accomplished. If we could turn Bill Mulholland loose, tell him to go ahead and complete this work like any ordinary citizen would do a similar job, we would be doubly blest. The people spoke in no uncertain terms in Wednesday's election. The Times warns the Mayor, the Council, the Water Board and all concerned that the people who voted these bonds will demand an honest and economical expenditure of the moneys to be raised from their sale, and woe be to the malefactor who allows, or attempts to allow, connives at or sanctions graft in any form touching the enterprise. Any grafter on this great work of the municipality will quickly find he is not living in the tainted atmosphere

of San Francisco, [illegible] San Francisco [illegible]
Men and brethren, be on guard and [illegible] lance from the [illegible] clusion of the [illegible]

A RAILROAD WITH [illegible]
Turning from the [illegible] road wrecks that is [illegible] world it is pleasant [illegible] the fact that the [illegible] not applicable to all [illegible] roads, but only to a [illegible] This, of course, only [illegible] excusable many of those [illegible] The Railroad Men's [illegible] following:

"The Duluth, South [illegible] lantic Railroad has [illegible] cident fatal to any of [illegible] The road is 583 miles long [illegible] in existence—though not [illegible] in its full length—for [illegible] it passes through a [illegible] country where the water [illegible] that during six months of [illegible] not a tie can be replaced [illegible] has to be "shimmed" up [illegible] keep it surfaced in the [illegible]

"Some of the steel [illegible] twenty years ago, and [illegible] engines have been [illegible] service and are still [illegible] This is an example of [illegible] successful traffic and [illegible] management, and shows [illegible] ciency that it would be [illegible] and which undoubtedly [illegible] ord among roads of [illegible] in this country, if not in the [illegible]

The last sentence [illegible] situation. Efficient [illegible] all, the principal [illegible] cases.

MUSIC AND THE STAGE.

The rupture between Henry Schoenefeld and the Apollo Club may result in the founding of another choral society, thus dividing the musical forces again, and once more commencing the rivalry which it was hoped that last year's peaceful amalgamation had finally established.

In the multitude of events, and the diverse attractions in the field of music here, there can obviously be full and satisfactory support for but one large choral society.

Mr. Schoenefeld has not indicated his intention of forming such an organization, but he did say, to The Times: "I regret very much to leave the choral work here, and for the sake of my friends, I will say that I may possibly take up the work again this fall, in other lines."

The Times musical editor received a somewhat lengthy letter from a member of the Apollo Club yesterday, expressing dissatisfaction with the present state of affairs, and even questioning, in somewhat forcible language, the propriety of the recent events.

In the meantime Dr. Davis, who has hardly the unselfish interests of good music at heart, is preparing vigorously for artistic assaults in the autumn.

The differences of Mr. Schoenefeld and the club are to be regretted, and whatever happens, it is to be hoped that it will not result in any more lamentable public schisms.

The Woman's Lyric Club will be heard tonight at Simpson Auditorium, the last concert of its present season. Mr. Poulin will direct, and the following soloist will be Abraham Mlinar.

Miss Hilda Gilbert will give a specialty at the Belasco Theater next afternoon, when she will present for the first time on any stage, Buchman's version of Amelie Rives' story, "Tanis." Miss Gilbert's stock company will include Holbrook Blinn, Isabel Irving, Ellsworth and several other well-known actors.

The Knights of Columbus will occupy [illegible] for the entire lower floor of the [illegible] tonight, witnessing "Pinafore" and for their benefit, their fellow member, Tom Karl, will sing [illegible] Mavourneen" between acts.

Gladys Richey, young Los Angeles [illegible] has just scored an unqualified success in the famous New England Conservatory. A recent triumph was the excerpt from Gluck's "Alcaste," which she sang in a Boston recital.

Upton Sinclair's "Jungle" has at last been dramatized somewhat pretentiously in New York. It was tried [illegible] in mild and inconsequential way.

The present production The Theatre says: "No accident, no [illegible] and no stage management could [illegible] 'The Jungle' anything but an [illegible] conventional and ineffective [illegible] The characters and their surroundings are all sordid. Everything [illegible] meant without the slightest [illegible] action. Such names as Jurgis, [illegible] Antanas, Tamoszius, Valenkiski, Szedvilas, Kotrina, [illegible] Jadvyga should imply a [illegible] character and something new [illegible] as figures on our stage, but [illegible] only skin deep, not extending [illegible] superficiality of the names [illegible] There is some effort in [illegible] originality in character and in [illegible] local color, but none of it [illegible] purpose, and some of it is [illegible] perfluous, the introduction, [illegible] of a crazy man whose [illegible] been unbalanced by the horrors of slavery and injustice existing in the packing-houses, [illegible] was intended to be realistic [illegible] the impression of the theatric [illegible] play should never have been [illegible] having been tried, it should [illegible] least the wholesome lesson [illegible] mere artifices of the stage [illegible] the standard now demanded by the public."

The dramatization is by Margaret [illegible] with Mr. Sinclair's supervision.

[illegible] Holdertoss," has also received [illegible] Parisian production. The Theater [illegible] at some length, says [illegible] It is very likely that he play [illegible] overhauled and made more [illegible] and that it would thereby [illegible] very considerable degree of [illegible] The play is full of variety and [illegible] some of the scenes are very [illegible] and the incidents are true to [illegible] depicts. The intent of the [illegible] worthy, and, with some revision, [illegible] become popular."

[illegible] spoken first finished [illegible] asphalt, and then said: [illegible] makes 'em celebrate the [illegible] Lincoln?" "Oi don't [illegible] other, "unless it's because [illegible] nings Bryan comes from."

[illegible] has appeared in London [illegible] Mlle. Maria Gay, a Spanish [illegible] born in Barcelona, and also [illegible] the blood of the old grandes [illegible] veins. In her early days [illegible] sculpture, and was making [illegible] progress in this art before [illegible] attracted marked attention. [illegible] in the part she is [illegible] Some English critics [illegible] her as the greatest impersonator of the role ever seen in [illegible]

[illegible] is reported of extraordinary [illegible] magnificent dramatic qualities.

AT INGLEWOOD.

Residence Owned by Former [illegible] Kelso Burns With [illegible] All Its Contents.

The two-story Kelso residence [illegible] in the south end of Inglewood [illegible] a block from the electric [illegible] was burned to the ground [illegible] nearly anything was [illegible] the building. The fire [illegible] 9:45 o'clock, and is supposed [illegible] originated from crossed [illegible] Practically the entire [illegible] Inglewood turned out, but [illegible] the flames eat up the [illegible] but they were powerless [illegible] the destruction. The [illegible] property of Hon. William [illegible] represented the Seventeenth [illegible] District in the thirty-[illegible] the State Legislature, [illegible] was one of the handsomest [illegible] in Inglewood.

MUSIC AND THE STAGE.

The rupture between Henry Schoenefeld and the Apollo Club may result in the founding of another choral society, thus dividing the musical forces again, as once more commencing the rivalry which it was hoped that last year's choral amalgamation had finally ended.

The multitude of events, and the many attractions in the field of music this year there can obviously be full and satisfactory support for but one large musical society.

Mr. Schoenefeld has not indicated his intention of forming such an organization, but he did say, to The Times: "I regret very much to leave the choral work here, and for the sake of my friends, I will say that I may possibly take up the work again this fall, in Los Angeles."

The Times musical editor received a somewhat lengthy letter from a member of the Apollo Club yesterday, expressing dissatisfaction with the present state of affairs, and even questioning, in somewhat forcible language, the propriety of the recent events.

In the meantime Dr. Davis, who has at the unselfish interests of good music at heart, is preparing vigorously for possible assaults in the autumn.

The differences of Mr. Schoenefeld and the club are to be regretted, and should it happens, it is to be hoped that it will not result in any more public schisms.

Woman's Lyric Club will be heard tonight at Simpson Auditorium, in the first concert of its present season. Mr. Poulin will direct, and the assisting soloist will be Abraham Miller.

Hilda Gilbert will give a special matinée at the Belasco Theater this afternoon, when she will present for the first time on any stage, Mrs. Tanis's version of Amelie Rives' "Tanis," Miss Gilbert's own company will include Howarth and several other well-known actors.

The Knights of Columbus will occupy the entire lower floor of the Auditorium tonight, witnessing "Pinafore" for their benefit, their fellow member, Tom Karl, will sing "Mavourneen" between acts.

Sidney Richey, young Los Angeles boy, has just scored an unusual success in the famous New England Conservatory. A recent triumph was a solo from Gluck's "Alceste," which he sang in a Boston recital.

Kipling's "Jungle" has at last been presented somewhat pretentiously in New York. It was tried out in mild and inconsequential way.

The present production The Theatre says: "No accident, no lack of stage management could make 'The Jungle' anything but an unconventional and ineffective jumble of characters and their surroundings, all sordid. Everything moves without the slightest interest. Such names as Jurgis, Ona, Antanas, Tamosuius, Valentukas, Szedvilas, Kotrina, Marija and Jadvyga should imply a character and something new in the figures on our stage, but they are skin deep, not extending to the superficiality of the names themselves. There is some effort in the personality in character and in the general color, but none of it is for a purpose, and some of it is tedious, the introduction, for instance, of a crazy man whose mind is unbalanced by the horrors of slavery and injustice existing in the packing-houses.

"The play is intended to be realistic and the impression of the theatric should never have been attempted. Having been tried, it should have had the wholesome lesson that the artifices of the stage are not of the standard now demanded by the public."

The production is by Margaret Anglin, Mr. Sinclair's supervision.

"Salomé" has also received a new production. The Theater Antique at some length, says: "It is very likely that he play will be overhauled and made more effective, so that it would thereby gain a considerable degree of power. The play is full of variety and many of the scenes are very fine. The incidents are true to history. The intent of the author, and, with some revision, become popular."

The consensus of Los An-

Mme. has appeared in London, Maria Gay, a Spanish singer in Barcelona, and also at the head of the old grand opera. In her early days she was a pupil, and was making a success in this art before she attracted marked attention. Speaking in the part she is described. Rich Black Silks Reduced

Hope you're taking advantage of the liberal reductions on black silks that are in force this week. At today's prices, investments for far-in-the-future needs are wise ones, because silks are higher, at wholesale, than they've been for years, retail prices are soaring as fast or faster. These silks of ours, ordered before the general January, 1907, advance, come to you today not only generously reduced, but the reductions are based on the low 1906 prices—not on present valuations—which makes the saving far greater.

Perhaps you're contemplating the purchase of a new taffeta gown; any of the following numbers we can thoroughly recommend for satisfactory wear:

35-inch; $1.35 value, at.....$1.10 yard
35-inch; $1.50 value, at.....$1.20 yard
26-inch, heavy; value $1.25, at..... 95c yard

If you want suitable material for a drop skirt, petticoat or lining, these are excellent:

19-inch; value 65c, at..... 45c
21-inch; value $1.25, at.....$1.00
21-inch Italian; value $1.25, at..... 90c

Any number of unmatchable qualities in peaux de soie; soft, splendid wearing silks for gowns or cloaks, now 65c to $1.65; reduced from 85c to $2.25.

Miscellaneous weaves—Lumineaux, Peau de Cygne, Duchesse, Louisine, and Messaline at corresponding reductions.

More New Skirts $5.00

Misses', Regular and Extra Sizes.

To the best line of walking skirts we EVER had to sell for $5 we've added reinforcements in the way of a large number of misses' and extra sizes as well as the regular.

Every skirt in the collection is NEW, and shows it, too; every one is splendidly tailored, cut and finished from high-class materials best adapted to stand the wear you'll give them; there are plain colors and fancy mixtures, plaids and neat, clean-looking checks. And they are skirts bought to sell for $6.50, $8, and even $10 apiece.

Gold Mounted Back Combs Decisively Reduced

Any gifts to make to brides or graduates? Get something different. Why not a handsome back comb? Attractive prices on two very handsome lots today:

Gold mounted back combs in some twelve different shapes; styles are of newest pattern, unlike those you've grown accustomed to seeing.

$2.00 and $2.50 combs are now $1.25.
$3.50 combs are now $1.95.

For Dainty Curtains

Pretty cross stripe madras, and madras in cathedral design; superior 25c quality for 15c a yard.

$10.00 Robes $4.75

We've sharply reduced the price of a quantity of summer wash robes, beautifully trimmed with embroidery and insertion. Almost ready to put on, these robes, all that's necessary is to run up a few seams and the dress is done. Beside the lawns, there are a number of pretty net robes in pink and light blue included at $4.75.

There's a finished shaped skirt, 2½ yards of 40-inch plain material and 2¼ yards of inserting with every robe; the embroidery is neat and durable, and you'll agree that they are well worth $10. Choose now for $4.75 each.

Bates' Ginghams 12½c

Any woman who's ever bought ginghams knows that "Bates Mills" on a piece of seersucker gingham means fast colors, strong fabric, pretty patterns—general excellence, in short.

While very good for dresses, wrappers and other of the more common uses, these ginghams are especially recommended to nurses, waitresses, etc., because they'll stand no end of hard usage, frequent laundering and rubbing; colors are absolutely fast. Shown in plain colors, shepherd checks and stripes from 1 to 10 threads white.....12½c

NO DELAYS ON THE AQUEDUCT.

PROMPT ACTION FOLLOWS THE BOND VICTORY.

Effect of People's Declaration on Wednesday Felt in All Branches of Business—First Bonds to Be Issued at Once—Actual Construction Work Soon to Begin.

Echoes of Wednesday's magnificent victory for the Owens River aqueduct project reverberated about the city all day yesterday. Expressions of congratulation and of confidence were uttered in the same tone. A new note sounded in the whirring hum of the city's great industrial machinery; it was attuned to the music of the wheels of the car of progress.

Financial enterprises that lagged while the campaign was on moved forward with an impetus occasioned by the vote of confidence cast by the taxpayers at the polls. Millions of capital will be seeking investment in Los Angeles industries, and there are indications of a general scramble to get in on the ground floor.

During the afternoon several Councilmen discussed with the Board of Public Works and with members of the water board plans for offering for sale the first installment of the new water bonds. It is proposed to confine this issue to $3,000,000. City Clerk Lelande says that, judging from the inquiries received, there will be a lively competition for these securities. They bear interest at the rate of 4 per cent. per annum, and are to be redeemed in forty equal annual installments.

There has not been a time in ten years when Los Angeles 4 per cents have gone begging. Los Angeles securities are considered so glit-edged that the city has marketed about $5,000,000 of 3 3-4 per cent. bonds.

Bids will be opened by the Board of Public Works this morning for supplying cement for the aqueduct. This will mark the beginning of the era of construction under the new bond issue. Whether the city shall manufacture its own cement will depend on the prices asked by the cement manufacturers.

As soon as the smoke of conflict clears away the Board of Public Works will create a number of new positions under the Aqueduct Bureau. Seeking to remove all possible hindrance the Council has passed an ordinance empowering the board to create new positions without consulting the legislative branch. This holds good for the outfall and the aqueduct only.

Gratified by the almost unanimous indorsement of the Owens River bonds several Councilmen are starting a secondary campaign for fire, bridge and sewer bonds. They may ask the City Attorney to present an ordinance calling for a $400,000 issue of these securities next Monday.

MINES AND MINING.

WILL BANQUET ITS MEMBERS.

CHAMBER OF MINES IN FIRST GATHERING TONIGHT.

Relations of Los Angeles to Mining Camps and Industry Will Be Discussed—'Frisco Promoter Lied to Investor and Will Have to Serve in Prison.

The Chamber of Mines will give its first banquet to members and their invited guests at 6 o'clock this evening at Levy's Café. It is expected that 150 or perhaps more will be in attendance.

Gen. John R. Mathews, the president, will preside, and addresses will be delivered by Mayor Harper, Hon. Will A. Harris, Hon. F. C. Tyrrell, President W. D. Stephens of the Chamber of Commerce, President J. O. Koepfil of the Municipal League, Gilbert S. Wright, chairman of the Business Men's excursion to Nevada; F. A. Wann, traffic manager of the Salt Lake; W. R. Alberger of the Tonopah and Tidewater, Douglas White of the Las Vegas and Tonopah, and Rol King, vice-president of the Chamber of Mines.

The subjects discussed will cover the whole question of the relations of the mining districts with Los Angeles; the railroad questions, freight rates, etc., the matter of smelters in Southern California, and other similar points, all of which are of the utmost interest to the city. A large number of men prominent in the mining world are expected to be on hand to meet the local business men. In some cases it is likely that they will come together for the first time.

The Chamber of Mines has now a membership of some 350 individuals, corporations and firms engaged in every line of business, both in Los Angeles and the mining camps. It has just inaugurated the policy of examinging and registering mines, so as to separate the "fakes" from the bona-fide propositions.

Today, being Flag Day, it is expected that some appropriate references to that fact will be made by speakers.

"Fake" Promoter to Jail.

The conviction of E. W. Emmons, one of the pestiferous fellows who disgrace the mining and promotion business, should be a warning to a number of his breed who infest Los Angeles. Emmons was found guilty on Wednesday last before Judge Lawler in San Francisco of having obtained money under false pretenses from a Mrs. M. E. Hurst. He will be sentenced on Saturday, and the penalty is from one to ten years' imprisonment.

Emmons floated a property known as the Drummer Boy mine, and lied to Mrs. Hurst about its prospects. He succeeded in getting $500 from her for stock, but she subsequently got suspicious and investigated, only to find that it was worthless. His arrest and conviction followed under the law passed some two years ago, making it a felony for any person to misrepresent the value of any property for the purpose of selling stock.

This is the first conviction obtained. If some of those who are operating in Los Angeles were all investigated, it is likely that some others would go north to board at the State's expense in company with Emmons.

Two More New Companies.

The Foster Brothers' syndicate has organized two corporations to operate in the New York Mountains of San Bernardino county adjoining the properties of the Monarch Consolidated. The first of these is known as the Serpentine Mining Company. In this Foster Brothers have succeeded in interesting William H. Wilder and associates, capitalists of Boston. There are four claims in this group and shipping ore is declared to be found right on the surface.

The second of these is the Fulton Mining Company, which holds a group interested F. E. Goodjohn and associates of New York. This is a concentrating property and it is the intention to install a plant as soon as possible. All necessary machinery for both properties is to be secured at once.

The companies are capitalized at one million each. There is very little developing completed on either, just prospecting. It is expected, however, that the Serpentine will be shipping within a very short time. It is the intention to send ore to Salt Lake City. Neither corporation intends to offer any stock to the public.

The Foster Brothers' syndicate has just made application for membership in the Chamber of Mines and will have such properties as it may float examined and registered by the chamber. The members of the syndicate are: Ernest D. Foster, a retired attorney, and Charlton R. Foster, mining engineer. They have established offices in the Laughlin building.

Bonanza-Greenwater.

The Bonanza-Greenwater property in the district indicated by its name is declared by a recent visitor to that region to have a ledge 1800 feet long and 128 feet wide. It stands out above the surface and ore can be taken out by quarrying. The formation is peculiar, the hanging wall is pure galena, the foot wall copper and the ledge white carbonate of lead. An assay from the ledge gave 41 per cent. lead and $12.77 gold. Some of these ores are also said to be an excellent flux and the Salt Lake smelters pay a premium for them on this account. J. Irving Crowell of Los Angeles is superintendent.

The control of this property is owned by Charles Schwab. It is fifteen miles from the nearest point on the Tonopah and Tidewater Railroad. A Los Angeles man who is interested in that neighborhood, however, was advised by representatives of the Tonopah and Goldfield (Brock) Railroad that the line which that corporation has surveyed to the south from Beatty and is expected to build, will go within five miles. The official giving the information gave strong assurances that the line would be built.

Buy Tungsten Mine.

Val Schmits of Randsburg, and a Mr. Barton of Los Angeles, have purchased the Minnie mine near Randsburg, from Charles Kohn. The property is valued both for tungsten and gold, but the former is now the greater product. Mr. Kohn took out $1200 worth of tungsten in two months, and a lessee $200 in to weeks. The Randsburg miner says $3000 in cash was the first payment, the balance being on time. The whole amount was not given.

Claims in Litigation.

The suit of the Big Three Mining Company against E. M. Hamilton and others is on trial in Judge Conway's department of the Superior Court. The case grows out of the alleged action of the defendants in jumping the claim belonging to the plaintiff who now sues to oust them and quiet title. The claims are in the Rosamond district of Kern county, of which Hamilton is generally credited with being the discoverer.

The attorneys in the suit are Dist.-Atty. Laird of Kern county, Will A. Harris, William Chambers and Sherman Page.

BITTEN BY A "SIDE WINDER."

Southern Pacific Employee Struck by Rattler While Flagging a Train on the Desert.

With a man's life at stake and almost every chance against them, surgeons of the East and West are working night and day over W. C. Sheppard, a young flagman of the Southern Pacific line, who was bitten in the heel by a "side winder," on the desert near Salton, last Monday night, and who now lies in a critical condition at the Sisters' Hospital.

Last night it was reported from the hospital that Sheppard's magnificent courage and his determination to live was turning the tide in his favor and hopes of his recovery are now entertained.

The "side winder" is a desert rattle snake. It is rarely ever more than fourteen inches long and its color, a light tan prevents its detection in the desert country.

Sheppard was bitten while flagging a train at night. His scream of pain brought assistance and he was put on board the train and taken to Yuma. There everything possible was done for him and as his condition became worse he was hurried to Los Angeles. Since his arrival here surgeons have been working day and night in their fight with the venom. Yesterday morning the forming of cists in the injured man's side indicated the spread of the poison, but these were drawn down during the day and last night it was reported that Sheppard had experienced a change for the better.

CONSUL'S ANNIVERSARY.

Mexico Representative's Close Friends Enjoy Banquet of Native Dishes and Extend Good Wishes.

The thirty-eighth birthday anniversary of Antonio Lozano, Mexican Consul, was celebrated last evening by a gathering of close personal friends at the home of Mr. and Mrs. Lozano, No. 1515 West Seventh street.

The rooms were beautifully decorated in the Mexican colors, interspersed with American flags and flowers and potted plants. A banquet was served composed entirely of Mexican dishes. There was no formal programme, but the good wishes of the guests were expressed in short talks after the dinner, and congratulations were extended the Consul upon the auspicious record of his work during the period he has been stationed in Los Angeles.

Besides Consul Lozano, his wife and interesting family of nine children, there were gathered at the banquet board Mr. and Mrs. Eduardo J. Andrade, Mrs. Owen, Miss Simons, Enrique De la Sierra, S. Uranga and Andraes Muñoz.

The eminent Belgian sculptor, Jef. Lambeaux, who is regarded by many as Rodin's only rival, is busy on the monument to be erected in Washington to the memory of the late George M. Pullman, the former head of the Pullman Car Company.

FUTURE WIVES SHOW SKILL...

"POLY'S" EXHIBIT DRAWS MANY VISITORS.

Training School for Spouses Demonstrates What May Be Done in Spending Husband's Hard-earned Money to the Best Advantage—Boys Also in List of Wonder Producers.

The hospitality of the Polytechnic High School was extended to hundreds of friends yesterday on the second annual visitors' day. The beautiful building was in gala attire, with flowers and banners and trophies displayed—and teachers and pupils gave cordial welcome to each and every caller.

During the morning hours the centers of attraction were the domestic science room, and the domestic art department. In the former were products of cookery that were triumphs of artistic and culinary skill. The tables were bordered with posies, and the dainty dishes, fit for a king, carried out color schemes that were surpassingly beautiful. Bread, and every plain article of diet was represented, while salads and jellies and custards and cakes, and candy, found place in the display.

In one corner was an invalid's table ready to tempt the most capricious appetite, with scrapped meat balls, delicate viands, all arranged to please the subtle appeal to the eye.

Ah, those pretty gowns and hats, made by the classes in sewing and millinery! Every girl in that department is sure of at least one fetching new gown built on her own design. Art and dressmaking go hand in hand at "Poly." The girl draws her design, makes her patterns and then cuts the dress. And she must be a good judge of material and get value for her money, for that is a part of her training, and no one can doubt that she will make a pretty good wife and bye and bye, and spend her husband's hard-earned money to advantage.

A number of charming summer hats are on display, each one made by an industrious pupil who will enjoy wearing the fruit of her labors.

The shops were interesting displays. Fine solid tables of mission and hard wood chairs, buffets, settles and cases showing in every artistic line individuality that is the leading characteristic of hand work as contrasted with cheap factory-made furniture.

In the forge room were products of metal work, showing the light or delicate touch of the wonderful steam hammer. Pieces of machinery are designed and developed in steel or iron in this department.

The drawing exhibit was much admired, and extended from architectural plans for houses and public buildings to sketches from life and designs. Some of the conventionalized floral borders were stamped on cloth, the results being exceedingly artistic.

Even the lunch room was a busy, busy scene, many of the guests being members of the Board of Education and school superintendent and their wives, were royally entertained by pretty girls of the school service.

At 2 o'clock the auditorium was filled to overflowing with the visitors, every seat up to the highest gallery being occupied by interested spectators. The Polytechnic High School Orchestra rendered the programme with a stirring overture, then the curtains of the stage were drawn apart, and showed a group of the French classes in becoming costumes of old France. Many branches were held in their hands and they sang as they picked out the characteristic French airs. Gounod's opera, "Mireille," "The Coming Supremacy of the Pacific," was the subject of an oration delivered by Miss Elise Messer, and the Glee Club following with a bright, dainty numbers. The sweet melody of Andalusia was in the "Las Gaviotas," sung by a group of the Spanish class.

Dr. Andrews, chairman of the Self-Government Committee that made such a good reputation for the school, next gave a fine oration on "New Ideals." The P.H.S. Mandolin and Guitar Club played a catchy selection, and the Boys' Glee Club covered itself with glory with "Dixie Land" and other numbers, while the German class sang that beautiful German "Lorelei." A stirring oration on "Patriotism" delivered by Miss Spaulding was one of the features of the afternoon.

The girls' gymnasium club gave a pretty exhibition of club swinging, and the 27th team gave a performance that raised it out of the class of ordinary, and evoked a storm of applause from the spectators.

The closing part of the exercises was an oration by Principal Francis Morris, made by the head of the mechanical departments, and Superintendent of Schools.

SWEET JOY FILLS BOY.

Cream Race Has Chances to the Limit, and Gets a Prize.

There has been ascertained just how many dishes of ice cream a small boy can consume, if given the opportunity. In fact, not many get so near a chance to be allowed to even test their capacity upon this all-important question. Sometimes there are wild ones among the inner circle of boys, but usually the nickels give out before the appetite is by any means satisfied.

Yesterday they have had a chance. The ice cream race was one of the chief features at the reception of the M.O.K. Club, last evening at the home of Arthur Boyles on West Fifteenth street. The boys did not give out, either. There was plenty of it—nice, rich cream, that just melted in the mouths. Be it known that the club is a newly-organized one composed of small boys of Pico Heights. "It's a real good time," said one of the juvenile organizers yesterday.

Arthur Boyles and Robert Hayes were the two classmates chosen as contestants in the interesting exhibition. The race was not only to determine who could eat the most ice cream, but also to get it the fastest. The two boys started with dishes and spoons. As soon as one dish was finished another was handed him. Arthur Boyles, the victor, having finally finished the eighth dish, unable to eat more. He was awarded the championship, and is henceforth the champion eater of the club. Arthur has not been consulted as to how her small son, but casualties will result. It is said which the ice-cream feature was scheduled as one of the boys, and it must have been the most lively remember of the evening. Though there were many present, there was not any of them.

The menu of the evening as printed by the boys was: "The boys ... Clark ... and Harry ... cream, and cookies and ... served. At the end of ... Arthur Boyles and Rob... ice-cream race. Arthur ... He ate eight dishes. ... arose rousing cheers ... neighbors, and then ...

Both Phones 52 Los Angeles

TRAMP HOME.

(Continued from First Page.)

grade through a beautiful country to Jolon, they proceeded to Paso Robles, where another stop of a day was made, after which the journey was resumed to San Luis Obispo and Pizmo Beach, where two days were passed by the sea.

QUICKEN THEIR STEPS.

Then on through the Santa Maria oil fields and Santa Ynez they went, through San Marcos Pass into Santa Barbara, where another stop was made before continuing the tramp to Ventura, thence over the Conejo grade to Calabasas, and on through Cahuenga Pass to Hollywood and Los Angeles. The last 110 miles of the trip were covered in four days, or a little less than twenty-eight miles a day. The last night of the journey was spent in historic Calabasas.

While they carried sacks containing their imediate necessities, the boys packed a trunk with necessary changes of clothing and expressed it from one principal point to another along the route. The trunk reached Los Angeles several days ahead of them.

In explanation of their accelerated movements on the last four days, it is said the members of the little party hastened their steps for the purpose of outwitting many of their Los Angeles friends, who had planned a diabolical greting for them. They were scheduled to reach here today. It was the plan of their prankish admirers to go out in automobiles and meet them over beyond Cahuenga Pass, then to taunt them for the remainder of the journey with prospective lifts in the vehicles—prospective only.

WANTED A CHANGE.

"It was a delightful trip," said Mr. O'Melveny after he had greeted his mother and father and other members of the family. "We wanted a change into the open air and we thought this would be the best way to get it.

"We did not attempt to rough it by camping along the way—the tramp itself was rough enough, although extremely pleasant after the stiffness of the first few days had worn off. We stayed over night at hotels and farm houses, had good beds and excellent fare. The water at some points was poor, but bottled water helped us over this difficulty.

"We made no attempt to make a record. Our only idea was recreation, and we had that a-plenty."

"One of our greatest troubles," put in Mr. McFie, "was in endeavoring to observe the instructions borne by the auto signboards. For instance, we would go tearing down a hill, only to run into one of those blue signs warning us to slow down to ten miles an hour. You can imagine that this delayed us considerably."

At Pescadero the boys had the good fortune to witness the Portuguese festival, "Chamorita," which was observed on Whitsunday by thousands of Portuguese who had gathered from the country for miles around.

Scores of opportunities were afforded the boys to ride for matters of miles in automobiles and wagons. Friendly ranchers and autoists offered them "lifts," but hese always were declined with thanks, and even when the party struck the trolley line at Hollywood they scorned the opportunity to ride, tramping in to the very doors of their homes.

ESKEY LAID TO REST.

Last Honors Are Paid to Hospital Manager With Impressive Funeral Service Yesterday.

The funeral of Milton N. Eskey, late manager of the Pacific Hospital, who died Sunday night as the result of heart trouble, was held yesterday afternoon at the First Methodist Church. The members of the Masonic lodge with which Mr. Eskey belonged, attended in a body. The service was conducted by Dr. Robert McIntyre.

Respect for the man who for so long had conducted the affairs of the Pacific Hospital was shown by the nurses there, all of whom attended. The women were robed in white and each wore a piece of black crepe on their arm. Many friends and citizens who had known Mr. Eskey were in attendance.

The honorary pallbearers were R. B. Young, W. A. Barker, J. J. Mellus, Joseph Schroder, Dr. W. M. Lewis, Dr. J. H. Seymour and Dr. E. C. Buell. The active pallbearers were Mayor Harper, W. D. Woolwine, George J. Denis, Frank Cox, Reese Llewellyn and J. W. Dolan.

MEAT PRICES GO UP.

According to reports from the East received by Los Angeles retail meat dealers yesterday, the price of fancy and dressed meats will take an upward leap during the next week. The system of meat inspection now being used in the eastern packinghouses is said to be responsible for the boosting of the prices and this will be felt to a greater degree in Los Angeles because of the pure food investigations now being carried on here by the Health authorities.

Under the New Pure Food Law

All Food Products must be pure and honestly labelled.

BURNETT'S VANILLA

was fifty years ahead of the Law. It was always pure Vanilla. Every bottle now bears this label: *"Guaranteed under the Food and Drugs Act June 30th, 1906," Serial Number 81,* which has been assigned to us by the U. S. Dept. of Agriculture.

This Pre-Inventory Sale of Furniture

Hammocks Are Reduced 20 Per Cent.

Couldn't be offered at a more opportune time. Hammock time is here. You will soon be off on your vacation trip to the country, and no doubt you will need a new one. You can buy any one in our big stock (from $1.50 up) at a reduction of 20 per cent. Did you ever before hear of a hammock offer like this at the beginning of the season?

Closes Tomorrow

(Saturday, June 15th)

Our fiscal year closes Saturday, June 15. We have been conducting this sale for the purpose of reducing stock and have accomplished wonders. Thousands of pieces have been sold and every piece has gone at a bargain price. We still have an unparalleled collection of values, so don't worry if you are late. You will find plenty of bargains in every kind of furniture. Now don't forget that the sale closes tomorrow. It would be well to come today. The very piece you want may be gone tomorrow.

Great Bargains in Dining Chairs

A month or two ago we couldn't supply the demand for dining chairs. Now we have a heavy stock. Several delayed cars arrived at once. The minimum reduction is 20 per cent.

$6.50 Dining Chair $4.85

Made of quartered oak with box seat leather upholstered. Has French legs and carved feet. Arm chair to match is reduced to $11.00. We have equally good bargains in the higher and lower grades.

$36.00 Dining Table $26.50

Regular price is $36.00. It is a pedestal table made entirely of fine quarter-sawed oak. The top measures 48 inches in diameter and leaves are furnished for a six-foot extension.

A Carload of Hickory Arrived a Few Days Ago.

Elegant Parlor Furniture at Real Sacrifice Prices

It is impossible to give detailed descriptions here. There are hundreds of pieces, and every one is marked at a bargain price. When it comes to odd pieces, you will find the prices cut in half in many cases. We have the correct design of every period.

$22.50 Morris Chair $18.00

In a design like the picture on the right. The frame is in the mahogany finish and the cushions are covered with a fine grade of green velour. We have a small arm rocker to match reduced from $21.50 to $16.20; a small arm chair from $20.00 to $16.00; a large arm chair from $27.50 to $22.00; a large arm rocker from $30.00 to $24.00, and a settee from $65.00 to $52.00.

$50 and $55 Davenports $40

This is a fair example of the way we are reducing prices on Davenports. This one we have in quartered oak and mahogany finish in various patterns of velour covering. The backs are plain and the seats are tufted. The upholstery work is done in our own factory, and we know it is right.

Iron Beds at Half Price

Half price means something here, for our regular prices are certainly low. Discontinued patterns are responsible for these deep cuts:

$10.00 Beds	$5.00
$13.50 Beds	6.75
$15.50 Beds	7.75
$16.50 Beds	8.75
$18.00 Beds	9.00
$23.50 Beds	11.75

New Stock of Crex is in Now.

Real Bargains in Dressers

Real snaps, and a splendid lot to choose from.

$25 Oak Dresser $18.50

Every stick is solid oak, and the finish is golden. Top drawers are swelled. Choice of oval or pattern mirror. We have a good snap in a maple dresser at $17.50, reduced from $23.50. You are sure of a dresser bargain.

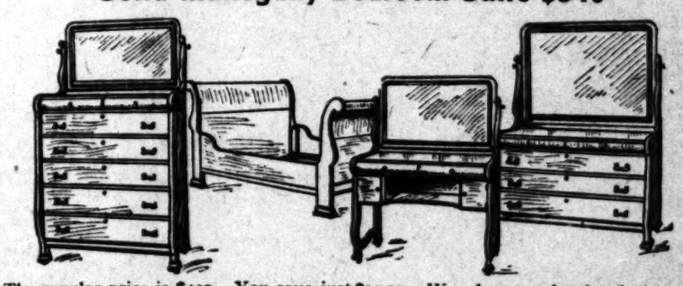
Ash Bungalow Furniture

Genuine bargains in the best line of bungalow furniture in the country.

$8 Arm Chair $6

There is a rocker to match at the same price, and a settee to match at $10.00. This new novelty is not at all expensive, you see. We have arm chairs as low as $3.95, rockers as low as $5.00, and settees as low as $6.00.

Solid Mahogany Bedroom Suite $340



The regular price is $430. You save just $90.00. We show a sketch of the four pieces above, so that you may have a fair idea of the design. This suite comes from the celebrated Nelson-Matter factory—one of the best in the land. Every piece is made of solid mahogany, and perfectly built and finished.

EVENTS IN LOCAL SOCIETY.

AMONG the many delightful functions of the week's end will be the informal tea which Mrs. Hancock Banning is to give Saturday afternoon in compliment to her sister-in-law, Mrs. Mary Norris of New York. Mrs. Norris was Miss Mary Banning, and is a charming and attractive woman. She is well-known in Los Angeles society, having spent her girlhood days here. The guests for Mrs. Banning's tea will include many of her old friends and members of the younger set.

—o—

Mrs. McLaughlin's Garden Party.

One of the delightful affairs of the coming week will be the garden party for which Mrs. Homer Laughlin and

Miss Gwendolen Laughlin, who, with her mother and sister, will be hostess at a large garden party on Tuesday.

her daughters, Mrs. Homer Laughlin, Jr., and Miss Gwendolen Laughlin, have issued invitations. It is to take place on Tuesday afternoon. The out-of-door function will be given on the beautiful grounds of the Laughlins at No. 826 West Adams street. A large number of invitations have been issued for this affair. Miss Laughlin, who is one of the most beautiful girls among the young buds, entertained yesterday afternoon with a matinée party in compliment to Misses Hazeltine and Lucy Sherman of San Francisco, who are here as guests of their cousins, Misses Lucy, Mary and Katherine Clark of St. James Park.

—o—

Leave for Europe.

Mrs. John W. Robson and her daughter, Miss Rachel Robson, left for Pittsburgh, Pa., yesterday for a short visit with relatives. Mrs. and Miss Robson expect to sail on the 25th inst. for a continental tour. While abroad they will visit Mrs. Robson's son, Jack Robson, in Paris. They will probably remain there several months. Mr. Robson is well known here, and at present is pursuing his art studies amid congenial surroundings.

—o—

For Miss Hutchinson.

In honor of Miss Allibelle Hutchinson, who is soon to become the bride of Frank Alton, Mrs. Thomas M. Alton was hostess at a luncheon at Levy's. The table decorations were in pink and green. Mrs. Alton is a guest of her sister, Mrs. Frank K. Rule of No. 1018 Lake street, for a few weeks, and will later return to her home in San Mateo.

—o—

Mr. Pease Surprises Friends.

Contrary to expectations of friends, Sherman Pease and Miss Mary Ida McGrory were married Wednesday evening at the home of the officiating minister, Rev. Burt Estes Howard, at No. 2823 Orchard avenue, only members of the family being present. After the ceremony a supper was served at the home of the groom's parents, Mr. and Mrs. Niles Pease of No. 1607 South Hoover street. Mr. Pease and his bride have gone for a wedding tour of a month or more, and after August 1 will receive their friends at No. 1036 South Alvarado street. The wedding Wednesday came as a surprise as it was thought it would be held later. The bride is a Detroit girl and has only been here a short time while Mr. Pease is a well-known club and business man.

—o—

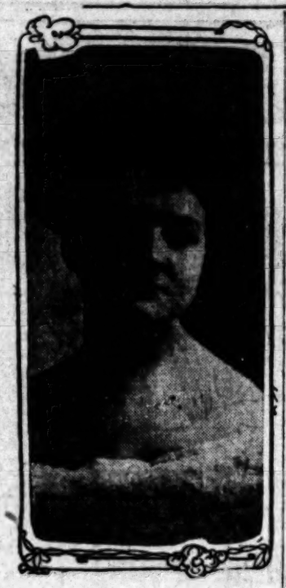
Miss Abbott's Wedding.

Standing before a bower of pink blossoms and amid waving palms and greens, Miss Bessie May Abbott and Stanley Ford Howland were married Wednesday evening in the Vincent M. E. Church with Rev. J. M. Ledford, uncle of the groom, officiating, assisted by Rev. B. C. Cory. The church was decorated in pleasing fashion with ferns, palms and greens and pink sweet peas and other flowers. Miss Fay Buck played the wedding march from "Lohengrin" and Mendelssohn's march, and during the ceremony Heber Coleman sang "Because." Little Marian Hayes led the bridal procession, scattering rose petals in the path. She wore white swiss and lace. Dudley Barton bore two rings used in the double-ring service. The bride was lovely and girlish, clad in a beauteous gown of ivory white satin, trimmed with the same lace which decorated her mother's wedding gown. The golden buckle at her belt was worn by her grandmother and was over one hundred years old. Her long tulle veil was caught with lilies of the valley and she carried a shower of the Easter lilies. Her maid-of-honor, Miss Bernice Howland, sister of the groom, was gowned in a charming little frock of white batiste over pink silk, trimmed with lace, and carried pink sweet peas. The bridesmaids were attired in pale yellow, pale blue and pale green, to represent the rainbow, and all carried clusters of Easter lilies. The bridesmaids were: Misses Zaida Kane, Jessie Standefer, Crystal Waters, Gussie Hasson, Emelita Abbott and Grace Thornton. Will Abbott, brother of the bride, was best man, and ushers were: Orville Howland, Walter Sallee, Arthur Brown, Richard Ronan, Dr. R. C. Lane and Charles Schweitzer. After the wedding a reception was held at the home of the bride's parents, Mr. and Mrs. Tracy Abbott, of No. 315 West Twenty-eighth street. Here the home was effectively decorated in ferns and pink carnations. Miss Crystal Waters, who is the possessor of a beautiful contralto voice, sang. Mr. and Mrs. Howland have gone North for a few weeks and will be home later in Long Beach, where Mr. Howland is the principal of the Pine-avenue school. Many beautiful gifts were received by the couple, among them a Chickering baby grand piano, the gift of the groom's father, F. G. Howland.

—o—

Honors for Miss Armstrong.

Invitations have just been issued for the wedding of Miss Mary Armstrong of Pomona to John Condit Bloeser of this city, the wedding to take place on the evening of the 25th inst., at the First Presbyterian Church in Pomona. Miss Armstrong, who is a strikingly pretty and popular girl, has chosen her sister, Miss Jeanette Armstrong, to act as maid of honor. The following girls will act as bridesmaids: Misses Helen Martin Sever, Martha Armstrong and Hawley. Ned Currier



Mrs. Harry N. McMullin, to sing at an affair this evening.

is to be best man, and Messrs. George Graham, David White, Louis Houser and Herman Houser will act as ushers. After the wedding, which will be attended by a large number of Los Angeles people, a reception will be held at the residence of the bride's parents, Mr. and Mrs. H. L. Armstrong of No. 504 Center street, Pomona.

The best man and ushers entertained Monday evening with a box party at the Belasco Theatre, followed by a supper at Hotel Alexandria for the bride and her maids and the groom. Mrs. John Bloeser has been entertaining the bridesmaids and maid of honor at her home at No. 2261 West Twenty-fourth street, for a few days.

Miss Helen Martin entertained Wednesday evening with a linen shower for the bride-elect at her home in Pomona. Miss Mattie Coates of Hotel Minnewaska was hostess at a charming party recently, given in compliment to Miss Armstrong. A number of other functions are being planned to do her honor.

—o—

Miss Brown is Bride.

Miss Lillian Brown and L. T. Cowley were married recently at the home of Mrs. A. J. Springer of No. 1805 Roosevelt street. Rev. Dr. Hugh K. Walker officiated. The rooms were artistically decorated with ferns and flowers, and only a few relatives and intimate friends were present. Miss Marie Jones, soprano, sang two selections, and Miss Alta Porteous played the wedding march. Mr. and Mrs. Cowley will be at home in their new house at No. 401 Winona street, Pasadena, after August 1.

—o—

Romance Is Consummated.

A charming little romance, begun five years ago, was consummated Tuesday evening, Miss Anna Gruebnau becoming the bride of Arthur C. Reed, at the Broadway Christian Church, which was filled with guests. Rev. J. W. Utter officiated. Five years ago the groom was a visitor from Vallejo, and at that time he met Miss Gruebnau; after that he was not satisfied to stay in Vallejo, and it was not many months until he came here to make his home. The engagement followed soon afterward. Mr. Reed and his bride are both popular in the church, Mr. Reed having been elected many times to the presidency of the Christian Endeavor Society there, and has also been superintendent and teacher in the Sunday-school.

The church where the ceremony took place was decorated with palms and ferns and white blossoms. The wedding march was played by Miss Beatrice Adam, including the "Bridal Chorus" from "Lohengrin," "Simple Confession" and Mendelssohn's march. The bride was becomingly gowned in white lansdowne, with lilies of the valley in her hair and carried a shower bouquet of white sweet peas. She was given away by her father. Miss Felicia Woodworth was maid of honor and wore a charming gown of white over lavender, and carried a shower of lavender sweet peas. Harry L. Schmeitzdorff was best man, and Misses Mabel Ranney, Edna Leary and Jeanette Yager wer bridesmaids, wearing white over pink, and carrying bouquets of pink sweet peas. The ushers were: Messrs. R. F. Schmeitzdorff, Roy Scantland, James Bridges, George Webb and Walter Holst. Later a reception was held at the home of the bride. Mr. and Mrs. Reed left the same night for a wedding journey to Vallejo, to be gone about a month. On their return they will live here.

—o—

Mrs. McMullin, Special Guest.

Mrs. Harry McMullin, who is one of Los Angeles's talented and handsome young matrons, is to be a special guest this evening at the concert given by the Lyric Club. She is to sing a number of solos. Her voice is said to be of especially pleading and sympathetic quality.

—o—

Mr. Kalbright Takes Bride.

Edmund J. Kalbright of San Diego, and Virginia Mulligan of Oakland, were quietly married at the home of the officiating clergyman, Rev. Henry W. Crabbe, at noon Wednesday. Only a few friends were present to witness the ceremony. Mr. and Mrs. Kalbright will make their home in San Diego, Mr. Kalbright is chief engineer of the San Diego and Arizona Railroad.

—o—

Mrs. Ward's Party.

A charming afternoon entertainment was offered the members of the Social Hour Club of Hollenbeck Chapter O.E.S., by Mrs. Thomas James Ward, at her apartments at the Rangeley, corner Third and Figueroa streets. The sun parlors of the hotel were turned over to the guests and much merriment was created by each lady, when blind folded trying to sketch a pig, the successful winners were Mrs. G. B. Darby and Mrs. Perigo. In the game of whist, Mrs. J. W. Gray carried off first prize and the second prize was awarded to Mrs. C. B. Gray. The special guests were Mrs. C. B. Gray of Honolulu, Mrs. E. Laury of Chicago, Ill. and Mrs. F. L. Merrill.

—o—

For David Marks.

Mr. and Mrs. B. D. Marks of No. 1054 Florida street gave a skidoo party in honor of the twenty-third birthday of their son, M. David Marks. Music and dancing were enjoyed. The house was profusely decorated with roses and sweet peas. The following were present: Misses Eveline Adams, Rose Gordon, Regina Herrara, Tillie Klatcher, Carrie Klatcher, Sally Schneider, Lilian Schneider, Ethel Shoemaker, Rena Marks, Ida Marks and Messrs. R. E. Adams, Frank Simpson, Charles Haley, Ale Gordon, Edward Marks, Robert Marks, Ell B. Isaacs, Edward Ruben, Paul Grimm, Montrose Marks and C. B. Glase.

—o—

Lambdins Entertain.

A dancing party was given by Mr. and Mrs. Ralph Lambdin Tuesday evening at Pico Dancing Academy in honor of their wedding, May 30. The guests presented the bride with a handsome set of silverware and there were other presents. Mrs. Lambdin was formerly Miss Katherine Parish of this city.

—o—

Misses Williams Entertain.

Yesterday afternoon the Misses Williams of Cahuenga avenue, Hollywood, entertained informally at five hundred. Prizes were secured by Miss Lillian Moody, first; Miss Roen, second, and Miss Helen Wills, consolation.

—o—

Entertain at Bridge.

Mrs. F. Irwin Herron and Mrs. Carl Frederic Adam entertained Wednesday afternoon with a charming bridge party, at the home of the former, No. 2627 Orchard avenue.

Those who enjoyed the affair were: Mmes. J. W. McKinley, A. McC. Hardenberg, Stephens, Jack Johnson, William Caswell, Morris Albee, Joyce, West Hughes, Burton E. Green, Samuel S. Haskins, Carroll Allen, Allen C. Balch, John T. Jones, John Howes, Baldwin, Willoughby Rodman, Albert Crutcher, Joanna Murray, Rufus H. Herron, J. D. Mercereau, J. J. Mansar, and Misses Bindley, McMillen, Bothwell, Gertrude Gooding, Rodman, Edith Herron and Clara Mercereau.

This afternoon the same hostesses will entertain at the home of Mrs. Adams at No. 2699 Orchard avenue. Those invited for today include: Mmes. Will E. Dunn, Shelley Tolhurst, W. T. Bishop, Albert Crutcher, Rolland Bishop, E. A. Bryant, George T. Griffith, Nathanial Myrick, Melville Eshman, Davis Richardson, William Richardson, Victor Shaw, Robert Weed, Wells Smith, J. A. Fairchild, Herman Kerckhoff, Stewart McKee, C. C. Parker, Frank Burnett, Robert Sherman, Johnston, John G. Mott, John H. Norton, William G. Kerckhoff, Fred Siebert, Curtis Williams, Ernest Williams and Misses Ivers and Matthews.

—o—

Notes and Personals.

Mrs. Melville M. Johnston has moved into her new home, No. 2237 Hobart boulevard.

Mrs. William Burgoyne of No. 912 Valencia street assisted by Mrs. Bradish, will entertain the Ladies' Card Club of Los Angeles Chapter O.E.S., Saturday at 2 o'clock p.m.

Mrs. Margaret J. Frick of Berkeley, is visiting Mrs. Albert M. Stephens of No. 515 Andrews boulevard. Mrs. Frick will receive on Fridays during June.

The Woman's Guild of St. John's Church will hold a sale of delicacies and a social on Saturday afternoon at the Parish Hall, corner of Figueroa and Adams streets.

Miss Ella M. Howell will entertain the Esperanza Card Club Monday evening at her residence, Casa del Pico, No. 1316 Vermont avenue. Eastern Star members and their friends are invited.

J. A. Warner, a mining operator of Gold Roads, Ariz., and bride, are in the city on their honeymoon, guests of W. H. Sharp, at Hotel Hayward.

Mr. and Mrs. S. Brodeck of No. 1319 South Hope street announce the engagement of their daughter, Annie, to Benjamin Davidson. They will receive their friends Sunday, June 22.

Mrs. May L. Smith and her two sons, Merle and Gerald, left for the East for a three months' visit.

Miss Emma Dewey, who has been spending the winter with Mrs. Walker of the Crestholme, has returned to her home in Kalamazoo, Mich.

PERSONAL.

C. R. Welch, a banker of Fort Collins, Colo., with Mrs. Welch, is a guest at Hotel Lankershim. They are on their homeward journey, after a visit to numerous points on the Pacific Coast, and will spend several days in Los Angeles and vicinity.

A guest of the Angelus Hotel is Prof. Henry Lawrence Southwick, of the Emerson School of Oratory, Boston, and a Shakespearean reader of note. He is accompanied by his two daughters, Misses Mildred and Jessie Southwick.

Dr. B. H. Ogden, a prominent practitioner of St. Paul, Minn., accompanied by Mrs. Ogden and child, is a guest at the Angelus Hotel.

John Clancy, one of the well-known real estate dealers of Broadway, has gone to Nevada, where he will visit numerous mining points to look after personal interests and missions for clients.

PROPOSALS FOR

Sealed proposals will be received by the city of Pomona, California, on Tuesday, July 16th, 1907, at 8 o'clock p.m., for the purchase of Municipal Improvement Bonds of said city issued under the provisions of an act of February 26, 1903. School Bonds No. 1 to 6, inclusive, for the aggregate sum of $40,000.00. All bear date of July 1st, 1907, and are of the denomination of $1000 each, one of said bonds falling due each year for 40 years. Said bonds bear interest at the rate of 4½ per cent. per annum, payable semi-annually, on the 1st day of January and on the 1st day of July. No offer less than par and accrued to date of delivery will be considered. Each proposal must be accompanied by a certified check for 10 per cent. of the amount of the bonds bid for, payable to the order of the city clerk, which will be forfeited and become the property of the city of Pomona, if the proposal be accepted with his proposal and he refuse or neglect to take the bonds awarded to him. The Board of Trustees reserves the right to reject any and all proposals. Address proposals to the undersigned. By order of the Board of Trustees of the city of Pomona, Cal.

City Clerk.

Pomona, Cal., June 10, 1907.

WHEEL INTO LINE FOR THE GREAT RACE.

...with success and satisfaction of last year's contestants are shown by the letters and messages received by the manager daily. Almost every one of the city contestants have either called or called to express their interest in this year's campaign and the favorable remark is: "I just wish I were going to be in it again." Seven of the contestants have already declared themselves candidates for this year's race, and others have expressed regret that, for some reason or other, they are not able to enter this year.

The young people realize that no other opportunity to earn an education together with money for incidentals will ever come their way. Many of them are so impatient for the contest to begin that they can scarcely wait for the morning of June 24th to come. The subscription books will be opened on Saturday the 22nd, in order that all may be ready to begin canvassing promptly with the opening of the campaign. Books will be mailed to the various contestants on Saturday morning, June 22nd, so that every one may start at the same time.

THE OUTSIDE TOWNS.

Early Lordsburg, Ontario, Pasadena, Whittier, Ocean Park, Soldiers' Home, Redondo, El Monte, Escondido and Riverside are lined up and the Los Angeles delegation numbers as many as it did at the contest last year. During the coming ten days will be the registration of as many more as it is in the last days of enrollment that things get lively. Next week headquarters will be opened up on the fourth floor of The Times building, where, in the meantime, continue to mail applications or call up Temple 315 and talk with the scholarship manager.

NEXT FROM LORDSBURG.

Among the lady from Lordsburg will be Miss Clonilia Palomares. Last year's contestant, Miss Kate Atkinson, had a pretty race. On the twelfth day of the contest she took a flying start in rows, and landed in the fifth row from the top, and four days she stood fifth. For almost a week she never dropped below the fifth, but about that time Maud Miller of the Asuza flyer, began to get ahead, and then some of the Los Angeles flyers rushed up, and Miss Atkinson crowded farther down the list, rolled up a score of more than 1,000 points, and stood twentieth in the scores, winning one of the handsome prizes given by The Times, a scholarship in a business college. Such a record as that, the management thinks, ought to stand among the best fifteen this year.

WHERE ARE THE BOYS?

Many of the boys have enrolled thus far, but are the rest of them? Surely the girls make away with all the prizes. One of the boys who was among the first to enroll was Stanley Hall, of Ocean Park, and he will have lots of friends and well-wishers. Yesterday four more interested came in for his nomination. Stanley was the first to nominate a boy in the beginning, and wrote to the scholarship manager concerning him, which was published a few days ago. Let us hear from some more of the same sort. Who will be next from Long Beach, and why shouldn't Catalina send on a candidate? Before long the Magic Isle will be in line, and getting a representative on a contest. She has never had a candidate. Who'll be the first?

ANOTHER GIRL ENTERS.

Miss Kim nominates a candidate to enter in the contest, in the person of her cousin, Margaret Chung of No. 1247 East Seventh street. Margaret has just been graduated from the high school and is ready to enter high school, but she has an ambition to follow in Mansie's footsteps and secure a scholarship in the Brownsberger Business College. Margaret is the eldest of a large family and she wishes to fit herself for business life. She now holds a position in the Central Department store, where she wants a knowledge of shorthand. Mansie has just been graduated from the book-keeping department of Brownsberger and is now taking stenography and typewriting.

TWO TRETRE TWINS.

Misses Elsie and Hazel Pestor called on the scholarship manager yesterday and their faces were beaming with joy. They said they could hardly wait for the contest to open. Last year Jessie's helper last year learned the ropes so that she knew how to go to work. These pretty twins, both will be 16 in next February and both graduate from the Custer-avenue grammar school in January and will enter High School in February. They are a pair of girls and the manager has great things from them in the way of scores.

MOTHER ANXIOUS.

A mother telephoned that she was sorry to begin to take orders for premiums and begged for a subscription book, but the manager explained her heart and absolutely refused to give out the subscription books in the beginning of the contest, in order that all may start at the same time, as we want the race to be fair to all concerned. On Saturday, June 22, the subscription books will be distributed to prospective contestants.

ANOTHER HEIGHTS GIRL.

Miss Ruth McCarty, a pretty 16-year-old girl who lives at No. 1330 Orchard street, came to see the scholarship manager yesterday and enter the contest. She graduates from the Pasadena-street school this month and will then be ready for High School. She seeks a scholarship in the Academy Business College and will prepare for a commercial career. Miss McCarty has lived here all her life, is sixteen years and she is a very attractive girl who will be a credit to the scholarship.

PRIZES INCREASED.

The Times with its usual custom of increasing previous contests considerably, has increased the prizes. This year the sum of $2,000 in addition to the $200 first cash prize, or the piano, will be offered. This year the sum of $2,000 will be divided among the fifteen contestants ranking highest. A prize piano will also be offered, as last year, the contestant scoring highest having first choice of scholarships and, in addition, the $200 first cash prize, or the piano. The cash prizes are designed to help defray the student's incidental or living expenses while attending school and will be divided according to the following scale:

1	$200
2	140
3	125
4	110
5	100
6	90
7	85
8	75
9	65
10	55
11	45
12	35
13	25
14	25
15	25

Continue to send in your applications, boys and girls. The sooner your friends know you are in the field, the better it will be for you. Fill out the blank below, and send to the Scholarship Manager.

Scholarship Manager,
Room 406, Times Building,
Los Angeles, Cal.

CUT OUT AT ONCE AND SEND TO THE TIMES.

THEY DID NOT MEAN TO STEAL.

EIGHT HUNDRED HORNS TEMPT FOURTEEN BOYS.

Where All the Noise in the Sixth Ward on Election Day Came from Is Now Explained—It Caused a Fight, a Riot Call and Many Arrests.

How did fourteen boys manage to get away with 800 tin horns taken by one of them and how did the neighborhood of Sixteenth and San Pedro streets manage to survive the racket? These are the questions which have created a furore of excitement in both the police and detective departments. As a result of the escapade, fourteen youngsters are behind the bars while fourteen anxious pairs of parents are vowing vengeance in as many different languages and threatening to wreak it on every one in sight.

Sixteenth and San Pedro streets, however, is said to be enjoying the peace and quiet it has long looked for and practically despaired of, and until the boys are freed, the residents of that section expect to get a few good nights' sleep.

It began early on the morning of the Owens River bonds election. One chocolate colored little "smoke" who says his name is Esmeratus Blurto, and who is called "Ras" by his companions, got out of bed with his right foot first. He was 8 years old and Wednesday was his lucky day. It is said that he gathered together certain other members of the gang and that they answered the call of the little 'possum hunter with alacrity. In the neighborhood was a shed. In the shed was a great bundle of something and outside the bright eyes of the youngsters danced with excitement.

How it happened no one will ever find out. There are fourteen versions of the story being told by fourteen members of the gang and each member in his narrative clears himself of all blame in the transaction. At any rate the horns were transferred.

At the various voting places of the district, barefooted youngsters spent the day blowing horns. When one horn gave out another would suddenly appear and the neighborhood held up its hands in terror then wisely stuffed its figurative fingers into its figurative ears and let the boys have their way.

But during the afternoon a certain man of the neighborhood came home from work. He saw boys with horns and heard boys with horns. He began hearing boys with horns several blocks before he caught sight of them. He had an idea. Occasionally he indulged himself in such frivilous forms of amusement as ideas. He went to his barn. Where had been horns there was nothing.

He began to collect the horns that remained in the neighborhood, but the number was limited. Fourteen boys had blown 750 horns to pieces during the day. The man telephoned for the police. Patrolman Varey was hurried to the scene of disaster. He went to the place where lived certain boys named Steiner. He wanted the boys, but he didn't get them.

The neighborhood leaned from its windows, watched the conflict and was glad. Papa Steiner made an appearance about that time. His appearance was inopportune.

Varey turned from trying to use his limited knowledge of German on Mrs. Steiner, and used his handcuffs on Mr. Steiner. Mrs. Steiner for a second time prepared for combat. Varey backed up, taking Steiner with him, and trying to hold onto Louie at the same time. About that time one of the neighbors took a hand and called Varey a "big stiff," and Varey arrested him. Another neighbor referred unpleasantly to Varey's ancestry, and Louis Turner remarked that it would be nice if Varey would go to a place where the ice trust doesn't do business.

Varey arrested him and then in the face of superior numbers he sent in a riot call.

All those arrested were released with the exception of Steiner and Turner. The officer asked for a complaint against the man who had called him a "big stiff." The District Attorney's representative did not commit himself on the subject, but refused to issue the complaint. Turner was arraigned on a charge of disturbing the peace.

Yesterday afternoon Detectives Murphy and Walsh invaded the neighborhood. Little boys were arrested in rapid succession. At last all fourteen were captured and taken to the Central Station and booked. They all cried, and then became interested in the antics of a drunken man brought in by the officers.

The boys will be tried in the juvenile court, and Sixteenth and San Pedro streets is resting for the time being. Now it is reported that a real man, who was once a boy himself, has offered to pay for the horns if all the boys are released.

DON'T BE SICK AND RUN-DOWN ALL SUMMER

Debility If Unchecked Often Runs Into Fatal Decline—Get Grip's After-Effects Out of Your System and Enjoy Strength and Vigor Once More.

An attack of grip depletes the blood, reduces the vitality and leaves the system is a run-down condition that is almost sure to invite disease if not corrected.

It is a condition that calls emphatically for a tonic for the blood. Dr. Williams' Pink Pills are a tonic especially adapted to meet this need. They enable the blood to absorb oxygen, the great sustainer of organic life, they tone up the nerves and give vigor, strength and health to the debilitated system.

Mrs. Sarah Railsback of 106 South street, Richmond, Ind., says: "I had attacks of grip every winter for about ten years. It left me with no appetite, I was miserable all the time and could hardly drag myself around. I lost in weight and was terribly run down. I was chilly and cold and ached all over.

"I was under the care of our family doctor but got no relief until my niece persuaded me to try Dr. Williams' Pink Pills. It wasn't long before I had an appetite and could eat. I certainly got better soon and Dr. Williams' Pink Pills cured me. The aches and pains left me and I gained in weight. I take the pills every spring to build up my blood and tone up my stomach. I always recommend Dr. Williams' Pink Pills to my friends and think they are a grand medicine."

"The value of Dr. William' Pink Pills in debility cases lies in their direct response to the needs of the blood. That they do this well is shown by the gradual disappearance of the symptoms and the return of color and health. They lay the foundation for permanent health in the future.

A valuable booklet, "Diseases of the Blood," containing fuller information, will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes $2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

FUNERAL HELD.

(Continued from First Page.)

the 'Patients were allowed to die without Christian Science treatment.'

"Regularly at the Wednesday evening meetings held in Simpson Auditorium, 1500 persons assemble for the purpose of hearing and relating the benefits they have received through Christian Science, and most of these sought its healing power after all other methods had failed.

"Statistics compiled in the States of Texas and Maine show that 90 per cent. of those applying to Christian Science for treatment were either cured or permanently benefited and 70 per cent. of those applying were cases given up by the regular physicians."

C. W. Seeber writes a long and rambling letter to The Times, making the point that 80 per cent. of the cases of tetanus are fatal and that Christian Science healers should not be blamed if their patients die of the disease.

SHY AT "COME BACKS."

Veniremen Prejudiced and Russell Case Goes Over for Want of a Jury.

Apparently there is an awakened public conscience in Los Angeles as to the methods of conducting some of the eating-houses of the city.

Out of a venire of forty men summoned yesterday, only seven proved satisfactory to the prosecution and defense in the case of A. B. Russell, the restaurant proprietor arrested several weeks ago on a charge of serving "come backs" to his patrons. A new venire was ordered by Justice Rose and the case was continued until tomorrow morning at 9 o'clock.

It developed that most of the venire summoned yesterday had read the newspaper accounts of the activities of Deputy Health Inspector Schwegel and had formed opinions that would prevent them from giving the defendant a fair trial. Thomas Kenton Kase represented Russell, and W. Joseph Ford, Assistant Prosecuting Attorney, appeared for the people.

"Do you eat in restaurants?" asked Attorney Kase of one of the prospective jurors.

"I HAVE," was the reply, with an emphasis and a shrug of the shoulders that boded ill for the defense. He was challenged for cause.

Another was excused when he stated the grounds of his prejudice by saying that "some pretty rotten feeds" had been handed out to him at different eating-houses.

"I'm a married man and I eat at home, and I never read anything in the newspapers but the real estate transfers," answered still another venireman, who seemed so satisfactory to both sides that he was permitted to retain his seat in the jury box.

One more who was accepted said he used to run a tamale wagon. His general opinion was that some home cooking was done with as little regard to cleanliness as that which is done in some hotels and restaurants.

THROWN FROM HIS CAR.

Quick Application of Brakes Saves the Coach but Seriously Injures the Man Running It.

Through his own carelessness, L. W. Sweeney, motorman of West Sixth-street car No. 279, nearly lost his life yesterday afternoon and narrowly escaped wrecking his car. By running too fast through a switch at Sixth and Miami avenue, the front trucks jumped upon the wrong track and Sweeney was seriously injured.

Because of some grading work that is being done on the West Sixth-street line of the Pacific Electric Railway, a temporary switch has been built. Sweeney was running at a high rate of speed. The front trucks took the switch and the rear trucks remained upon the main line. As the motorman saw that an accident was inevitable he applied the air.

The violent jerk given by the car as the trucks diverged beneath hurled him out of the entryway upon a rail. He struck on his left arm and shoulder. His hand was fearfully mangled and his body was bruised. Had Sweeney waited an instant longer before applying his brake the car would have been thrown in a ditch. Sweeney was sent to the Receiving Hospital.

The MAMMOTH'S $50,000 SHOE PURCHASE

ATTEND THIS UNUSUAL

SHOE SALE

A crowded store will testify to its merits. Four full carloads of shoes have already arrived. Thousands upon thousands of pairs of fine shoes for men, women and children are thrown on the bargain tables.

This is, indeed, a shoe sensation Yes, a shoe sacrifice. Sale now on.

SALE AT 519 SO. BROADWAY

AUCTION!

SATURDAY JUNE 15th 10AM

70 City Lots South Vermont Ave. Tract

HOW TO GET THERE—Take Redondo-Gardena car on Broadway and get off at Burke, or San Pedro car on Third or Hill and get off at Marquette. Only 20 minutes from business center.

Highest Class Improvements—Five-foot cement sidewalks, curbs and gutters, oiled streets, water riped in front of each lot.

Building restrictions, $1000; 11 families living on tract; more houses under way.

We build for purchasers on easy monthly payment plan.

ONE LOT ABSOLUTELY FREE

We want 1000 people at this sale; therefore we will GIVE AWAY ONE LOT ABSOLUTELY FREE.

Everybody attending this sale has a chance whether he buys or not.

We have instructed Mr. Louderback to sell these lots without reserve or limit and authorize him to start every lot at $100 and sell asolutely to the highest bidder. Easy terms.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

FIVE TAKEN IN DRAGNET.

POLICE GATHER IN BATTERY CASES IN PASADENA.

Bitulithic Pavement Wins After a Long Fight—Municipal Lighting Service Is Announced to Begin on the Fourth of July—Edison Company May Bring Another Suit.

Office of The Times, No. 38 S. Raymond ave.

PASADENA, June 14.—Busy were the police last evening for they first were called upon to round up five well-known young men on a charge of battery, and then were sent out to look up a bogus check deal, or, at least, a deal so alleged. In all half dozen cases the department was successful and the half dozen is not as happy as it was a bit before.

The battery case brought one unoffending man to the Police Emergency Hospital, where a bad gash on his head was treated by Police Surgeon McCoy. This unfortunate was George Zayuris, a Greek. His companion in misery was Arlet G. Rellos. Rellos was not so badly hurt that he had to be patched up by the surgeon.

The five jailed alleged offenders are Frank McClure, who failed to secure bail and is now in the County Jail awaiting arraignment; John Thompson, Clarence Snider and Ernest Lenhart, all three out on bail, and Percy Trepilt, who now languishes with McClure. Policeman Nicoll made these five arrests.

The alleged check artist is L. J. Clemmens. He was arrested by Detective Copping at the instance of a man named Hollister of the Union Supply Company. Clemmens' bail is fixed at an even $1000, and he also languishes for lack of money. His arrest is due to the new law which makes it a crime to draw a check on a bank in which one has no funds. The bank involved in this case is located in Los Angeles.

GRADUATES IN PLAY.

Packed to the doors was the Pasadena operahouse last evening, the occasion being the presentation of the High School senior class play, which was strictly home made and entitled, "When Day Breaks." The play was really a musical extravaganza in three acts and dealth with the open. Hits at the expense of the graduates and the faculty were many and the costuming of the piece was particularly elaborate. Both in scenery and general presentation the piece was even a trifle more elaborate than the one given last year. Birds might be said to be the principal characters in the play, and the singing of the young people was a distinct compliment to their instructor.

BITULTHIC WINS.

After the most protracted contest ever made over a form of street improvement the City Council late yesterday afternoon decided to order Los Robles avenue for a distance over two miles paved by the bituithic method, a new system, the patented property of the Warren Brothers. If this work is really carried out this will be the first stretch of this kind of pavement in the entire State. There was a hot contest before the City Council before it was finally decided what to do. Several weeks ago a petition for asphalting with a big majority of frontage signed was presented to the Council. This would undoubtedly have been favorably acted upon had it not been for the advent of a Warren Brothers representative with a slab of bituithic pavement as a sample. This slab had been down for several years and showed almost no wear. So enamoured were were some of the Los Robles people with this sample that they wanted to investigate at once, as D. M Linnard was about to go East, they waited until he could return and report. His report decided a big majority to favor the bituithic over the asphalt and the last stand of the asphalt people was made before the City Council yesterday afternoon. C. J. Willett spoke for asphalt and a personal investigation by the members of the City Council, but finally the fact that the newest petition had signatures of 2500 feet more than a majority of frontage carried the day and Councilman Crandall moved that the newer petition be granted, the City Engineer and City Attorney be instructed to draw up a resolution of intention for the bituithic pavement and that the work be done under the Vrooman Act. This motion prevailed unanimously and the Lig fight now seems to be over, unless the asphalt people take the matter up in the courts.

LIGHT COMPLICATIONS.

Superintendent Glass of the municipal electric-light department, which will turn on the juice July 4, if something else does not go wrong, says that the people ought to vote bonds for at least $35,000 in order that all of the street lighting may be taken away from the Edison company. He says that the city will be able to cut the price of current in half and still gather in stacks of gold to pay for the plant. Just to complicate matters still further, it is stated with apparent authority that the Edison company is about to institute another suit against the city. This time the suit is not to be based on the fact that the city has engaged in the lighting business, but simply on the grounds that a pole belonging to the city has fallen across the company's wires, short-circuiting them and causing much damage.

THROOP'S FINE EXHIBIT.

The finest exhibit of finished work ever displayed by the local polytechnic school was thrown open to the public at Throop yesterday afternoon. From the crude woodwork of the first year to the finished engine of the seniors, every department was fittingly represented by an extensive display of creditable production. The crowd which attended was large. Especially attractive was the art exhibition in the Stickney memorial building. The clay modeling pieces attracted much attention, while the drawings, mechanical and free hand, came for a goodly share of notice. The exhibition will continue today, closing in the evening.

TARANTULA VICTIM SAVED.

Foreman Frank Mulligan, who is in charge of the Pacific Electric gravel pit at Lamanda Park, had a narrow escape from death yesterday afternoon, after being attacked by a large tarantula. The man was bitten on the leg, and when he appreciated how dangerous was his injury, he at once started on a race for Pasadena and medical attention. A special car was pressed into service, and when the man reached this city he was promptly treated at the Pacific Electric Emergency Hospital by the company surgeon. Mulligan will recover.

BOY STRANGELY SHOT.

With a 22-caliber bullet in his hand, Frank Sharp, aged 14, and a resident of the North Side, was treated yesterday by Dr. A. B. Royal. The lad can give no complete explanation of the way in which he came to be wounded. It seems that he went up in the Arroyo for an outing, and that while he was there he was either wounded by a stray bullet or else the one who did the shooting is known to the boy, but he, boy like, does not wish to tell on his companion. The bullet passed completely through the finger and then went into the hand.

SOCIAL FUNCTIONS.

Mr. and Mrs. Holloway I. Stuart entertained at their home on South Grand avenue yesterday evening, in honor of Glenn Cowgill of San Francisco, who is a guest here, with a five hundred party. Red gladioli and red roses, with feathery ferns, made an effective decoration against the background of dull green mural tints in the living-room, where the card tables were arranged. Prizes were awarded, and a collation served after the games. Those present were Misses Lucile Carver, Kate Smith, Adelaide Wright, Madeline Harris, Genevieve Stehman, Nell Fairbanks, Barbara Morrison; Messrs. Warren Smith, Park Smith, Frank Stokes, Arthur Gabriel, John Stehman, Raymond Gould, and Walter Barnes.

Mrs. Sylvester Seago entertained yesterday afternoon at her home on West California street for Miss Jean Donaldson, who is a house guest at the home of Mr. and Mrs. Lon Chapin. Twenty young maids and matrons were invited, and the game was anagrams, for which three pretty prizes were awarded to three Los Angeles guests, Miss Busch, Miss Josephine Medill and Mrs. Clifford Katum.

Wedding announcements. Norris-Thurston Co.

TAKES LITERATURE CHAIR.

Late Head of English Department in Nevada University Goes to Pomona College.

CLAREMONT, June 13.—Prof. L. W. Cushhman, late head of the English department in the University of Nevada, has been selected to fill the chair of American literature at Pomona College during the absence of Prof. P. Spalding in Europe. Prof. Cushman has filled the chair of English at Nevada for the past six years and is an author and educator of note.

The first of the commencement festivities of Pomona College will be held Friday morning at 11:30 o'clock when the senior class will hold its ivy ceremony on the campus. The other yearend exercises will begin on Tuesday morning, June 25, when the class day ceremonies will take place in the chapel. In the afternoon will take place the president's reception and in the evening the annual "wash" programme in the natural amphitheater on the edge of the San Antonio wash. Wednesday morning the commencement exercises will be held in the chapel. June 28 will be baccalaureate Sunday.

INTERSOCIETY DEBATE.

The fourth annual intersociety debate between the Pomona College Debating Club and the Lyceum, which was held in Society Hall Wednesday evening, was won by the P.C.D.C. The winning debaters, who upheld the affirmative of the question, "Should the United States enact a national progressive income tax law?" were H. W. Hawkinson of Ontario; V. R. Churchill of Hollywood and M. E. Hill of Upland. The negative speakers were H. Hartshorn of Claremont, Earl Kennard of Glendora and R. S. Smith of Moor Park. The judges were Profs. White Chandler, and Brackett.

WILL HAVE FENCE RUSH.

The students of Pomona College have decided to abolish the traditional "paint scrap" at the beginning of each college year between the freshmen and sophomore classes and will Insitute in its place a "fence rush," modeled on the famous rush at Yale. On the first Thursday of the year at 4 o'clock, the sophomores will be in possession of the fence, which will be twenty feet long and four feet high. After twenty minutes of rushing the upper classmen will call time and count the number of hands which are grasping the upper railing of the fence. The class which has the most hands on the rail will be declared the winner and will be allowed to float its flag over the fence for a certain space of time.

FOR FREIGHT FRANCHISE.

Question to Be Submitted at a Called Meeting of Monrovia Board of Trade.

MONROVIA, June 13.—Two questions of extensive interest are to be presented at a meeting of the Board of Trade called for tomorrow evening. The granting of a freight-carrying privilege to the Pacific Electric is the one of the topics scheduled. While ultra-conservative and immediately effected property owners object to granting the railway company so valuable a concession, especially valuable in view of the city's rapid growth, a majority of citizens are willing to give the company anything in reason in view of its part in the city's development.

Another question to be presented is the adoption of the State tree-planting ordinance. The Park Commision has been advised that the ordinance is constitutional, and several nurserymen have offered to furnish and care for the trees for three years at less than $10 per fifty-foot frontage. Under this plan, the cost of civic ornamentaion will be borne pro rata by absentees, who have heretofore reaped the financial benefit of general improvements to which they contributed little or nothing.

RESULT PLEASES THEM.

Throughout the San Gabriel Valley jubilation over the result of the Owens River bond election is general. However early they were. The Times carriers were too late for their patrons, who, after reading the headline summary, invariably exclaimed, "Thank God." Although Monrovia has potential water resources which, added to the present actual supply, will maintain a population of 25,000, there is an extensive foothill region between Pasadena and this city which in water difficulties must ultimately call upon Los Angeles for help. Notwithstanding intensive cultivation for a rural district, comparatively dense, it is fully realized that this section will ultimately be the home of thousands where now are hundreds. Monrovia and all the foothill towns among others will, beyond a doubt, be ready and willing to bear their proportionate expense burden when the time comes.

TROLLEY MAGNATE'S VISIT.

H. E. Huntington and several friends associated in the construction of the electric lines in Southern California arrived in Monrovia this morning on Mr. Huntington's private car. After a brief tour of the city, they were driven to Glendora, the terminus of the eastward Monrovia extension of the line now in progress.

LIFE-SAVER LOST IN HIGH SURF.

DEATH COMES AT VENICE BY ACCIDENT.

Member of Volunteer Crew Organized for the Protection of Bathers Is Thrown from Upsetting Boat and Efforts to Revive Him Prove Unavailing.

VENICE, June 12.—Charles P. Watson, a member of the recently organized volunteer life saving corps, was drowned in the surf near the Center-street pier this evening. The life savers were anxious to get into practice and be ready for the work awaiting them, and, pending the arrival of the life boats and apparatus, they were this afternoon taking their initial practice in the surf.

Having no regular life boat, they pressed a flat-bottomed dory into service and with this the members of the crew made several successful trips through the breakers and back to shore again. Several times the heavy swells upset the craft, but as the men who manned it were good swimmers, they succeeded in clinging to the boat and with it drifted ashore.

On the fatal trip the sole occupants of the boat were the unfortunate Watson and Andy Anderson. The boat made the trip through the breakers safely and proceeded as far out as the end of the pleasure pier. Then they started back and when about half way through the line of swells the dory was capsized.

The boat "turned turtle," upsetting both men into the surf. Watson, who is understood not to have been a swimmer, was thrown under the water by the boat and it was not until after many minutes that his body was seen again. Then he was floating face downward, at quite a distance from the scene of the accident.

Anderson remained near the spot where the boat capsized, but was unable to find any trace of his companion.

As soon as the location of the body was discovered, the members of the corps quickly recovered it from the water and then followed a heroic endeavor to save the ebbing life. Two physicians had been summoned and hope was not abandoned until after several hours' hard labor demonstrated that the task was useless. Restoratives were applied, stimulants were administered and the several expedients recommended in cases of this kind were tried, but all to no avail. Respiration could not be restored, nor could an action of the heart be stimulated, although the flush of life remained in the cheeks for several hours.

Watson, who was 36, came originally from Courtlandt, N. Y. He came to Venice last fall as a member of the Sells-Floto circus, being a bareback rider of considerable ability. He remained here throughout the season, appearing in the ring at each performance given on the Midway Plaisance, and at the society circus in the Auditorium. It was Watson who went into the ring over the ropes from his seat in the audience. He was, ostensibly, a rancher, and wanted to show the circus people how to ride the horses. Finally, mounting the back of one, he had a laugh-provoking experience, but finally stood on the horse's back and began to disrobe. At last, after casting off a dozen vests and numerous other garments, he was revealed in tights, and performed a bare-back riding act that never failed to bring a generous encore. When the circus left Venice last spring, Watson and his little wife remained and made their home here.

He went into the employ of the Abbot Kinney Company, and was among the plunge bath-house employés who were arrested a few days ago on a charge of malicious mischief. But the suit was dismissed when it came for trial, the object of the arrest having been to gain possession of the bath-house from the Kinney company. That having been accomplished, the charge was abandoned.

The volunteer life-saving corps, of which Watson was a member, was organized here last week. It expects within a few weeks to be thoroughly equipped with surf boats, catamarans, lifeboats, buoys, ropes, rafts, mortar guns and all needful paraphernalia. Several public entertainments have already been held as benefits for the life-saving fund, and several others are planned for the earlly future. The mortar gun has already been ordered, and plans for the lifeboats have been drawn. The practice had in the surf this evening was the first one attempted since the organization of the corps. The fact that it ended fatally has but stimulated the members of the crew to move with greater haste in securing the equipment which they require to make the service effective.

USES ROPE FOR SUICIDE.

Civil War Veteran Dies by Hanging Himself to Hay Hook in Cottage in Sawtelle.

SAWTELLE, June 13.—Suicide at 75 years of age was the fate of Albert C. Van Epps, a Civil War veteran who had membership in the Soldiers' Home and had been making his home in Sawtelle for the past five years.

His body was found dangling against the wall of his bedroom in the family residence at the corner of Seventh street and Colorado avenue this afternoon.

The act was evidently done deliberately and after much thought, as the unfortunate man had been a sufferer from disease for many months. He secured a hay hook and making it fast to a projection of the wall tied a rope to the hook. Standing upon a box he tied the rope about his neck and kicked the box from under him. He had been dead two hours before the body was discovered.

Van Epps was a member of Co. D, Twentieth Iowa Volunteer Infantry, and a native of Schenectady, N. Y. He was admitted to the home from Artesia in 1901. His children are his sons Charles C. and G. E. of Sawtelle, a daughter, Mrs. T. O. Breeden of Los Angeles, and sons L. A. Van Epps of Omaha, Neb., and B. L. Van Epps of San Diego.

COVINA.

COVINA, June 13.—The Covina High School will graduate this year one of the largest classes in its history. The programme of commencement week will open on Friday. It includes the following: Faculty reception to class 1907, Friday, 8m p.m.; class sermon, Christian Church, Sunday, 8 p.m, by Rev. H. W. White; grammar school graduates received, High School auditorium, Monday, 1:15 p.m.; junior reception to seniors, Reed's Hall, Monday, 8 p.m.; annual meeting of student body, High School auditorium, Tuesday afternoon; class-day exercises, High School auditorium, Wednesday, 8:15 p.m.; Philomathian Literary Society, presentation of class ping, High school auditorium, Thursday, 2:30 p.m.; commencement, Woman's Club House, Friday, June 21, 8:15 p.m.; alumni reunion, Saturday evening.

FIRE SALE

BUY PAINT NOW

RAISE PRICES ON MEALS.

Long Beach Restaurant Men Go Into Combine for Advance of Schedules.

LONG BEACH, June 13.—Patrons of local restaurants are growling loudly and deeply tonight over the announcement that beginning next week prices will be raised all along the bill of fare. A meeting of a dozen eating-house proprietors was held last night and a committee was appointed to arrange a new card. The prices of "ham and," "spuds" and hot cakes will all be given a gentle boost.

The restaurant men say that the price of every artilcle used in feeding the public has advanced from 25 to 50 per cent in the past year, rents have doubled and the wage scale increased. The increase, they say, will not be exorbitant, but this does not satisfy their patrons who see no hope of relief by changing as every restaurant is in the combine and will charge the same advance.

SEASHORE BREEZES.

Mayor Downs says the Board of Trustees is in hearty accord with the Y.M.C.A. Law and Order League, and with this backing intends to give Long Beach a thorough cleaning up. The Mayor expects to devote a great deal of his time personally to the renovation.

Dr. Austin Blyes, a local veterinary, has just finished a three weeks' inspection of the 150 cows belonging to George H. Bixby which furnish the milk distributed by the Glen Holly Dairy Company. Tuberculosis was discovered in five animals, which were immediately killed. The cows showed no outward signs of disease, but responded to the fever test. The inspection was made at the request of the owner.

A diamond ring found on the beach three weeks ago by Officer Frank was identified today by George Boesker of Los Angeles as his property.

Fifty-five bents of piling have been driven on the west jetty at the mouth of the San Gabriel River, extending the work 360 feet into the ocean, half the length of the contemplated work. On Friday workmen will begin placing the sheathing ready for the dumping of rock. The top of the jetty will be seventeen feet above the water at high tide.

Capt. Art Paschall of the launch Eagle yesterday shot a white sided porpoise, a rare specimen of the kind, but it sank wounded into the depths and did not again come to the surface.

W. H. Miller, a ferryman at San Pedro, has applied to the City Trustees for a landing at West Long Beach. He says the railroads claim all the frontage and will allow him no place. The city owns nearly 200 feet of frontage near the old canning factory and the Trustees have instructed the City Attorney to investigate Miller's complaint.

The Fourth of July celebration here this year will be in the hands of the Spanish War Veterans of Southern California. A parade in the morning, a basket dinner on the beach, a programme of sports in the afternoon and a fireworks display at night will be among the features.

Capt. H. S. Carver of the Western Boat Works has secured a contract to build ten pontoons for the new dredger of the Los Angeles Dock and Terminal Company. The Fulton Company expects to complete the hull of the new vessel in thirty days.

While operating a sausage machine today Miss Jane Lessing caught her finger in the knives, which mangled it so badly that amputation was necessary.

William Lee Wilson, aged 36, died last night. He was a native of Mississinoi and had lived in California twenty-five years.

OILED ROADS DON'T SUIT.

Fruit Ranchers About Pomona Raise Objection to That Kind of Highways.

POMONA, June 13.—The City Trustees are investigating the character of the different grades of gravel deposits found in the nearby foothills with a view to using gravel for roadbed making in future, instead of heavy oil to which considerable objection is being made especially by the ranchers who have heavy loads of fruit to market.

The rainfall here yesterday amounted to .17 inch.

Miss Barbara Greenwood, supervising principal of the local kindergartens will have charge of the general arrangement of the new kindergarten building to be erected on North Park avenue.

The general committee on county division is preparing much statistical literature for distribution in the neighboring communities, at the county division headquarters here.

The music and art section of the Pomona Ebell held the last meeting for the year at the home of Mrs. Charles Lond on Holt avenue, yesterday afternoon. A musical programme was rendered.

Carl H. Lorbeer has been elected assistant manager of the local Home Telephone Company.

EDITOR UNDER ARREST.

Ocean Park Man Is Taken Into Custody by Deputy United States Marshal.

OCEAN PARK, June 13.—Alvah W. Layne, editor of the Western Magazine, and business manager of the Evening Journal, was this afternoon placed under arrest by Deputy Franklin from the office of the United States Marshal. The charge is perjury, and grows out of Layne's affidavits in connection with the entry of the Pacific Flyer magazine into the United States mails as second-class matter. The arrest was made on six specific charges of false statements in connection with the circulation of the magazine. Frederick Bennett, who was employed by the Flyer during the early weeks of its life, but who was later discharged, is responsible for the prosecution, he having taken the matter up with the postal inspectors, who have been on the case for several months. The Flyer was recently merged into the Western Magazine, and has since been appearing under that name.

BATHER IS RESCUED.

Pierre Fountaine of Los Angeles, while in bathing this afternoon, went beyond his depth, and, finding his strength leaving him, cried for help. The surf was heavy, but guards from the bath-house were prompt in their response and rescued him before he had been bruised by being thrown against the pier, toward which he was drifting.

The sea was unusually rough this afternoon, and bathers who went into the surf were cautioned against venturing out too far. The waves were breaking heavily, and the lateral currents formed as the waters rushed about the piers were enough to baffle even the most expert swimmers.

RIVERA.

RIVERA, June 13.—The Rivera Fruit Exchange sent a car of oranges to Honolulu this week. The fruit was of fine quality, of extra large sizes, and brought a good price.

Members of Rivera Lodge of Foresters, are planning for a strenuous Fourth, this year. Their plans include a community picnic, for their Rivera friends. The celebration is to take place on the shores of the San Gabriel River, about two miles north of this place.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

RECALL WINS, CONTEST SLIGHT.

COUNCILMEN LOSERS IN SAN BERNARDINO.

Heads of the Two Hold That the Election of Yesterday Was Illegal Process to Raise This Issue in Courts—Fourteen Years for Thomas Porter.

[SPECIAL WIRE TO THE TIMES.]

SAN BERNARDINO, June 13.—[Exclusive Dispatch.] The special municipal election today resulted in recalling Councilmen Woes of the Fourth ward and Councilman Cole of the Third.

Mayor Ingraham was elected to the office by a majority in the Third ward, and J. D. McDonald over Cole by a majority of seventeen. There was no systematic campaign on behalf of Cole and Woes.

The recall was a heavy vote in the wards of the old Councilmen, showing that the election was illegal. They propose to make a fight in the courts. Senator Works has been retained for this purpose.

FOURTEEN YEARS.

Thomas Porter of Riverside this morning embraced Cornelius Bowman for ten years in the penitentiary. Porter was a Pullman porter. He was convicted of attempted criminal assault upon Mrs. Alice Ray of Riverside. In the first trial seven of the jurors stood for acquittal. The second resulted in a quick conviction. Porter denies his guilt, and says he will make every effort to obtain a reversal by the Supreme Court. Many of Los Angeles negroes have come to themselves in his case, and money is being raised to carry the matter to the higher courts.

GAS COMPANY SUES.

Damages of the recent destructive fire which reduced two of the packing-houses, was heard when the Rialto Orange Company filed a suit against the California Gas Union to recover $7730.10 for the plaintiff corporation the destruction of its packing-house. The complaint alleges that the defendant was negligent in not having provided the sweating tents in the Citrus Union lemon house with which employes of the defendant had been careless, and that all the fires under the tents were extinguished before the building. The Rialto Packing Company is a Gregory concern, and it is stated that another suit will be instituted by Gregory to recover the loss of his crop, which was valued at $5000.

THREE DEMURS.

The Southern Pacific Company has filed in the Superior Court demurrers to twelve complaints instituted by Administrator Bradley of the estates of the twelve killed in the Overland wreck last March, to recover damages amounting to $240,000. The demurrers are on the ground that the plaintiff has not the capacity to sue, and that the complaints do not include facts closely related to the death of the alleged heirs at law, even if they are so closely related they have suffered any damage by reason of the deaths of the deceased. The company's apparent intention is to employ every technicality to delay the damage proceedings. The outlook is that a settlement will be affected for years.

RIVERSIDE NOTES.

Judge Thompson this afternoon heard evidence in the action against the City of Riverside, to recover on a promissory note for $160,000 dated July 5, 1903. The San Jacinto Land Company has brought suit to quiet title against Jane Gage, his wife, the Counties Investment Company, and others to secure title to Riverside lands sold to Gage for the same purpose.

Mrs. Baldwin arrived from Redlands with Jack Richmond, who is under $2000 to answer to a charge of burglaries committed last week. Richmond is a burglar, ransacked the Baldwin and other places, getting considerable plunder. All the loot was found by Baldwin and Deputy Sheriff Jamison. Richmond has confessed.

BUILDING IN ONTARIO.

Business and Residence Blocks Going Up in Valley Town.

ONTARIO, June 13.—Building operations are quite active here, both in business structures. E. Y. Hughes is to erect a modern business block on West A street between Euclid avenues. It will be of pressed brick. Foundations are to be constructed for only one of which will be built. The building will contain rooms, one of which will be fitted up for the use of the post will approximate $7000. Canadian Construction Company is building a garage and store on West A street, of reinforced concrete. The building will be 100 feet on the foundations are now in place. The building will be on hall, which is being built on the east side of Euclid avenue between C and D streets. The building is to be 50 feet, will be of concrete blocks and will cost about $7000. The Pacific Electric Railway has given notice that it will soon to commence work in addition to the new depot on Euclid avenue. Among the buildings in the course of construction is a fine new modern house on the corner of C. B. Martin on the corner of Euclid avenue and G street. Cleveland & Blocker are building a house for James Taylor is to erect a two-story house on Euclid avenue, located on the corner. The house will contain eight rooms and will cost about $7000. The Misses Bonnie completed a modern house on Euclid avenue, between G and H streets. E. H. Richmond is to erect a modern two-story house on East F street, between G and H streets. K. C. Podgett is to erect a fine residence on the corner of Euclid avenue and G street, to cost about $9000.

EVENTS.

Contract was let by Tuttle & Russell for several arranges between A and B streets to J. C. Noble of Pomona for $6000. The property was sold for $2000, and has since been sold up to $2000 more, the highest price yet realized for property situated off the main thoroughfares.

Nearly two-thirds of the crop of navel oranges, on Euclid avenue, to S. J. Urry of Imperial, for a stated consideration of $4000.

The Ontario High School students have elected the following officers: Jas. Paulin, '10, president; Miss Mary Craig, '08, vice-president; Harold Caldwell, '09, secretary-treasurer.

Autoists' paradise—Hotel del Coronado.

UPLAND.

UPLAND, June 13.—Another meeting for the purpose of considering sites, etc., for the proposed new school building for Upland, will be held at Odd Fellows' Hall, Friday evening, at which time some definite action will, no doubt, be taken, and the board instructed in the matter. There is a general feeling in favor of setting aside between $30,000 and $35,000 for the site and building. It is believed that this sum should provide quarters that will, in all probability, answer the needs of Upland for a good many years.

CHOOSE RIALTO BANK SITE.

RIALTO, June 13.—At a meeting of the stockholders of the newly-organized First National Bank of Rialto, last evening, the subscribed stock of $25,000 was paid up. A site, 35x120 feet was chosen for a bank building, on the southeast corner of the grounds of Hotel del Rialto, and was purchased of William Buxton for $1250. A building committee composed of Tom Keefe, E. D. Roberts, J. C. Boyd, Frank Slade, and Thomas Moffatt was appointed.

BULGIN SUED ON NOTE BY BANK.

SANTA ANA INSTITUTION ASKS EVANGELIST TO PAY.

Four Other Defendants in Suit Brought by Financial Concern for Settlement of Loan of Five Thousand Dollars Alleged to Have Been Made.

SANTA ANA, June 13.—Evangelist E. J. Bulgin, is one of five defendants in a suit brought today by the Commercial Bank of Santa Ana for judgment on a note. On July 12, 1906, Evangelist Bulgin, Charles R. Campbell, John R. Gardiner, J. E. Nelson and C. C. Osborne borrowed $5000 from the bank as capital with which to promote a mining company in which they were interested. This note became due October 12, and it bore interest at 7 per cent. According to the complaint filed today by Attorney E. E. Keech for the bank, $1907.40 has been paid on the principal and $195.81 interest, and there is now due the bank $3216.65. Judgment is asked for $150 attorney's fees.

Soon after Evangelist Bulgin was awarded damages for injuries received in a railroad accident, he is alleged to have told Cashier G. J. Mosbaugh of the bank that he would be in the next week and meet the note, but the note is said to have not been met. The five men who signed it have sold stock in their companies to other persons.

Campbell, who is one of the defendants in the suit, is the man who gave Evangelist Bulgin an automobile after Bulgin had converted him at a meeting held here several years ago. Gardiner, Nelson and Osborne are Los Angeles men.

ORANGE COUNTY BRIEFS.

A marriage license has been issued here to George Franklin, aged 31, and Amy A. Buck, aged 32, both of Long Beach.

Suit for divorce has been brought by Mrs. Annie L. Torrey against Charles E. Torrey. Last Saturday Mrs. Torrey ran terrified from her beautiful home on East Seventeenth street, it being alleged that her husband in a fit of anger had smashed furniture and crockery and torn the telephone from the wall. Mrs. Torrey asks for judgment confirming her title to the orange orchard and home, and asks the custody of her daughter.

Lamkin Hunter, a thirteen-year-old boy who has run away from home four times, and wandered over almost all of Southern California, was this morning committed to the State School at Whittier by Judge West of the juvenile court.

The Orange County Horticultural Commissioners today petitioned the Board of Supervisors to put all plants, nursery stock, trees and fruits of Yuba county under quarantine. The reason was given in a resolution to the effect that the Florida white fly has appeared in the orchards of Yuba county.

A Japanese company, behind which, it is said, are Stockton Japanese who last year gained much fame by cornering the potato market, is reported to have bought a 235-acre tract a mile west of Santa Ana from a syndicate composed of M. E. Miller of Los Angeles and Robert McFadden of Santa Ana and C. L. Flack of Stockton. This tract has almost the entire use of a stream of 100 inches of water. The Japanese will make out of the ranch an ideal vegetable garden.

Go to Coronado by auto.
East or West—Coronado is best.

DESERT INDIANS' PROGRESS.

Excellent Use Is Made of Flowing Wells by Red Men on the Reservations.

SAN JACINTO, June 13.—Indian Agent Wright returned from the desert yesterday. While in that country he let the contract for the sinking of three additional artesian wells for the Indians of the Augustine and Cabazon reservations. The desert Indians already have ten fine flowing wells and are making excellent use of the water, raising melons, vegetables, grain, etc., and competing favorably with the white ranchers.

The three new wells when completed will have gasoline engines to pump the water. A fine new school plant is just completed for the Martinez day school near Mecca, at a cost of nearly $4000. Agent Wright leaves today for the Tule River reservation, where he will begin the erection of a plant for the Tule River day school, which will be a duplicate of the one at Martinez.

GRAIN CROP TAKES MEN.

The gas company is obliged to employ boys in digging its ditches, as the grain crop and other work is taking all the men laborers. The gas company will not complete its work as soon as expected, as it is having trouble in getting pipe from the East.

Good auto roads to Coronado.

To Residents of San Francisco:

FINDS REDLIGHT SO WICKED.

Secretary of Anti-Saloon League Tells of Visit in Part of San Diego.

SAN DIEGO, June 13.—J. P. Smith, secretary of the Anti-Saloon League, has made public some of his observations of a recent visit to the redlight district of the city. He called at a dozen so-called "temperance" saloons, at all of which hard liquor was being dispensed over regular bars. The space in the center of the saloons was reserved for dancing.

All save one of the places had back doors leading to rooms occupied by women. There were men of all shades of color, white and brown predominating. Twenty-five or thirty men and women were gathered in each of the saloons, and all of them were having a loud time.

No police officers were encountered on the trip, which lasted about three hours. Apparently no attempt is being made to enforce the law against selling liquor without a license, or the law against places of evil resort. A Councilman was found at one of the bars, drinking, and afterward he was seen in a corner of the room taking a fatherly interest in one of the women. In closing his report, Mr. Smith says: "If the proper officials do their whole duty in this respect, there will be no opportunity for a lot of maudlin fools to shout about the Purity League butting in."

FOR RIGHTS OF WAY.

John D. Spreckels announces that $1,250,000 has been expended for rights of way and in actual construction work for the San Diego and Arizona Railroad Company. He also says that actual construction work will be commenced in San Diego as soon as all the rights of way have been secured. It is expected that this will be accomplished soon. Mr. Spreckels has made an inspection of the construction in the country, particularly at Carriso Cañon, where work preparatory to the laying of the rails is being done. The work will give the company legal control of the pass, which is to be used as an entrance to the desert, and will facilitate the building of the tunnels. All the controlling points in the cañon are being graded, the surveying parties working eastward and westward from the cañon. Another surveying party is working below the international boundary, between Jacumbo Pass and Tia Juana.

FOR MORE SCHOOLS.

With the bond and sale of lands, money voted in yesterday's election, $250,000, the City Board of Education will build sixteen-room school buildings at University avenue and Second streets, and Twelfth and E streets, and eight-room additions to the Logan, Sherman and Middletown schools. The original plans called for an expenditure of $300,000.

CORONA.

CORONA, June 13.—At a meeting of the City Trustees last evening, City Engineer Cuthbert Gully submitted to the board his estimate on cost of proposed municipal improvements thus: Stormwater drains, $55,307; street improvements, $13,750; sewer outfall, $10,500; sewer farm, $7000, or a total of $117,607. The City Engineer's estimate has been referred to Consulting Engineer H. C. Kellogg, of Santa Ana.

Vera, the 8-year-old daughter of Mr. and Mrs. Charles McCormick, died in Arlington this morning while undergoing an operation.

Margueritа Lopez, the little daughter of Pedro Lopez, died here yesterday.

OVER FIVE THOUSAND CARS.

That Number Is Passed in Shipments of Oranges from Riverside for Season.

RIVERSIDE, June 13.—Riverside orange shipments for the season have passed the 5000-car mark, with a large part of the Valencia crop still on the trees. For the past week the fruit has gone eastward at the rate of a car every fifteen minutes, counting nine hours as a working day. The shipments for the past seven days amounted to 231 cars, which is exceptionally large for June. The quality of the fruit is good as to flavor, size, color and smoothness. The car shortage troubles are at an end, and the railroads are not furnishing cars as fast as called for.

Mr. and Mrs. John Jahn, Jr., entertained at their home on Fourteenth street this afternoon in honor of their silver wedding anniversary, and a large number of the friends of the manager of the Riverside Fruit Exchange and his wife called during the receiving hour to offer congratulations. In the evening Mrs. Jahn entertained the P.E.Q. Society, of which she is a member. The decorations were profuse and pretty, and carried out the colors of the society, yellow and white.

Mrs. F. M. Heath gave an informal porch supper and musicale this evening at her home at No. 447 Orange street. Thirty of her friends shared in her hospitality.

The Adams-Johnson Drug Company, organized today with a capital stock of $20,000, has purchased the drug business of Heath & Morrison, which has been established for nearly a score of years and is one of the oldest business firms in Riverside. Both of the members of the old firm have been prominently identified with the commercial life of the city. Capt. Heath who is at the head of Company M, N.G.C., will go to San Francisco early in July ith the company to participate in the annual conclave of the State and national troops, but will not leave Riverside permanently.

VENTURA.

VENTURA, June 12.—Miss Eva Overton has been by the High School graduating class voted the leading member. As such she has been awarded the scholarship fund of the class, which it has been accumulating for several months. The fund amounts to over $300, and is for the purpose of helping along the most deserving pupil at some college. Miss Overton will, with the fund, purchase a scholarship at Occidental College in Los Angeles.

Greek section hands had a revolt at Benham station yesterday, and challenged the boss and the railroad company, and the whole United States to fight. Marshal Russell of this city went to Benham and gathered in the ringleader, and brought him here and jailed him. He slept all night in the bastile, and this morning was let loose, after paying a fine of $10.

The Sultan of Turkey has seventy-one titles, among them being "Abdul Hamid, the Eternally Victorious," "The Eternally Smiling," "The Eternally Invincible." "The Distributor of Crowns to the Heroes Seated on the Thrones" and "The Shadow of God on Earth."

MEN ONLY

I Cure the Cases that Others Cannot Cure

A bold statement, but just as true as it is bold. Not all cases that others fail to cure are curable by my methods, but fully ninety per cent. of them are. The way to learn whether your case is curable is to consult me. I know exactly what can be done in every instance. I ought to know this, for I have done nothing else other than treat men's diseases for twenty-five years. If your case is curable I will treat you. If it isn't I will not. If I treat you, and if you so desire,

I Will Wait for My Fee Until You Are Well.

DR. TAYLOR
The Leading Specialist

WEAKNESS

Weakness in men is comparatively a simple ailment and is but a symptom of local disorder, a congestion of an important nerve center. No stimulating treatment, whether internal or locally applied, can do more than excite temporary activity. By my system of local treatment I restore absolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor. This treatment is original with me, and is the only radical and certain cure yet devised.

VARICOCELE

Varicocele is a relaxation, knotting and twisting of the most vital blood vessels of the organic system. It stagnates the local circulation and interferes with the processes of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians resort to surgical operations and hospital treatment. I cure Varicocele in one week without operation, pain or detention from business. My cures are absolutely permanent and no ill effects whatever can follow my treatment.

I ALSO CURE ALL SPECIAL DISEASES OF MEN SUCH AS HYDROCELE, NERVOUS DEBILITY, BLOOD DISEASES, Etc

EXAMINATION FREE

I offer not only FREE Consultation and Advice, but to every man that comes to me I will make a careful Examination and Diagnosis without charge. No sufferer should neglect this opportunity to get expert opinion about this trouble. If you cannot call, write for diagnosis chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 1.

DR. TAYLOR & CO.

Men Who Are Complaining

If you are a weak, ailing man, stop and think what you could accomplish if you were strong and well—what a source of happiness good health and robust strength would be to you.

It takes more strength to be sick than well—it takes more strength to live under the conditions of illness than it does when in health.

All my life I have been studying this problem—curing complaints of men—restoring to strength weak, ailing men.

I know that I can quickly and surely restore you to health.

My immense practice, my large medical offices, are the result of cures—sure, certain. I can cure you.

My moderate fee covers medicines, and is clearly understood in advance.

A talk concerning your case will cost you nothing.

DR. MORTON

Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent I could almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last August I saw Dr. Miles' Nervine and Heart Cure advertised. I purchased to make one more trial, which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits alone, make a special point to recommend the medicine, and feel a sincere pleasure in knowing that several persons have been benefited through my recommendations."
A. E. MELTON, Ashville, N. C.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Yesterday's Forecast and Report.

U. S. WEATHER BUREAU, Los Angeles, June 13.—[Reported by A. B. Wollaber, Local Forecaster.] At 5 o'clock a.m. the barometer registered 30.00; at 5 p.m., 30.01. Thermometer for the corresponding hours showed 52 deg. and 68 deg. Relative humidity, 5 a.m., 82 per cent.; 5 p.m., 35 per cent. Wind, 5 a.m., northeast, velocity 3 miles; 5 p.m., southwest, velocity 22 miles. Maximum temperature, 70 deg.; minimum, 52 deg. Barometer reduced to sea level.

Weather Conditions. — The western storm area has moved east of the Rocky Mountains, and more settled weather prevails this morning on the Pacific Slope, under the influence of a high-pressure area which is moving inland over California. Light showers occurred quite generally yesterday in California and the Pacific Northwest, and light to moderately heavy rains fell in Utah, the Dakotas, Montana, and in the Central Mississippi Valley, the Ohio Valley and along the Great Lakes. Elsewhere, generally fair weather has prevailed. Sharp frost occurred in Southern Utah this morning. The high-pressure area advancing inland from the Pacific Ocean will cause fair weather and westerly winds in Los Angeles and vicinity tonight and Friday.

Forecasts.—Local forecast for Los Angeles and vicinity: Fair tonight and Friday; westerly winds.

SAN FRANCISCO, June 13.—Forecast: San Francisco and vicinity: Fair Friday; fresh west winds.

Sacramento Valley: Fair Friday, except showers in the mountains; warmer; brisk northerly winds.

San Joaquin Valley: Cloudy Friday, with showers in the Sierras; fresh north wind.

Los Angeles and vicinity: Cloudy Friday; fresh southwest wind.

Arizona: Fair Friday and Saturday.

LOCAL PRODUCE MARKETS.

The call session of the Produce Exchange will be held tomorrow morning at 10 o'clock. Exchange members will close their places at noon for the annual outing.

The active demand for fancy local ranch eggs keeps the 26c jobbing price firm, while a few eastern and local offerings are coming out of storage daily to supply bakers and other customers. Fresh arrivals of eastern eggs are reported. Receipts of local ranch eggs were 423 cases. Fifty dozen local ranch case count offerings were sold on "Change at 25 cents.

Butter receipts are comparatively light, grazing in the valleys and along the coast is becoming scarce. The second crop of alfalfa, favorable moisture conditions, and lower prices are forecasted. Some dealers continued to ask 60c for creamery extras yesterday, but the ruling price remained at 57½ cents. Predictions were made that 60c will be the fair quotation today.

New potatoes are a shade weaker in tone. Onions are steady. Coachellas are about all marketed.

The fruit market was fairly active for the middle of the week. Peaches were slightly weaker at $1.50@1.60 a box, with high-grade stock in big demand. Thompson seedless grapes were scarce at 2.50 a crate. Figs are in limited supply. Cherries sold well at unchanged figures. Dewberries and blackberries were firmer at 40@5c a basket. Watermelons were scarce. Cantaloupes continue in active demand. Apricots were in liberal supply, and weaker.

Garden truck was in strong demand, and prices were practically unaltered.

The Arbitration Committee of the Produce Exchange was elected yesterday, as follows: Walter McStay, J. Huber, Jay B. Jacobs, J. D. Simpson and A. E. Thompson. The Crescent Commercial Company has been made a member of the Exchange.

Notice to 'Change: Twenty-five boxes of fancy Crabtree-Missouri Pippin apples; 12 dozen hens; 50 dozen local ranch case count eggs.

The receipts of produce as reported for yesterday's exchange were as follows: Eggs, 423 cases; butter, 14,308 lbs.; cheese, none; potatoes, 208 sacks; onions, none; beans, none; sweet potatoes, none.

New York General Markets.

NEW YORK, June 13.—Wheat—After selling off nearly a cent during the forenoon, wheat turned active and strong in heavy covering and bull support. Prices shot up 2 cents from the low point, and were strongly sustained all the afternoon by less favorable crop news from the Northwest and reports of a large export business. Final prices were 1 to 1¼c net higher. July closed at 1.09; September closed at 1.06½; December closed at 1.03¾. Hops and hides quiet. Wool, strong. Petroleum, firm. Sugar, raw, quiet; fair refining, 3.31; centrifugal, 96 test, 3.81; molasses sugar, 3.06; refined, quiet.

Chicago Live Stock Market.

We Offer at Par and Accrued Interest the Unsold Portion of

$9,000,000

6% First and Refunding Mortgage Gold Bonds
of The

Long-Bell Lumber Company

of Kansas City, Missouri

This bond issue is a direct obligation of The Long-Bell Lumber Company, whose *total assets at a conservative appraisal amount to $25,510,293.23*, and is made for the purpose of refunding into one loan all of the outstanding bonds of that company and its subsidiary companies, together with practically all its floating indebtedness, and to place the company in an impregnable financial condition.

Dated May 1, 1907. Coupon Bonds, $1,000 and $500 each, payable as follows:
$250,000 each six months—November 1, 1907, to May 1, 1908.
300,000 each six months—November 1, 1908, to May 1, 1920.
325,000 each six months—November 1, 1920, to May 1, 1922.

Principal and Interest Payable at

Central Trust Co. of Illinois, Trustee, Chicago

Secured by about 275,000 acres of Virgin Long and Short Leaf Yellow Pine Timber Lands, owned in *fee simple*, containing over *3,300,000,000 feet* of merchantable pine timber, located in Calcasieu, Rapides and Sabine Parishes, Louisiana, and San Augustine, Angelina and Sabine Counties, Texas. Also about 100,000 acres of partly cut-over lands containing about *350,000,000* feet of pine and hardwood timber; seven large modern saw-mill plants with a daily capacity of *1,000,000* feet of lumber. *Our appraisal of the present cash market value of the property securing this bond issue is $19,261,167.00.* This appraisal does not include the value of the standing timber on the partly cut-over and hardwood lands covered by this mortgage, nor the value of the lands for agricultural purposes when the timber is removed.

The body of timber covered by this mortgage is one of the largest and finest tracts of pine timber lands under one ownership in the United States.

The mortgage requires, under careful restrictions, a deposit with the Central Trust Company of Illinois, Trustee, of *$3.50* per thousand feet for all timber manufactured into lumber. This will result in the payment of all of the outstanding bonds long before the timber covered by the mortgage has been exhausted, without taking into account any security afforded by the value of the saw mills and other property included under the lien of the mortgage.

The *net earnings* (profits) of The Long-Bell Lumber Company for the year ending January 1, 1907, after crediting stumpage account $4.00 per thousand feet, were *$2,330,488.25, over two and one-half times* the largest annual payment of principal and interest. The average net earnings (profits) of The Long-Bell Lumber Company for the past three years were $1,629,679.03, over three times the interest charge on this bond issue.

The Long-Bell Lumber Company has a *capital and surplus of $15,632,203.23;* has been established thirty years and possesses the highest credit.

Circular describing this issue, together with full information, will be mailed upon application to the undersigned.
Price of bonds, for long or short maturity, par and accrued interest, yielding six per cent.

29c For Pure Lisle Hose Worth 50c.

Pure lisle and gauze lisle in plain black; with high spliced heels and toes, double soles; have garter tops; are Hermsdorf dyed and made of pure lisle yarns.

15c Yard for Veiling Worth to 35c.

Tuxedo and fancy mesh, plain or dotted styles in all wanted colors; single or double net; some velvet or Chenille dotted in clusters or single.

49c For Purses Worth Regularly $1.00.

A good assortment of Seal grain leather purses; have four compartments and are leather lined; calf skin finished, fitted with excellent Mother of Pearl clasps.

$5.00 for Suits--Coats--Skirts Made to Sell at $10 to $15

Phenomenal Offerings for Friday's "Surprise" Sale. Positively Priced at Less Than Cost of Materials.

This will undoubtedly be one of the biggest "Surprise" sales we have ever featured; these suits, coats and dress skirts represent a special purchase by our New York office of all the canceled orders of one of the large Eastern manufacturers, whose customers, on account of the extreme weather conditions, were unable to accept the goods as ordered; the suits are regular $15.00 values, while the coats and skirts are made to sell at $10.00 and $12.50; we are featuring the entire lot Friday at, choice for suit—coat or skirt, at.....A

The Suits Only a few words as to description as you will only appreciate these offerings after having seen the garments; many of these suits are made of an excellent quality taffeta silk; others of fine woolen materials; are not skimpy as to cloth, but are cut amply full and nicely made and finished; the skirts are the latest models; there are only 35 suits in the assortment, so you will have to be one of the early shoppers.

The Coats

If you fancy a coat made of fine all wool covert cloth you will find it in this lot; or if you prefer one made of fancy materials, the price is just the same; these come in either box or fitted styles; also in this same assortment you will find some very pretty coats made of a splendid quality taffeta silk; are the popular Eton models; are coats made to sell at $10.00; choice of the lot at the price we have named.

The Skirts

The materials of which these handsome skirts are made would cost you more if purchased by the yard than we are asking for the garments ready-to-wear; some are made of the finest Panama materials; others are of fine, fancy woolen materials; are light weight and the most popular weaves; there are all wanted colors in the assortment and are the latest pleated models; on sale Friday only at this price.

69c For Gold Filled Bracelets Worth Regularly $1.00

A splendid assortment of pretty bracelets in the latest effects, set with rhinestones, amethysts, turquoise; are worth in any exclusive jewelry store $1.00; specially priced for Friday only.

35c For Veils Worth to 75c.

Chiffon, gauze and fancy Flirtation veils; are in lengths to 1½ yards; some with fine hemstitched border, others trimmed with lace, ribbon, or plaited chiffon and silk.

65c For the "Surprise" Bags Worth $1.00

Are something new; are made of a splendid quality Suede leather in the latest shades of tan and brown; are the most stylish and useful bags that are made.

Kimonos : Corsets

Two Special Surprise Offerings

50c

FOR KIMONOS WORTH $1.00

The assortment includes both long and short styles; are made of splendid materials in plain or figured patterns, some with belted waist, long sleeves and collars; others loose styles, three-quarter-length sleeves; are all neatly trimmed with either plain or fancy borders; every kimono is a regular $1.00 garment. Specially priced for Friday only.

50c FOR CORSETS AND GIRDLES WORTH REGULARLY 75c

The corsets are of fine summer nets and batiste; in all the newest models; suitable for any style figure, with or without supporters; trimmed with dainty laces and ribbons; the girdles are in pink, blue and white, of the best tape, and are splendid 75c values.

SECOND FLOOR

$1.50 for Women's Straight $3.50 and $5.00 Oxfords

Just 263 Pairs for Friday's "Surprise" Sale at..... **$1.50**

Positively the best shoe offering ever featured in the city; there are both "Oxfords" and "Gibson Ties" of patent and vici kid; have hand turned soles, patent tips or plain toes; L. X. V. heels, not a pair in the lot worth less regularly than $3.50 while many are straight $5.00 shoes; sides 2 to 6 in widths aa to c; also included are pink, blue, lavender and white canvas pumps with turned soles and covered Cuban heels; choice of the entire lot at $1.50.

$1.95 FOR WOMEN'S $3.50 SHOES.

GYMNASTIC EXHIBITION.

Polytechnic High School Girls and Boys Perform in Drills and on Apparatus.

Polytechnic Gymnastic Club gave its last exhibition of the year yesterday afternoon as part of the programme given in the Auditorium for visitors' day. Both the boys' and girls' clubs participated, the young women doing some of the best drilling ever seen in Los Angeles. The feature of the work done by the boys was the exhibition of ladder pyramids, in which new feats that have not been shown before were introduced. The programme given by the two clubs consisted of:

Part I—Apparatus work, Boys' Gymnasium Club; Indian club drill, Girls' Gymnasium Club.

Part II—Pyramid work, Boys' Gymnasium Club; drill, Girls' Gymnasium Club.

Next autumn the boys' club will resume practice with the opening of the term and will devote itself to the retention of the State championship, which it won on the recent northern trip by defeating Oakland, San José, Santa Barbara and other high schools. The county meet of the gymnasium clubs will be held in the fall, after the football season is over. In the spring the Poly boys plan to go on another trip to meet the northern teams.

Polytechnic's record is the result of but two years' of gymnasium training. O. S. Lowsley introduced the work and interest has steadily grown until the school now holds the gymnastic championship of the State. Next year the facilities will be increased by the addition of new lockers, and a swimming tank is expected within two years.

The members of the boys' club are assistants to Lowsley and conduct the various classes in the gymnasium. The list follows: Grover Adams, president; Clarence Bean, secretary; Ned Manning, John Clark, Edwin Bey, John Burke, William Neal, Joe Parks, Leonard Lindsey, Barrett Hanawalt, Will Beman, Dan Walberg, Arthur Burris and Harry Wilson.

The girls' club numbers sixteen members, with four assistants, as follows: Mary Ross, Hazel Janes, Emma Janes, Helen Hurd, Helen Charles, Jeannette Niederer, Grace Rouse, Eva Miller, Nellie Blair, Lena Blair, Ada Espee, June Thornburg, Marsha Forbes, Emily Bendel, Isabel Smith, Mary Meade; assistants, Helen Mayo, Isabel Smith, Gretchen Rebok, Margaret Cardell and Alberta Newman.

OPERATORS STRIKE?

Local Union Telegraphers Advised of Prospective Levy in Connection With Walk-out.

Advices received last night by local members of the Commercial Telegraphers' Union indicate that a strike of telegraph operators impends in the offices of the Postal and Western Union telegraph companies in New York City. Every member of the organization received a message to the effect that a strike assessment might be levied at any time in connection with a walkout of operators in Manhattan. There is no indication now that the strike, if ordered, will spread to Los Angeles, or to any other city.

The grievance in New York is based on the allegation that the Western Union particularly has failed to live up to an agreement to increase the salaries of its operators. An increase of 10 per cent. was promised to the employés, and this has been granted in Los Angeles and other cities, but it is claimed by operators in this city that the increase was granted to only a part of the men employed in New York.

While the men regularly employed received the 10 per cent. addition to their salaries, a large number of "extra" men, it is asserted by local members of the union, failed to gain any benefit. It is among them that the dissatisfaction exists. It is said that the great majority of them have decided to refrain from working until they are given the increase granted to the regular men.

In Los Angeles it is said the regular and "extra" operators alike have the benefit of the increase, and that they have no intention of stopping work. The only way that the effect of the prospective strike may be felt here will be in disputes between union operators here refusing to work on the wires with non-union men who may be employed in New York.

Further than to admit that they have received instructions from union headquarters to be prepared for a strike assessment, local operators say they know nothing of the intention of New York operators to leave their keys.

WED IN WHITTIER.

WHITTIER, June 13.—A very quiet wedding, the announcement of which came as a surprise to Whittier people, was that of Charles G. Warner, a wealthy oil man and heavy real estate owner here, and Dr. May Leonard of Chicago. Dr. Leonard's people were former residents of Livingstone county, New York, which was also the former home of the groom, although the bride and groom had never met till a few months ago in this city. Rev. Nicholas T. Edwards performed the ceremony. Mr. and Mrs. Warner will be at home after September 1 at the Ramona, in this city.

Invitations have just been issued for the marriage of Miss Myrtle Mabelle Gilman and Edward C. Butterfield of this city. The wedding will take place at the home of Capt. and Mrs. J. N. Davis at No. 111 South Newlin avenue, on the evening of June 27. Miss Gilman has for several years been one of the teachers in the public schools.

UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the office of the Postal Telegraph Company for Mrs. A. Schneiderberger, Curtis Lowell, Mr. Klersery, H. S. Hadsall, George Harper, A. F. Gresler, W. A. Fertig, F. D. Dillon, Mrs. J. A. Barton and Mrs. W. R. Baker.

Hill Tells Cause of Trouble.

NEW YORK, June 13.—That the government would be forced to lend its credit to aid the railroads was the statement made by J. J. Hill today. "The public, in its exasperation," said Mr. Hill, "will demand that the railroads provide more cars and lay more rails; the railroads will answer that they cannot—that their credit has been ruined. The government will be obliged to step in and lend its credit to remedy this deficiency. The end will lead to government ownership of roads. That would be a disastrous publican government. The trouble is that the people of the United States have not the capacity of the railroads are in so
